RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be.

BABU BRAJAMOHAN DUTT'S PRIZE ESSAY FOR NATIVE LADIES.

THE following subject has been selected for Babu Brajamohan Dutt's Prize Essay of Rs. 45 (fourty-five) for the year 1903-1904.

"The shortcomings of the existing system of female education in this country."

The conditions for the award of the prize are :—

(1) That the competition be open to all educated women, being natives of Bengal, without regard to age.

(2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.

(3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by the written declaration of the husband, parent, or guardian of the competitor, that to the best of his belief she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 31st July 1905, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Division at 12 Dalhousie Square, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate.

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

IRRIGATION DEPARTMENT.

The 17th January 1905.

No. 1—Notification.—In supersession of all previous notifications, it is hereby declared that, in exercise of the powers conferred on him by sections VIII and XIII of the Canals Act, V (B.C.) of 1864, the Hon'ble the Lieutenant-Governor of Bengal is pleased to appoint the Executive Engineer, Nadia Rivers Division, to be *ex-officio* Collector and Supervisor of the undermentioned lines of navigation from the date of publication of this notification:—

(1) The river Bhagirathi throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly.

(2) The river Hooghly from Nadia to its junction with the river Mathabhanga.

(3) The river Jalangi from the Ganges to Nadia.

(4) The river Bhairab from the Ganges to the Jalangi.

(5) The river Mathabhanga from the Ganges to its junction with the Hooghly.

(6) The river Ganges from Digha Ghat to Damukdia.

The above lines of navigation were notified under section II of the Canals Act, V (B.C.) of 1864, in Bengal Government Notifications Nos. 150 and 230, dated, respectively, the 18th June 1879 and 17th November 1902, and the Executive Engineer, Nadia Rivers Division, was appointed *ex-officio* Supervisor of the said lines of navigation under section XIII of the Act in Bengal Government Order No. 1991., dated the 27th January 1904.

No. 2, Notification.—In supersession of that portion of Notification No. 150, dated the 18th June 1879, which defines the limits of the toll-stations of the Nadia Rivers as follows:

"The following shall be limits of the different toll-stations:—

(1) *Swarupganj station, Bhagirathi river.*—On the north a line drawn across the river from the point at which the boundary of the Nadia Municipality meets the river. On the

south a line drawn across the river from the southernmost point of the village of Natun Bazar.

(2) *Jalangi river.*—On the north-east a line drawn across the river Jalangi from the eastern boundary of the toll-office compound. On the south the same as the southern limit of the Bhagirathi.

BABU BRAJAMOHAN DUTT'S PRIZE ESSAY FOR NATIVE LADIES.

THE following subject has been selected for Babu Brajamohan Dutt's Prize Essay of Rs. 45 (forty-five) for the year 1903-1904.

"The shortcomings of the existing system of female education in this country."

The conditions for the award of the prize are:—

(1) That the competition be open to all educated women, being natives of Bengal, without regard to age.

(2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.

(3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by the written declaration of the husband, parent, or guardian of the competitor, that to the best of his belief she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 31st July 1905, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Division, at 12 Dalhousie Square, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

BOARD OF REVENUE, L. P., CALCUTTA, *the 22nd December 1904.*

NOTIFICATION.

Shahabad. Arrah.

UNDER the provisions of section 9 of the Bengal Excise Act, VII (B.C.) of 1878, and with the sanction of the Board of Revenue, a distillery for the manufacture of spirituous liquors after the native process having been established at Arrah, in the district of Shahabad, it is hereby notified, in supersession of the notification, dated the 14th March 1887, published on page 173 of the *Calcutta Gazette* of the 16th idem, that from and after the 1st April 1905, within the following limits which have been fixed with the sanction of the said Board of Revenue, no such liquors, unless manufactured at the said Sadar Distillery, shall be introduced or sold without a pass from the Collector, and no still shall be constructed or worked, or spirituous liquors manufactured except at the said distillery.

The limits comprise and include all the villages situated in the Arrah thana, excluding the independent outpost of Sundes, and are bounded—

North—By the river Ganges;
South and West—By thana Shahpur;
South—By the Sundes outpost; and
East—By the river Sone.

E. B. HARRIS, *Collector.*

MARINE DEPARTMENT.

The 19th January 1905.

No. 5Marine.—The following Notification, dated the 16th December 1904, published by the Government of Ceylon, regarding the pearl fishery of 1905, is republished for general information.

D. B. HORN,
Secy. to the Govt. of Bengal.

CEYLON PEARL FISHERY OF 1905.

NOTICE is hereby given that a pearl fishery will take place at Marichchikaddi, in the Island of Ceylon, on or about February 20, 1905.

The banks to be fished are the South-West Cheval Paar, which is estimated to contain 3,500,000 oysters, sufficient to employ 200 boats for two days with average loads of 10,000 each a day; the Mid-East Cheval Paar, estimated to contain 13,750,000 oysters, sufficient to employ 200 boats for seven days with average loads of 10,000 each day. The North and South Moderagam, with 25,700,000 oysters, sufficient to employ 200 boats for thirteen days with average loads of 10,000 each day; the South Cheval Paar, estimated to contain 40,220,000 oysters, sufficient to employ 200 boats for twenty days with average loads of 10,000 each a day; each boat being fully manned with divers.

2. It is notified that fishing will begin on the first favourable day after February 19. Boat owners and divers should be at Marichchikkaddi by February 16.

3. Marichchikkaddi is on the main land, eight miles by sea south of Sillavaturai, and supplies of good water and provisions can be obtained there.

4. The fishery will be conducted on account of Government, and the oysters put up to sale in such lots as may be deemed expedient.

5. The arrangements of the fishery will be the same as have been usual on similar occasions. Persons attending the Fishery Camp from India will be permitted to travel to Ceylon by either of the following routes—(1) Tuticorin to Colombo or (2) Paumben to Marichchikkaddi—and by no other. Arrangements will be made as at the last fishery for travellers to proceed from Paumben direct to the Camp. The only restriction imposed on travellers by the Paumben route will be inspection by the Medical Officer at Paumben.

6. Drafts on the Banks in Colombo or bills on the Agents of this Government in India, at ten days' sight, will be taken, on letters of credit being produced to warrant the drawing of such drafts or bills.

7. For the convenience of purchasers the Treasurer at Colombo and the different Government Agents of Provinces will be authorized to receive cash deposits from parties intending to become purchasers, and receipts of these officers will be taken in payment of any sums due on account of the fishery.

8. No deposit will be received for a less sum than Rs. 250.

9. All communications regarding the fishery must be addressed to the Government Agent, Northern Province, Jaffna, Ceylon, up to the end of January, after which date they should be addressed to him at Marichchikkaddi.

By His Excellency's command,

A. M. ASHMORE, *Colonial Secretary.*

BABU BRAJAMOHAN DUTT'S PRIZE ESSAY FOR NATIVE LADIES.

THE following subject has been selected for Babu Brajamohan Dutt's Prize Essay of Rs. 45 (forty-five) for the year 1903-1904.

"The shortcomings of the existing system of female education in this country."

The conditions for the award of the prize are:—

(1) That the competition be open to all educated women, being natives of Bengal, without regard to age.

(2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.

(3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by the written declaration of the husband, parent, or guardian of the competitor, that to the best of his belief she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 31st July 1905, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Division, at 12 Dalhousie Square, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

CALCUTTA, A. PEDLER,

The 10th January 1905. *Director of Public Instruction.*

NOTIFICATIONS OF THE BOARD OF REVENUE.

NOTIFICATION—No. 609B.

IN exercise of the power conferred by the note appended to rule 10 of the rules promulgated by the Government Notification No. 3681S.R., dated the 1st August 1893, as subsequently corrected by erratum No 4343S.R., dated the 12th September 1893, the Board of Revenue, in continuation of their Notification, dated the 11th October 1893, publish the following Notification for general information :—

In Calcutta the licensed vendors of stamps at the Police Court and the Small Cause Court shall not be required to write at the time of sale the name of the purchaser and the date of sale on adhesive Court-fee stamps sold by them up to and inclusive of the value of one rupee. They must, however, affix their signature to such label or labels before delivery thereof to the purchaser. Provided that this relaxation of the rule shall not apply to those adhesive Court-fee stamps which are affixed to impressed sheets to make up fractions of less than Rs. 10 under rule 4 of the above rules.

No. 415.—The 30th January 1905.—In exercise of the powers conferred by section 37 of the Bengal Settled Estates Act, III of 1904, the Lieutenant-Governor is pleased to make the following rules, for the purpose of carrying out the provisions of the said Act :—

RULES.

1. Every application under sections 3, 13, 14 and 15 shall be presented to the Commissioner of the Division in which the whole or major portion of the estate is situated, who, after causing the errors or omissions therein (if any) to be corrected or supplied by the applicant, shall forward it to the Local Government with such remarks as he may think fit.

2. Every application under sections 3, 13, 14 and 15 shall be on water-marked paper, shall bear a court-fee stamp of one rupee, and shall be signed and verified as required by section 4, and in addition to the particulars specified in that section and section 5 there shall be set forth in it—

I.—The name, father's name and address of the applicant.

II.—The reasons for the application.

III.—A clear statement of the applicant's competency to contract, of the manner in which he is in possession of the estate and of his right therein, showing in particular whether the right is permanent, heritable and transferable.

IV.—A full statement of the provisions of the settlement which it is proposed to make, and, if there be a proposal for the appointment of a private trustee, a statement of the remuneration which it is proposed to reserve for him in the settlement.

V.—A brief history of the family of the applicant, together with a statement of public services rendered by the applicant or other members of the family. In addition to the declarations and draft deed of settlement required by section 5, the application shall be accompanied by such copies of title-deeds, sanads and other

papers as may be required by the Commissioner to furnish evidence in support of the statements in the application as to the right and possession of the applicant in the estate and of the public services rendered by him or other members of his family.

3. Every trustee appointed under the Act may reimburse himself or pay or discharge, out of the trust property, all expenses properly incurred in or about the execution of the trust or the realisation, preservation or improvement of the trust property, or the protection, support or education of the beneficiary and shall have a prior claim upon the trust property and its income for such expenses and interest thereon.

In the absence of express directions to the contrary contained in the settlement, a trustee shall have no right to remuneration for his trouble, skill and loss of time in executing the trust. The Collector when appointed a trustee shall receive no remuneration, but a rate will be levied on the trust property according to the provisions of Act X of 1892 (Government Management of Private Estates) and the rules thereunder.

4. The Collector in managing an estate attached by him under section 34, clause (1), shall be guided by the rules prescribed by the Board of Revenue for the management of attached estates so far as they may be applicable.

5. All expenses incurred by the Government in connection with proceedings under the Act up to the date on which the settlement takes effect shall be payable by the applicant for permission to make the settlement, and any expenses incurred after the settlement takes effect shall be payable by the applicant or by the tenant of the estate at the time the expenses were incurred, as the Local Government may direct.

And such expenses, if not paid on demand, may be recovered under the provisions of the Public Demands Recovery Act.

No. 478.—The 31st January 1905.—The following paper is published for general information:—

A. EARLE,
Secy. to the Govt. of Bengal.

Extract from a letter from the Government of Bengal, General Department, to the Commissioner of the Burdwan Division, No. 378, dated 26th January 1905.

PARA. 1. I am directed to acknowledge the receipt of your letter No. 917L.S.-G., dated the 14th December 1904, and enclosures, on the subject of the offer made by Babu Sati Prasad Garga, of Maisadal, of a donation of Rs. 20,000 for the erection of a hostel in connection with the College at Midnapore which is under the management of the Municipality of that place. The conditions attaching to the gift are that the hostel should be called "The Maisadal Luson Coronation Hostel" and that Government should present the land and also the bricks and surki required for the construction of the hostel building.

2. In reply, I am to say that the Lieutenant-Governor is pleased to accept the donation, and to request that you will be so good as to convey His Honour's thanks to Babu Sati Prasad Garga for his munificent gift. Babu Sati Prasad Garga may be requested to pay the money into the Midnapore Treasury.

No. 480.—The 31st January 1905.—The following is published for general information:—

A. EARLE,
Secy. to the Govt. of Bengal.

(1) *Letter from the Director of Public Instruction, Bengal, No. 20, dated the 3rd January 1905.*

THE Administrator-General of Bengal intimates that he would send a sum of Rs. 5,000 in Government securities (*plus* Rs. 68-13-2, the accumulated interest), being the legacy payable to me as the Director of Public Instruction of Bengal in office, under the terms of the will of the late Babu Bolye Chand Dutt.

2. The amount is to be used for the creation of a Trust Fund, to be called the "Dutt's Scholarship Fund," and the annual interest on it is to pay a monthly scholarship for one year to the student who stands first in Literature in the Calcutta University Entrance Examination. The scholarship is to be denominated the "Dutt's Scholarship" and its value shall be Rs. 14 a month, or such sum as the income would allow.

3. I beg to recommend that the donation may be accepted and the necessary orders passed for the creation of the Trust Fund.

(2) *Letter from the Government of Bengal, General Department, in reply to the above, No. 434, dated the 27th January 1905.*

I AM directed to acknowledge the receipt of your letter No. 20, dated the 3rd January 1905, in which you report that the Administrator-General, Bengal, has intimated that he will send a sum of Rs. 5,000 in Government securities (*plus* Rs. 68-13-2, the accumulated interest), being the legacy payable to you as the Director of Public Instruction of Bengal in office, under the terms of the will of the late Babu Bolye Chand Dutt.

2. The amount is intended to be used for the purpose of creating a Trust Fund, to be called the "Dutt's Scholarship Fund," and the annual interest that will accrue therefrom is to be spent in paying a monthly scholarship, tenable for one year, to the student who stands first in Literature in the Calcutta University Entrance Examination. This scholarship shall be denominated the "Dutt's Scholarship" and its value shall be Rs. 14 per mensem, or such sum as the income will allow.

3. In reply, I am to say that the Lieutenant-Governor is pleased to accept the legacy. The Government securities should, under article 166 of the Civil Account Code, Chapter XI, be endorsed to the Comptroller-General.

The Accountant-General, Bengal, will be requested to open a Trust Fund, to be styled the "Dutt's Scholarship Fund," the Director of Public Instruction, Bengal, being its administrator.

No 10Marine.—In exercise of the power conferred by section 5 of the Indian Explosives Act, 1884 (IV of 1884), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to direct that for rules 1, 2 and 14 of the rules to regulate the transport and importation of explosives in the Port of Calcutta, which were published with this Department Notification No. 100Marine, dated the 14th August 1903, the following shall be substituted, namely:—

1. Except as is hereinafter provided for, no vessel shall have on board, within the limits of the port, any explosives, as defined in section 4, Act IV of 1884, except 2 storm or danger signals and 6 smaller lights of the same description, 24 blue lights, 12 rockets, and 24

detonating signals with friction tubes, or in lieu thereof, 24 one-pound charges of gunpowder for use in a gun. Detonators and their friction tubes to be stored separately. All explosives which vessels are by this rule permitted to keep on board in port shall be stored in all cases in separate, detached and completly enclosed magazines for *each* description of signals. The magazines should be kept in a house on deck and stowed or ranged as far apart as possible, so that in the event of fire they can be removed or thrown overboard.

All explosives which by this rule may be ordinarily retained on board vessels in port shall be discharged before a vessel is taken into dry dock.

2. All inward-bound vessels carrying explosives in excess of the signals of distress named in rule 1, are prohibited from proceeding above Budge-Budge, and the master of any vessel lying within the port, which shall have on board any explosives in contravention of these rules, shall be liable to a fine which may extend to the sum mentioned in clause (*a*) or clause (*b*), as the case may be, of the proviso to section 5 of the Indian Explosives Act, 1884.

14. Masters of vessels outward bound, who may require distress signals and ship's gunpowder for their outward voyage, shall not take such distress signals and gunpowder on board in any part of the river above Budge-Budge, with the exception of a quantity not exceeding that named and sanctioned in rule 1.

The second schedule above referred to.

1. The Treasurer of Charitable Endowments for the territories subject to the Government of Bengal shall stand possessed of the Government securities of which the particulars are contained in the first schedule above written upon trust to receive the interest thereon when and as the same respectively shall become payable and from time to time to apply the same in accordance with the conditions hereinafter contained to the maintenance of the hospital called or known as the "Raja Mohendra Lall Khan's (of Narajole) Zenana Hospital" established at Midnapore in the year 1899 on the premises described in the third schedule hereunder written.

2. The administration of the interest of the said Government securities shall be entrusted to the Managing Committee for the time being of the Pearce Hospital, Midnapore, as Trustees.

3 The Raja of Narajole or a representative duly nominated by him shall always be a member of the said Managing Committee of the Pearce Hospital.

4. The said Zenana Hospital shall be considered as amalgamated with the said Pearce Hospital, provided that the said Trustees shall apply the annual interest of the said Government securities exclusively in or towards the upkeep, maintenance and improvement of the said Zenana Hospital. The expenses of management shall include the cost of providing a Lady Doctor for attending on the patients and a proper and effectual staff for their nursing.

5. Any surplus which may remain of the annual interest of the said Government securities after application of the same in manner provided in clause 4 hereof shall be deposited by the said Trustees in the Post Office Savings Bank and may be applied by them for such purposes in connection with the said Zenana Hospital as they shall think fit or may be invested from time to time in—

(*a*) promissory notes, debentures, stock and other securities of the Government of India or of the United Kingdom of Great Britain and Ireland;
(*b*) bonds, debentures and annuities charged by the Imperial Parliament on the revenues of India;
(*c*) stock or debentures of or shares in Railway or other Companies, the interest whereon has been guaranteed by the Secretary of State for India in Council;
(*d*) debentures or other securities for money issued by or on behalf of any local authority in exercise of powers conferred by an Act of a Legislature established in British India;
(*e*) any security authorised by an order made by the Governor-General in Council under section 4, sub-section 3, clause (*e*) of Act VI of 1890.

In the event of any investment being so made, the same shall be transferred so as to vest in the Treasurer of Charitable Endowments upon the trusts declared in the above notification.

6. The Treasurer of Charitable Endowments may, with the sanction of the Lieutenant-Governor of Bengal, from time to time vary all or any of the investments for the time being vested in him upon the trusts declared by the above notification into or for others of a nature hereby authorised.

7. Subject to this notification the rules of the Government of Bengal for the time being in force relating to the management of charitable hospitals shall apply to the conduct and management of the said Zenana Hospital.

8. The said trustees shall cause to be affixed to and shall at all times maintain on the front gate of the said Zenana Hospital a suitable marble tablet bearing the words "Raja Mohendra Lall Khan's (of Narajole) Zenana Hospital"

The third schedule above referred to.

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—Notification.—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(a) the Sectional Officer, or
(b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(i) No lease for less than 10 acres shall be granted.
(ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:-

		Rs.	A.	
I.—Long leases, 16th June to 15th November	...	1	0	per acre.
II.—Season leases, 16th „ to 15th „	...	1	8	„ „
III.— Ditto, 16th November to 28th February	...	0	8	„ „
IV.— Ditto, 1st March to 15th June	...	2	0	„ „
V.—Water supplied to tanks ...	...	1	0	„ 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment or rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons, who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

We, the undersigned, of mauza , pargana , thana , apply for water to be supplied from distributary of the Dhaka Canal for a term of years, commencing on the 16th June and ending 15th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

(2) We agree that the amounts due shall be payable to the Collector of Champaran or to such person as he may appoint on the 1st January and 1st February, or if Rs. 10 or under on 1st January of each year, and shall be payable independently of our requiring water in any particular year or not.

(3) We also agree to be bound by the rules published in the *Calcutta Gazette* for , pages , Notification No. .

(4) We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any season lease which may have been granted shall be enforced.

(5) We agree that the areas and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

(6) Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—Notification.—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(a) the Sectional Officer, or
(b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

(i) No lease for less than 10 acres shall be granted.
(ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow :—

	Rs.	A.	
I.—Long leases, 16th June to 15th November .	1	0	per acre.
II.—Season leases, 16th „ to 15th „ .	1	8	„
III.— Ditto, 16th November to 28th February .	0	8	„
IV.— Ditto, 1st March to 15th June	2	0	„
V.—Water supplied to tanks	1	0	per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shalll be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows :—

(*i*) By the Divisional Canal Officer for errors in assessment of rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters :—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

WATER-RATE RULES FOR THE DHAKA CANAL.

[illegible]th *February* 1905.

6.—*Notification.*—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8 Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.
(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

		Rs.	A.	
I.—Long leases,	16th June to 15th November ...	1	0	per acre.
II.—Season leases,	16th „ to 15th „ ...	1	8	„ „
III.— Ditto,	16th November to 28th February ...	0	8	„ „
IV.— Ditto,	1st March to 15th June ...	2	0	„ „
V.—Water supplied to tanks	...	1	0	„ 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January, and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment or rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—Notification.—With reference to Notification No. 101, dated 19th Februa 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 36 and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C. 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rul and to fix the undermentioned rates to be charged for water supplied from the Te (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Su intending Engineer of the Gandak Circle. The Divisional Canal Officer is responsil maintaining the canal in an efficient condition, for the distribution of water to the les and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or

(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.

(*ii*) No lease shall be granted when the water must cross unleased land, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

		Rs.	A.	
I.—Long leases, 16th June to 15th November	...	1	0	per acre.
II.—Season leases, 16th „ to 15th „	...	1	8	„
III.— Ditto, 16th November to 28th February	...	0	8	„
IV.— Ditto, 1st March to 15th June ...	...	2	0	„
V.—Water supplied to tanks	...	1	0	per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment of rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall such have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29 The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

Members ...	Mr. E. Henry, of Messrs. Blackwood & Co. Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co.
(1) Examiners in English	Mr. F. H. Stewart, B.A., Oxford, Lecturer, C Class, Presidency College. Revd. Mr. Wann, Principal, General Assembly's Institution.
(2) Examiners in Mathematics	Babu Gouri Sankar De, Professor, General Assembly's Institution. Babu Sarada Prasanna Das, Professor, Presidency College.
(3) Examiners in Physics and Chemistry and Physiography.	Mr. J. A. Cunningham, Professor, Presidency College. Mr. H. H. Hayden, Lecturer on Geology, Presidency College.
(4) Examiner in Commercial History and Geography.	Babu Binoyendra Nath Sen, Professor, Presidency College.
(5) Examiner in Drawing and Penmanship.	Mr. Havell, Principal, Government School of Art.
(6) Examiners in Book-keeping, Shorthand and Typewriting.	Papers to be set by the teacher in these subjects in the Presidency College; the papers to be approved by Mr. E. Henry, of Messrs. Blackwood & Co., and Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co. who will act as Moderators in the subjects in No. 6.

This will form a Board of Examiners consisting of a President and 11 members.

There shall be separate papers or examinations in (1) (*a*) English, including Grammar and Composition, (*b*) English correspondence, including Commercial correspondence, and (*c*) Letter-drafting and Précis-writing; (2) (*a*) Arithmetic and Algebra, (*b*) Geometry, Trigonometry and Conic Sections; (3) (*a*) Physics, (*b*) Chemistry and (*c*) Physiography; (4) (*a*) Commercial History, (*b*) Commercial Geography; (5) Drawing and Penmanship; and (6) (*a*) Book-keeping, (*b*) Shorthand and (*c*) Typewriting.

The papers be will prepared by the Examiners on the subjects as noted above, and in the case of more than one Examiner under each heading the members belonging to this section are to set the papers in that section in consultation with each other.

After setting, the papers should be laid before the whole Examining Board with a view to obtain the advice of the mercantile members of the Board on the suitability of the questions.

Regulations in connection with the examination.

(*a*) No marks should be allotted for any subject or paper. It is intended that Examiners should judge each answer paper and each answer or each examination in a subject as a whole, and should not give a value for fractions of answers which may be right, while the remainder of the same answers may be wrong or even absurd. The answer paper of each candidate should, after due consideration of both good and bad points in the answers, be placed in one of three classes—Good, Fair, and Bad—and marked accordingly by the Examiner.

(*b*) No student will be declared to have passed the examination unless he obtains the classes of 3 good papers and 2 fair papers in the two subjects—English and Mathematics (*i.e.*, it may be English 2 Fair and Mathematics 3 Goo[illegible] English 3 Good and Mathematics 2 Fair) in addition to passing as requir[illegible] the following rules:—

(*c*) To pass the full examination and to obtain the certificate of having passed [illegible]lly the Commercial Examination of the Presidency College in the pape[illegible] or examinations in the other subjects 3 to 6, three papers only may be c[illegible]ssed as belonging to the bad class and the remainder must be either Fair or Good. Of these one must be in Book-keeping, Shorthand or Typewriting, and t[illegible]s will be specified in the certificate.

(*d*) If a student passes as required under (*b*) in English and Mathematics and submits papers which are classed as Fair or Good in all the subjects in any two of the groups 3, 4, 5 or 6, he can obtain a certificate to that effect in a form different from the full certificate alluded to in (*c*). No certificate shall be issued for merely passing in the subjects of English and Mathematics.

(*e*) The examination will be under the general direction of the Principal of the Presidency College, who will make all the necessary arrangements and who will consult the Board of Examiners in any case where it is necessary. The Principal will submit the results of the examination as declared by the Board of Examiners to the Director of Public Instruction with a report on the examination and with any reports or suggestions as to any suggested improvements of the arrangements or examination which may be made by the Examiners.

(*f*) Candidates for the examination must send in their names to the Principal of the Presidency College on or before 15th March 1905, accompanied by a fee of Rs. 5, which will not in any case be refunded.

(*g*) The question papers must be sent to the Principal of the Presidency College in double sealed covers on or before 30th March 1905. The answer papers should be sent direct to the Examiners under double sealed covers.

(*h*) The papers set by the Examiners should be such as can reasonably be expected to be answered by the candidates within the time allotted for the examination.

(*i*) The questions in each subject shall be fairly distributed over the whole course in that subject.

(*j*) Candidates should be warned that if the answer papers are not legibly and neatly written or prepared, they will not be examined, and Examiners are requested either to reject or class as Bad papers which show carelessness or slovenliness or really bad work.

(*k*) The examination will be held on the dates and hours and in the order noted below:—

DECLARATION.—By the Government of Bengal, Revenue Department.

No. 926 —The 20th February 1905.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Choitodih siding of the East Indian Railway Company in Jherria, in the district of Manbhum, and whereas coal mines are situate under the said land, and whereas the Lutchipore Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that they intend to work or get the mines or minerals lying under the siding, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the Lutchipore Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the Lutchipore Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

No further drivings or excavations shall be made or coal extracted to the north or west of the red line marked y. z. shown on the plan marked L. A. M. A. No. 28. To the south and east of the said red line y. z. the galleries shall not be more than 12 feet high and 12 feet wide with centres not less than 40 feet apart. Manholes not exceeding 5 feet high, 3 feet wide and 4 feet deep may be made if required by General Rule 8 of the Indian Mines Act.

And that no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 28 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India.

A. EARLE,

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—Notification.—With reference to Notification No 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the order of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 11, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(a) the Sectional Officer, or

(b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8 Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions :—

(i) No lease for less than 10 acres shall be granted.

(ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

[illegible] Water for filling tanks may be supplied when available for cash paid in advance; the [illegible] into the tanks may be used for irrigation or any other purpose (Forms of applic[illegible] permit are given in Appendices V and VI).

12. [illegible] may be supplied by measurement through a permanent outlet, when the working [illegible] of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

			Rs.	A.	
I.—Long leases,	16th June to 15th November	...	1	0	per acre.
II.—Season leases,	16th „ to 15th „	...	1	8	„ „
III.— Ditto,	16th November to 28th February	...	0	8	„ „
IV.— Ditto,	1st March to 15th June	...	2	0	„ „
V.—Water supplied to tanks	...	...	1	0	„ 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment or rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the ar[illegible]sessed. The Divisional Canal Officer may disallow this free irrigation and reco[illegible]ates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, [illegible]ance specified in rule 22 has not been efficiently rendered to the satisfaction of the[illegible] officers. The reasons for such disallowance are to be recorded in the list of cultivators' r[illegible]ntatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—Notification.—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or

(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.

(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, wh[illegible] working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow :-

	Rs.	A.	
I.—Long leases, 16th June to 15th November ...	1	0	per acre.
II.—Season leases, 16th „ to 15th „ ...	1	8	„
III.— Ditto, 16th November to 28th February ...	0	8	„
IV.— Ditto, 1st March to 15th June	2	0	„
V.—Water supplied to tanks	1	0	per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shalll be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment of rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultvators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

NOTIFICATION.

CONSTITUTION OF THE BOARD OF EXAMINERS FOR THE PRESIDENCY COLLEGE, CALCUTTA, FINAL COMMERCIAL CLASS EXAMINATION TO BE HELD IN APRIL 1905.

President	Principal of the Presidency College.
Members	Mr. E. Henry, of Messrs. Blackwood & Co. Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co.
(1) Examiners in English ...	Mr. F. H. Stewart, B.A., Oxford, Lecturer, C Class, Presidency College. Revd. Mr. Wann, Principal, General Assembly's Institution
(2) Examiners in Mathematics ...	Babu Gouri Sankar De, Professor, General Assembly's Institution. Babu Sarada Prasanna Das, Professor, Presidency College.
(3) Examiners in Physics and Chemistry and Physiography.	Mr. J. A. Cunningham, Professor, Presidency College. Mr. H. H. Hayden, Lecturer on Geology, Presidency College.
(4) Examiner in Commercial History and Geography.	Babu Binoyendra Nath Sen, Professor, Presidency College.
(5) Examiner in Drawing and Penmanship.	Mr. Havell, Principal, Government School of Art.
(6) Examiners in Book-keeping, Shorthand and Typewriting.	Papers to be set by the teacher in these subjects in the Presidency College; the papers to be approved by Mr. E. Henry, of Messrs. Blackwood & Co., and Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co. who will act as Moderators in the subjects in No. 6.

This will form a Board of Examiners consisting of a President and 11 members.

There shall be separate papers or examinations in (1) (*a*) English, including Grammar and Composition, (*b*) English correspondence, including Commercial correspondence, and (*c*) Letter-drafting and Précis-writing; (2) (*a*) Arithmetic and Algebra, (*b*) Geometry, Trigonometry and Conic Sections; (3) (*a*) Physics, (*b*) Chemistry and (*c*) Physiography; (4) (*a*) Commercial History, (*b*) Commercial Geography; (5) Drawing and Penmanship; and (6) (*a*) Book-keeping, (*b*) Shorthand and (*c*) Typewriting.

The papers be will prepared by the Examiners on the subjects as noted above, and in the case of more than one Examiner under each heading the members belonging to this section are to set the papers in that section in consultation with each other.

After setting, the papers should be laid before the whole Examining Board with a vi[illegible] to obtain the advice of the mercantile members of the Board on the suitability of [illegible] questions.

Regulations in connection with the examination.

(*a*) No marks should be allotted for any subject or paper. It is intended that Examiners should judge each answer paper and each answer or each examination in a subject as a whole, and should not give a value for fractions of answers which may be right, while the remainder of the same answers may be wrong or even absurd. The answer paper of each candidate should, after due consideration of both good and bad points in the answers, be placed in one of three classes—Good, Fair, and Bad—and marked accordingly by the Examiner.

(*b*) No student will be declared to have passed the examination unless he obtains the classes of 3 good papers and 2 fair papers in the two subjects—English and Mathematics (*i.e.*, it may be English 2 Fair and Mathematics 3 Good, or English 3 Good and Mathematics 2 Fair) in addition to passing as required in the following rules:—

(*c*) To pass the full examination and to obtain the certificate of having passed fully the Commercial Examination of the Presidency College in the papers or examinations in the other subjects 3 to 6, three papers only may be classed as belonging to the bad class and the remainder must be either Fair or Good. Of these one must be in Book-keeping, Shorthand or Typewriting, and this will be specified in the certificate.

(*d*) If a student passes as required under (*b*) in English and Mathematics and submits papers which are classed as Fair or Good in all the subjects in any two of the groups 3, 4, 5 or 6, he can obtain a certificate to that effect in a form different from the full certificate alluded to in (*c*). No certificate shall be issued for merely passing in the subjects of English and Mathematics.

(*e*) The examination will be under the general direction of the Principal of the Presidency College, who will make all the necessary arrangements and who will consult the Board of Examiners in any case where it is necessary. The Principal will submit the results of the examination as declared by the Board of Examiners to the Director of Public Instruction with a report on the examination and with any reports or suggestions as to any suggested improvements of the arrangements or examination which may be made by the Examiners.

(*f*) Candidates for the examination must send in their names to the Principal of the Presidency College on or before 15th March 1905, accompanied by a fee of Rs. 5, which will not in any case be refunded.

(*g*) The question papers must be sent to the Principal of the Presidency College in double sealed covers on or before 30th March 1905. The answer papers should be sent direct to the Examiners under double sealed covers.

(*h*) The papers set by the Examiners should be such as can reasonably be expected to be answered by the candidates within the time allotted for the examination.

(*i*) The questions in each subject shall be fairly distributed over the whole course in that subject.

(*j*) Candidates should be warned that if the answer papers are not legibly and neatly written or prepared, they will not be examined, and Examiners are requested either to reject or class as Bad papers which show carelessness or slovenliness or really bad work.

(*k*) The examination will be held on the dates and hours and in the order noted below:—

Day		Date		Hours	Subject

DECLARATION.—By the Government of Bengal, Revenue Department.

No. 1133.—The 28th February 1905.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Sijua Colliery siding in mauza Sijua, district Manbhum; and whereas coal-mines are situate under the said land, and whereas the Sijua Coal Company, Limited, through their Agents, Messrs. Balmer, Lawrie and Company, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the Sijua mines; and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Sijua Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Sijua Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

No coal shall be extracted from the pillars formed by the drivings already made over and above such coal as is necessary to be extracted in the process of making manholes, not exceeding 5 feet high × 3 feet wide × 4 feet deep, if required by rule 8 of the rules made under the Indian Mines Act, 1901, and published with the notification of the Government of India in the Department of Revenue and Agriculture, No. 864—68-20, dated the 10th March 1904.

No drivings or excavations shall be made or coal extracted on the north-west side of level gallery proceeding from No. 12 shaft in the top seam, or on the north-west side of the line GH marked in red on plan marked No. 24 (1) in the bottom seam.

In both seams, on the south-east side of the points mentioned above, the galleries shall be made no higher than the height of the seams, not more that 12 feet wide, and with centres not less than 60 feet apart. Provided that, in the bottom-seam, galleries, with centres not less than 60 feet apart, may be driven in the direction of the north-west and south-east sides to or from the highest level gallery driven below the line EF to or from the present workings.

Manholes not exceeding the dimensions given above shall be made, if required by the above mentioned rule.

No further excavation shall be made in any of the galleries which have already been driven and the actual heights and widths of which have been recorded on plans marked LAMA No. 24 (1) and No. 24 (2) and signed by the Chief Inspector of Mines.

The plan hereinbefore referred to may be seen in the office of the Chief Inspector of Mines.

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—Notification.—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(a) the Sectional Officer, or
(b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(i) No lease for less than 10 acres shall be granted.
(ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

			Rs.	A.	
I.—Long leases,	16th June to 15th November	...	1	0	per acre.
II.—Season leases,	16th „ to 15th „	...	1	8	„ „
III.— Ditto,	16th November to 28th February	...	0	8	„ „
IV.— Ditto,	1st March to 15th June	...	2	0	„ „
V.—Water supplied to tanks	...	...	1	0	„ 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment or rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—Notification.—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.
(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow :-

		Rs.	A.	
I.—Long leases, 16th June to 15th November	...	1	0	per acre.
II.—Season leases, 16th „ to 15th „	...	1	8	„
III.— Ditto, 16th November to 28th February	...	0	8	„
IV.— Ditto, 1st March to 15th June ...	...	2	0	„
V.—Water supplied to tanks	...	1	0	per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shalll be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment of rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the silladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29 The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

We, the undersigned, of mauza , pargana , thana , apply for water to be supplied from Distributary of the Teur (Madhuban) Canal for a term of years, commencing on the 16th June and ending 15th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Collector of Champaran, or to such person as he may appoint, on the 1st January and 1st February, or if Rs. 10 or under on 1st January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for , pages , Notification No.

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any season lease which may have been granted shall be enforced.

5. We agree that the areas and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

NOTIFICATION.

CONSTITUTION OF THE BOARD OF EXAMINERS FOR THE PRESIDENCY COLLEGE, CALCUTTA, FINAL COMMERCIAL CLASS EXAMINATION TO BE HELD IN APRIL 1905.

President	Principal of the Presidency College.
Members	Mr. E. Henry, of Messrs. Blackwood & Co. Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co.
(1) Examiners in English ...	Mr. F. H. Stewart, B.A., Oxford, Lecturer, C Class, Presidency College. Revd. Mr. Wann, Principal, General Assembly's Institution.
(2) Examiners in Mathematics ...	Babu Gouri Sankar De, Professor, General Assembly's Institution. Babu Sarada Prasanna Das, Professor, Presidency College.
(3) Examiners in Physics and Chemistry and Physiography.	Mr. J. A. Cunningham, Professor, Presidency College. Mr. H. H. Hayden, Lecturer on Geology, Presidency College.
(4) Examiner in Commercial History and Geography.	Babu Binoyendra Nath Sen, Professor, Presidency College.
(5) Examiner in Drawing and Penmanship.	Mr. Havell, Principal, Government School of Art.
(6) Examiners in Book-keeping, Shorthand and Typewriting.	Papers to be set by the teacher in these subjects in the Presidency College; the papers to be approved by Mr. E. Henry, of Messrs. Blackwood & Co., and Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co. who will act as Moderators in the subjects in No. 6.

This will form a Board of Examiners consisting of a President and 11 members.

There shall be separate papers or examinations in (1) (a) English, including Grammar and Composition, (b) English correspondence, including Commercial correspondence, and (c) Letter-drafting and Précis-writing; (2) (a) Arithmetic and Algebra, (b) Geometry, Trigonometry and Conic Sections; (3) (a) Physics, (b) Chemistry and (c) Physiography; (4) (a) Commercial History, (b) Commercial Geography; (5) Drawing and Penmanship; and (6) (a) Book-keeping, (b) Shorthand and (c) Typewriting.

The papers be will prepared by the Examiners on the subjects as noted above, and in the case of more than one Examiner under each heading the members belonging to this section are to set the papers in that section in consultation with each other.

After setting, the papers should be laid before the whole Examining Board with a view to obtain the advice of the mercantile members of the Board on the suitability of the questions.

Regulations in connection with the examination.

(a) No marks should be allotted for any subject or paper. It is intended that Examiners should judge each answer paper and each answer or each examination in a subject as a whole, and should not give a value for fractions of answers which may be right, while the remainder of the same answers may be wrong or even absurd. The answer paper of each candidate should, after due consideration of both good and bad points in the answers, be placed in one of three classes—Good, Fair, and Bad—and marked accordingly by the Examiner.

(b) No student will be declared to have passed the examination unless he obtains the classes of 3 good papers and 2 fair papers in the two subjects—English and Mathematics (i.e., it may be English 2 Fair and Mathematics 3 Good, or English 3 Good and Mathematics 2 Fair) in addition to passing as required in the following rules:—

(c) To pass the full examination and to obtain the certificate of having passed fully the Commercial Examination of the Presidency College in the papers or examinations in the other subjects 3 to 6, three papers only may be classed as belonging to the bad class and the remainder must be either Fair or Good. Of these one must be in Book-keeping, Shorthand or Typewriting, and this will be specified in the certificate.

(d) If a student passes as required under (b) in English and Mathematics and submits papers which are classed as Fair or Good in all the subjects in any two of the groups 3, 4, 5 or 6, he can obtain a certificate to that effect in a form different from the full certificate alluded to in (c). No certificate shall be issued for merely passing in the subjects of English and Mathematics.

(e) The examination will be under the general direction of the Principal of the Presidency College, who will make all the necessary arrangements and who will consult the Board of Examiners in any case where it is necessary. The Principal will submit the results of the examination as declared by the Board of Examiners to the Director of Public Instruction with a report on the examination and with any reports or suggestions as to any suggested improvements of the arrangements or examination which may be made by the Examiners.

(f) Candidates for the examination must send in their names to the Principal of the Presidency College on or before 15th March 1905, accompanied by a fee of Rs. 5, which will not in any case be refunded.

(g) The question papers must be sent to the Principal of the Presidency College in double sealed covers on or before 30th March 1905. The answer papers should be sent direct to the Examiners under double sealed covers.

(h) The papers set by the Examiners should be such as can reasonably be expected to be answered by the candidates within the time allotted for the examination.

(i) The questions in each subject shall be fairly distributed over the whole course in that subject.

(j) Candidates should be warned that if the answer papers are not legibly and neatly written or prepared, they will not be examined, and Examiners are requested either to reject or class as Bad papers which show carelessness or slovenliness or really bad work.

(k) The examination will be held on the dates and hours and in the order noted below:—

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—Notification.—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(a) the Sectional Officer, or
(b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(i) No lease for less than 10 acres shall be granted.
(ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

		Rs.	A.	
I.—Long leases,	16th June to 15th November ...	1	0	per acre.
II.—Season leases,	16th „ to 15th „ ...	1	8	„ „
III.— Ditto,	16th November to 28th February ...	0	8	„ „
IV.— Ditto,	1st March to 15th June ...	2	0	„ „
V.—Water supplied to tanks	... ...	1	0	„ 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—*Notification*.—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2 The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14 the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or

(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.

(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10 The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance, the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

		Rs.	A.	
I.—Long leases, 16th June to 15th November	.	1	0	per acre.
II.—Season leases, 16th „ to 15th „	.	1	8	„
III.— Ditto, 16th November to 28th February	.	0	8	„
IV.— Ditto, 1st March to 15th June ...	.	2	0	„
V.—Water supplied to tanks	.	1	0	per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment of rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29 The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom. except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

We, the undersigned, of mauza , pargana , thana , apply for water to be supplied from Distributary of the Teur (Madhuban) Canal for a term of years, commencing on the 16th June and ending 15th November. No. 1367.—The 10th March 1905.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Sitarampore-Katrasgarh Branch of the East Indian Railway and the Sendra Assisted Siding in Jherria in mauza Bansjora, district Manbhum, and whereas coal-mines are situate under the said land, and whereas Mr. A. A. Agabeg has given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that he intends to work or get the mines or minerals lying under the branch or main line, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5(1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas Mr. A. A. Agabeg has agreed not to work and get minerals underlying the land acquired for his siding, or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by Mr. A. A. Agabeg in the manner and subject to the restrictions below specified, viz.—

No driving to be made in any place where the distance from the surface of the ground, or formation level of the railway, to the top of such driving, if it were made, would be under 50 feet; and where such distance would be 50 feet or more, the galleries to be not more than 12 feet in height and 12 feet in width, with centres not less than 60 feet apart, provided always that these two seams shall be taken, under these restrictions, to be one seam; and where any driving has been made, no further driving or drivings shall be made in the area covered by the first drivings and pillars formed by such first drivings.

And that no further excavations shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 29 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the Office of the Chief Inspector of Mines in India.

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—Notification.—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.
(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

			Rs.	A.	
I.—Long leases,	16th June to 15th November	...	1	0	per acre.
II.—Season leases,	16th " to 15th "	...	1	8	" "
III.— Ditto,	16th November to 28th February	...	0	8	" "
IV.— Ditto,	1st March to 15th June	...	2	0	" "
V.—Water supplied to tanks	...	...	1	0	" 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

We, the undersigned, of mauza , pargana , thana , apply for water to be supplied from distributary of the Dhaka Canal for a term of years, commencing on the 16th June and ending 15th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

(2) We agree that the amounts due shall be payable to the Collector of Champaran or to such person as he may appoint on the 1st January and 1st February, or if Rs. 10 or under on 1st January of each year; and shall be payable independently of our requiring water in any particular year or not.

(3) We also agree to be bound by the rules published in the *Calcutta Gazette* for , pages , Notification No. .

(4) We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any season lease which may have been granted shall be enforced.

(5) We agree that the areas and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

(6) Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—Notification.—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(a) the Sectional Officer, or
(b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

(i) No lease for less than 10 acres shall be granted.
(ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

IV.— Ditto, 1st March to 15th June ...	...	2	0	,,
V.—Water supplied to tanks	...	1	0	per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shalll be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment of rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

The 8th March 1905.—Babu Bhairab Sahay, a Sub-Inspector of Schools under the District Board of Shahabad (class VI), was granted by the Board privilege leave for one month with effect from the 16th January 1905.

Pending the appointment of a successor to the late Babu Revati Nandan, Officiating Assistant Head Master of the Patna Training School, under orders of transfer to the Patna Collegiate School, the following arrangements are temporarily sanctioned in the former institution:—

(1) Babu Ram Prasad, B.A., Officiating Assistant Master, Patna Training School (substantively *pro tempore* in class VIII), is appointed to act as Officiating Assistant Head Master of that institution on his own pay, *vice* Babu Revati Nandan.

(2) Maulvi Muhammad Sayeed, an Assistant Master (Head Maulvi) in the Patna Training School, on a salary of Rs. 30 a month, is appointed to act in class VIII of the Subordinate Educational Service, *vice* Babu Revati Nandan.

Babu Hari Ballabh Mandal, an Assistant Master in the Pabna Zilla School (class VIII), is allowed leave of absence for two weeks under article 271 of the Civil Service Regulations, in continuation of that granted to him under the orders of the 17th January 1905.

The 10th March 1905.—Babu Dvarka Nath Das, Head Clerk in the office of the Inspector of Schools, Rajshahi Division (class VII), was absent on leave for seven days, under article 260 of the Civil Service Regulations, in continuation of that granted to him under the orders of the 25th January 1905.

Babu Dvarka Nath Das, Head Clerk, office of Inspector of Schools, Rajshahi Division (class VII), is allowed leave without allowances for one year, under article 339 of the Civil Service Regulations, with effect from the 1st March 1905.

Babu Sarat Chandra Chakravarti, a clerk in the office of the Inspector of Schools, Rajshahi Division, is appointed substantively *pro tempore* to be Head Clerk of that office and to class VIII of the Subordinate Educational Service, during the absence, on leave, of Babu Dvark Nath Das or until further orders.

Babu Kamal Krishna Sen, an Assistant Master in the Dacca Collegiate School (class IV), having returned to duty on the forenoon of the 21st February 1905, the unexpired portion of the leave granted to him, under the orders of the 26th December 1904, is cancelled.

The 11th March 1905.—Babu Syama Charan Mukerjea, M.A., is confirmed as an Assistant Master in the Ravenshaw Collegiate School and in class VII of the Subordinate Educational Service.

Babu Adya Nath Roy, B.A., an Assistant Master in the Dinajpur Zilla School (class VII), is appointed to be Assistant Head Master of the Jalpaiguri Zilla School.

The 13th March 1905.—Mr. T. A. Gregory (substantively *pro tempore* in class VI) is confirmed as an Assistant in the office of Director of Public Instruction, Bengal, with effect from the 23rd February 1905.

Babu Braja Lal Adhikari, an Assistant Master in the Krishnagar Collegiate School (class VII), is appointed to be a clerk in the office of the Inspector of European Schools, Bengal, on the pay of his own grade.

This cancels the orders of the 17th February 1905 appointing Babu Braja Lal Adhikari as an Assistant Master in the Palamau Zilla School.

The 13th March 1905.—Babu Basanta Chandra Das, B.A., an Assistant Master in the Rangpur Zilla School (class VII), is appointed to be an Assistant Master (Science Teacher) in the Dacca Collegiate School.

The 14th March 1905.—Babu Sarat Chandra Sen is appointed to act as an Assistant in the office of the Bengali Translator to Government and in class VI of the Subordinate Educational Service on a salary of Rs. 75 a month, during the deputation of Babu Bidhu Bhushan Mukerjee, or until further orders.

A. PEDLER,
Director of Public Instruction, Bengal.

THE ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH FOR 1905.

WITH reference to Notification No. 5058F., in the *Calcutta Gazette* of the 28th December 1892, Part I, page 1172, the ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH will be given this year to the author of the best original essay composed during the year 1905 giving the results of original research or investigation by the essayist on Mathematics.

2. Any native of Bengal, including any Eurasian or domiciled European residing in Bengal, may compete for the prize.

3. The essays of competitors *must be* sent in to the President of the Bengal Asiatic Society, 57, Park Street, Calcutta, by the end of December 1905. The prize will be adjudged to the best competitor, and awarded publicly at the Annual General Meeting of the Asiatic Society in February 1906.

Preference will be given to researches leading to discoveries likely to develop the industrial resources of Bengal. In the case of no essay being deemed by the Trustees to be of sufficient merit, no prize is to be awarded, but the amount is to be retained, so that in any future year two or more prizes may be given, or the prize may be enhanced in the case of an exceptionally good essay.

A. H. L. FRASER,
President of the Asiatic Society of Bengal.

(Landlord's portion.)

[For details of Tenancy, see back.]

Year on account of which paid.	Through whom paid.	Nagdi.	Jinsi.	Rakumats.	Begari.	Miscellaneous.	Interest.	Cesses.	Total.	Thumb-mark of raiyat.

Each receipt must deal only with payments actually made during the year mentioned at the head. Each year, at the first payment, the landlord must deliver a new receipt to the raiyat after entering on statement above the amount paid [fill]ing up heads 1 to 9 on the reverse of this form.

Whenever a fresh payment is made, such payment will be entered in the above statement and the raiyat's receipt must [imm]ediately given back to him. If the landlord keeps the raiyat's receipt and does not at once return it, he will be liable to [prosec]ution criminally.

When the last payment in the year is made, the landlord must fill up the account on the back of the receipt and make it [over t]o the raiyat.

All entries in the receipt must be entered in the counterfoil at the same time.

A raiyat may deposit his rent in the Treasury in the following cases:—

(i) When the raiyat offers what he alleges to be the total rent due and the landlord refuses to give an acquittance in full on the front of the receipt or the landlord has so refused previously and is believed to be likely to do so again.

(ii) When there are joint landlords and all do not appear to sign the receipt and have no common Manager.

If a landlord fails without reasonable cause to give a receipt for any payment at the time of payment or to prepare a [count]erfoil, he may be fined as much as Rs. 50 by the Deputy Commissioner for each failure, and out of this some amount may be [given] as compensation of the *asami* at the Deputy Commissioner's discretion.

2. Whenever a fresh payment is made, such payment will be entered in the above statement and the raiyat's receipt must be immediately given back to him. If the landlord keeps the raiyat's receipt and does not at once return it, he will be liable to prosecution criminally.

3. When the last payment in the year is made, the landlord must fill up the account on the back of the receipt and make it over to the raiyat.

4. All entries in the receipt must be entered in the counterfoil at the same time.

5. A raiyat may deposit his rent in the Treasury in the following cases:—

(i) When the raiyat offers what he alleges to be the total rent due and the landlord refuses to give an acquittance in full on the front of the receipt or the landlord has so refused previously and is believed to be likely to do so again.

(ii) When there are joint landlords and all do not appear to sign the receipt and have no common Manager.

6. If a landlord fails without reasonable cause to give a receipt for any payment at the time of payment or to prepare a counterfoil, he may be fined as much as Rs. 50 by the Deputy Commissioner for each failure, and out of this some amount may be given as compensation of the *asami* at the Deputy Commissioner's discretion.

WATER-RATE RULES FOR THE DHAKA CANAL.

The 27th March 1905.

No. 11.—Notification.—With reference to Notification No 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal is pleased to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

A draft of the rules and rates was published in the *Calcutta Gazette* of the dates noted in the margin as Notification No. 6, dated the 4th February 1905.

The 8th, 15th and 22nd February and the 1st, 8th and 15th March 1905.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(a) the Sectional Officer, or
(b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

(i) No lease for less than 10 acres shall be granted.
(ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease at a period less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

11. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the long lease is subsequently concluded.

12. Season leases for the supply of water at any season may be granted, on application, by the Subdivisional Canal Officer.

13. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA and IVB, and a "permit" shall be given to the lessee or lessees in forms given in Appendices II, IV and IVC.

14. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

15. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs.	A.	
I.—Leases for a term of years, 16th June to 15th November	1	0	per acre.
II.—Season leases, 16th June to 15th November ...	1	8	" "
III.— Ditto, 16th November to 28th February ...	0	8	" "
IV.— Ditto, 1st March to 15th June	2	0	" "
V.—Water supplied to tanks	1	0	" 10,000 c. ft

ON DEMAND STATEMENTS.

16. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 26 shall be served as soon the charge is made, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

17. The rates for water supplied between 16th June and 15th November, whether on leases for a term of years or on season leases, shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied between 16th November and 28th February shall fall due on the 1st April following.

The rates for water supplied between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied.

18. Water-rates imposed under rule 26 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

19. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(*i*) By the Divisional Canal Officer for errors in assessment or rates.

(*ii*) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

20. Remissions on other grounds than the above require the sanction of Government.

21. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

22. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

23. Before a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators, and shall each have a direct interest in the land covered by the lease. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

24. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

25. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or their own occupation, which may lie within the boundaries of the long lease, subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 24 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

26. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

27. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

28. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the land should be assessed, fix the rates allowed under rule 26 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

29. Applications for leases may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; in such cases the persons assessed under rule 26 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 26. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 26.

ON PENALTIES AND CANCELLING OF LEASES.

30. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

31. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

32. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

33. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

We, the undersigned, of mauza , pargana , thana , apply for water to be supplied from distributary of the Dhaka Canal for a term of years, commencing on the 16th June and ending 15th November . WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 27th March 1905.

No. 12.—Notification.—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal is pleased to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

A draft of the rules and rates was published in the *Calcutta Gazette* of the dates noted in the margin as Notification No. 7, dated the 4th February 1905.

The 8th, 15th and 22nd February and the 1st, 8th and 15th March 1905.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

(*a*) the Sectional Officer, or
(*b*) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

(*i*) No lease for less than 10 acres shall be granted.
(*ii*) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease at a period less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

11. When water is required pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the long lease is subsequently concluded.

12. Season leases for the supply of water at any season may be granted, on application, by the Subdivisional Canal Officer.

13. When a lease is granted an agreement shall be taken in forms given in Appendices I, III, IVA and IVB, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II, IV and IVC.

14. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tank may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

15. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs.	A.	
I.—Leases for a term of years, 16th June to 15th November	1	0	per acre.
II.—Season leases, 16th June to 15th November ...	1	8	"
III.— Ditto, 16th November to 28th February ...	0	8	"
IV.— Ditto, 1st March to 15th June	2	0	"
V.—Water supplied to tanks	1	0	per 10,000 c. ft.

ON DEMAND STATEMENTS.

16. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 26 shall be served as soon as the charge is made, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

17. The rates for water supplied between 16th June and 15th November, whether on leases for a term of years or on season leases, shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied between 16th November and 28th February shall fall due on the 1st April following.

The rates for water supplied between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied.

18. Water-rates imposed under rule 26 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

19. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment of rates

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

20. Remissions on other grounds than the above require the sanction of Government.

21. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

22. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

23. Before a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land covered by the lease. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

24. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

25. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or their own occupation, which may lie within the boundaries of the long lease, subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance, specified in rule 24, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

26. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

27. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation; and if he considers that the land deriving benefit is liable to assessment he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

28. The Divisional Canal Officer, after hearing any objection that may be raised, shall, if he is of opinion that the land should be assessed, fix the rates allowed under rule 26 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

29. Applications for leases may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; in such cases the persons assessed under rule 26 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 26. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 26

ON PENALTIES AND CANCELLING OF LEASES.

30. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

31. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

(I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

(II) Cancel any lease for a term of years if on the 1st June water-rates to the extent of half the demand for one year are in arrears.

(III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

32. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

33. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPENDIX I.

APPLICATION FOR A LONG LEASE.

We, the undersigned, of mauza , pargana , thana , apply for water to be supplied from Distributary of the Teur (Madhuban) Canal for a term of years, commencing on the 16th June and ending 15th November . The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Collector of Champaran, or to such person as he may appoint, on the 1st January and 1st February, or, if the charge is Rs. 10 or under on 1st January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for , pages , Notification No. .

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any season lease which may have been granted shall be enforced.

5. We agree that the areas and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

The 24th March 1905.

No. 36Marine.—It is hereby notified for general information that Hongkong is declared free from plague and that the regulations for the prevention of the introduction of plague by sea, which were imposed in the ports of Orissa and Chittagong against vessels arriving from that place, are hereby withdrawn.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 25th March 1905.

No. 37Marine.—Mr. R. H. Shelverton, Licensed Branch Pilot, is granted ten days' leave on urgent private affiars, with effect from 22nd March 1905, in extension of the leave granted to him in this Department Notification No. 26Marine, dated 7th March 1905.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 28th March 1905.

No. 38Marine.—Whereas it appears that the estimated income of the Commissioners of the Port of Calcutta, under the Calcutta Port Act, III of 1890, from the 1st April 1905 to the 31st March 1906, after deducting therefrom the estimated expenditure for the above period, will be insufficient for the payment of the sums which, under the provisions of the said Act, are payable during the year to the Secretary of State for India in Council and to

holders of debentures under the said Act, it is hereby notified that from the 1st April 1905 the Port Commissioners will charge upon all goods landed from or shipped into any sea-going vessel lying or being within the limits of the Port, whether such goods shall or shall not be so landed or shipped at any dock, wharf, quay, stage or jetty belonging to the Commissioners, in addition to or other than those prescribed by any scale of tolls, dues, rates and charges for the time being in force, under the provisions of sections 103, 104, 104A and 107 of Act III of 1890, a due which shall approximate four annas per ton, except for export and bunker-coal and manganese ore, the due on which shall be 1½ annas per ton. Goods transhipped within the Port are exempt, also ballast, with the exception of dressed stone. For the purpose of levying such due on miscellaneous general cargo landed or shipped at the Kidderpore Docks or at the Jetties, the Commissioners will follow the schedules of charges prescribed for the Docks and the Jetties, and charge one-fifth of the rates therein specified; but where the landing or shipping charge is in these schedules levied on the ton by weight, then the due under this notification shall be four annas per ton. For the purpose of levying such due on goods landed or shipped over the Inland Vessels Wharves or otherwise than through the Docks or Jetties, the ton shall be reckoned at the actual weight where such is ascertainable. Where the weight is not declared, then the ton shall be reckoned at the respective weights and measurements given in the schedule in force for the Inland Vessels Wharves.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 28th March 1905.

No. 39Marine.—In exercise of the powers conferred on him by section 6, sub-section (1) of the Indian Ports Act, 1889, the Lieutenant-Governor proposes to make the following rule for keeping the deep water channels of the river Hughli clear of fishing nets with a view to ensure the safety of the shipping. The rule will be taken into consideration on the expiry of a month from the date of its publication in the Gazette, and the Lieutenant-Governor will be glad to consider any suggestions or observations which may be made by any person concerning it within that period:—

"Between the hours of day-break to dark no stake net shall be cast by fishermen in any part of the navigable channel of the river at Garden Reach, Sankral, Jarmakers Reach, Pir Serang and Budge-Budge, where the channel lies close to the shore. Landmarks have been erected to define the channels that are to be left clear, and no fishing boats shall be moored nor nets of any description be cast between the lines indicated by these marks and the shore."

SURVEY OF INDIA.

NOTIFICATION.

Calcutta, the 8th March 1905.

No. 71.—An examination for admission to the Provincial Service of the Survey of India will commence on the 28th August next at various centres, which will be notified later to candidates receiving nominations.

The number of vacancies offered for this year's examination will probably be 15, of which 4 will probably be for native candidates.

Applications for rules (a copy of which is printed below) should be addressed to the Assistant Surveyor-General, in charge Surveyor-General's Office, 13 Wood Street, Calcutta.

No application to appear as a candidate for the examination will be entertained after the 30th June 1905.

SURVEY OF INDIA.

(*Vide* R. & A. Department No. $\frac{68}{151-2}$, dated the 4th January 1901.)

MEMO. OF INSTRUCTIONS FOR APPLICANTS FOR THE PROVINCIAL SERVICE OF THE SURVEY OF INDIA.

1st.—Every candidate for the Survey of India must forward his application in writing to the Surveyor-General, accompanied by such certificates as to *age* (Baptismal Certificate required in case of European and Eurasian candidates), *moral character, education, soundness of health*, and *good eye-sight* as will clearly establish his suitability for employment. The application must further be accompanied by *specimens of Plan and Free-hand drawing*.* The candidate's name having been registered, he will be informed of the time and place of examination, when decided on. The examination papers will be issued from the Trigonometrical Branch Office in Dehra Dun.

2nd.—No application can be entertained from any individual whose age at the date of the completion of the examination will be under 18 or above 22 years except in the case of Natives whose maximum age is fixed at 24 years. The Surveyor General, however, has the power to extend the age limits to 30 years in the case of those candidates who are at the time in pensionable service in the subordinate grades of the Survey of India. No person who is married or is likely to be soon married will be admitted unless of pure Asiatic origin. Candidates, if of European parentage, must be Statutory Natives of India and have at least passed the High School Pass examination or First Arts examination at an Indian University having qualified in Algebra as one of the subjects, and if Natives the F.A. Pass examination.

3rd.—Candidates must be prepared to undergo the examination detailed below, which will give them entrance to the Training School at Dehra; no candidate will be considered to have qualified unless he gets 50 per cent. of the marks in Mathematics and 30 per cent. of the total marks in drawing.

4th.—Examinations will be held in August as a rule. The most suitable of the candidates who qualify will be selected.

5th.—When under examination for the Department, the candidate must sign the Bond printed on the reverse of this paper.

6th—The selected candidates will enter the Department, as Probationary Sub-Assistant Superintendents, 3rd grade, on a salary of R120 *per mensem*, and they must pass out of the Training School within a maximum limit of two years. They will not be confirmed in their appointments until they have served at least one year in a field party and have been well reported on.

7th—As Surveyors are liable to much exposure and to work in trying climates, the medical certificate should particularly specify that the candidate is of good physique and is likely to stand hard work, such as riding and walking long distances. The medical certificate should be in the form as given overleaf, signed by a Medical officer in Government employ not lower in rank than Lieutenant. During his course at the Training School should he prove to be in the opinion of the Superintendent, Trigonometrical Surveys, physically unfitted for the Department, that officer may demand a further certificate of fitness

CHARITABLE ENDOWMENTS ACT, 1890.

IN THE MATTER OF BABU JOY GOBIND LAW'S FUND FOR THE RELIEF OF FAMINE-STRICKEN PEOPLE IN BENGAL.

No. 2005 Agri.—The 3rd April 1905.—Whereas an application has been made to the Government of Bengal by Babu Joy Gobind Law, C.I.E., of No. 24 Sukea's Street, in the town of Calcutta, zamindar and merchant, that with a view to creating an Endowment for or towards the relief of famine stricken people residing in any part of the Province of Bengal (including Bihar, Chota Nagpur and Orissa) upon a famine at any time or times occurring in such Province the 4 per cent Calcutta Municipal Debenture No. 167, dated the 1st December 1904, for rupees one hundred thousand of which the said Joy Gobind Law, C.I.E., is the absolute owner, may be vested in the Treasurer of Charitable Endowments for the Territories subject to the Government of Bengal upon the following terms that is to say:

Calcutta.

1. That the endowment to be thus created shall be called "Babu Joy Gobind Law's Fund for the relief of famine-stricken people in Bengal," and that its object shall be the relief as hereinafter more particularly mentioned of famine-stricken people residing in any part of the Province of Bengal, including Bihar, Chota Nagpur and Orissa.

2. That the Trustee to be appointed under section 5 (1) of the Act VI of 1890 to administer the trust shall be the Secretary to the Government of Bengal, in the Revenue Department for the time being.

3. That the Treasurer of Charitable Endowments for the Territories subject to the Government of Bengal (hereinafter referred to as the said Treasurer) shall pay the net income derived from the securities for the time being vested in the said Treasurer under this Endowment to the said Trustee as and when the same shall accrue due and the said Trustee shall appropriate and apply the same in such manner as he may consider proper to the relief of persons residing in the Province of Bengal as hereinbefore defined and in distress owing to inundation, draught or other similar causes.

4. That in applying the said net income under paragraph 3 thereof the said Trustee shall, as far as possible, apply the same towards the relief of such poor and respectable people as will not or cannot resort to Government relief works and in providing food and clothing for the aged or infirm.

5. That it shall not be obligatory upon the said Trustee to spend and apply the said net income as and when the same shall be received by him and any part of the said net income that the said Trustee may not immediately require to apply under paragraphs 3 and 4 hereof and the resulting income thereof shall be invested by the said Trustee in promissory notes, debentures, stock and other securities of the Government of India in the name of the said Trustee with liberty to the said Trustee at any time upon a famine occurring in any

part of the said Province of Bengal as hereinbefore defined to resort to the accumulations and apply the same in the manner and for the purposes in paragraphs 3 and 4 hereof mentioned.

6. That the said Trustee shall at all times conform and abide by any rules relating to the administration of endowments under the Charitable Endowments Act, 1890, which the Governor-General in Council, in exercise of the powers conferred in section 13 of the Act, may from time to time see fit to make.

7. That the said Trustee shall in books to be kept by him regularly enter or cause to be entered in full and true entries of all moneys received and paid respectively on account of the said endowment, and shall from time to time submit to such public servant as the Local Government may from time to time appoint in that behalf in such form and at such times as the said Local Government may from time to time prescribe an abstract of such accounts and such returns as to other matters relating to the management of the said fund and the administration thereof as the said Local Government may from time to time see fit to require

Notice is hereby given that an order is proposed to be made by the Government of Bengal after the expiration of one calendar month to be computed from the first publication of this notice vesting the said Municipal Debenture in the said Treasurer of Charitable Endowments for the Territories subject to the Government of Bengal upon the terms aforesaid.

Any objection to the proposed order or suggestions thereon may be transmitted in writing to the Secretary to the Government of Bengal, Revenue Department, before the 5th day of May 1905.

Dated this 3rd day of April 1905.

The 29th March 1905.—Babu Ishan Chandra Sen, B.A., Head Master, Malda Zilla School (Class IV), is allowed leave of absence for one month under article 271 (*i*) of the Civil Service Regulations, with effect from the 20th March 1905 or such subsequent date as he may have availed himself of it.

Maulvi Ela Newaz Khan, B.A., Assistant Head Master, Maldah Zilla School (Class VIII, substantive *pro tempore*), is appointed to act as Head Master of that institution, *vice* Babu Ishan Chandra Sen, on leave.

The 30th March 1905.—Babu Jogendra Nath Bose, B.A., Sub-Inspector of Schools, Darjeeling Terai (Class VIII), having returned to his duty on the forenoon of the 5th March 1905, the unexpired portion of the leave granted to him under the orders of the 6th March 1905 is cancelled.

The 1st April 1905.—Babu Revati Nandan, an Assistant Master in the Patna Training School and also Officiating Assistant Head Master of that institution (Class VIII), deceased, was absent on privilege leave, under article 271 (*i*) of the Civil Service Regulations from 1st December 1904 to 4th February 1905.

Babu Ram Prasad, B.A., an Assistant Master in the Patna Training School (Class VIII), acted as Assistant Head Master of that institution, *vice* Babu Revati Nandan, on leave.

Babu Raghubir Prasad, Head Master of the Middle Vernacular School, attached to the Patna Training School (on Rs. 25), acted as an Assistant Master in the latter institution and in Class VIII of the Subordinate Educational Service from the 1st December 1904 to 6th January 1905, *vice* Babu Ram Prasad, on deputation.

Babu Kasi Nath, B.A., acted as an Assistant Master in the Patna Training School and in Class VIII of the Subordinate Educational Service, on Rs. 25 a month, from the 7th January to 4th February 1905, *vice* Babu Ram Prasad, on deputation.

Babu Bireshwar Das, B.A., Assistant Head Master, Bankura Zilla School (Class VI), is appointed to act as an Assistant Master in the Uttarpara Government School during the absence, on leave, of Babu Uma Charan Mitra, or until further orders.

This cancels the orders of the 15th February 1905 appointing Babu Mohesh Chandra Ghosh, B.A., an Assistant Master in the Bankura Zilla School (substantively *pro tempore* in Class VII), to act as an Assistant Master in the Uttarpara Government School during the absence, on leave, of Babu Uma Charan Mitra, or until further orders.

A. PEDLER,
Director of Public Instruction, Bengal.

INSTRUCTIONS FOR THE APPOINTMENT AND PROCEEDINGS OF VISITING COMMITTEES OF SECONDARY SCHOOLS MAINTAINED FROM PUBLIC FUNDS.

[These rules are supplementary to the rules for the management of schools, which are already in force.]

1. For every secondary school managed by Government or by a District Board, Municipal Committee or Joint-Committee there should be Visiting Committees, consisting of local residents adequately representing the classes from which the students are drawn.

2. For Government schools, except collegiate schools, the members of the Visiting Committees should be appointed by the District Officer in consultation with the Inspector of Schools. For collegiate schools they should be appointed by the Director of Public Instruction on the nomination of the Principals of the attached colleges, who should consult suitable local authorities before sending in their selections.

3. For schools managed by District Boards, Municipal Committees or Joint-Committees, the members should be appointed from among the members of the District and Local Boards, Municipal Committees, or Joint-Committees, as the case may be, by the Chairmen concerned. Other gentlemen interested in education may also be appointed members.

4. The term of office of members of Visiting Committees should be for a period of three years from the date of their appointment. Any member should be eligible for reappointment at the end of that period at the discretion of the appointing authority. Members who have not fulfilled the duties for which they were appointed should not be reappointed on the expiry of the three years' term of office. A member should be appointed whenever a vacancy occurs.

5. Visiting Committees shall have no power to issue any orders to the Head Masters of schools, their functions being confined to the offering of advice for the consideration of the school authorities and the officers of the Education Department.

6. The Visiting Committee of a school should inspect the institution at least once a quarter. Visits should not, however, be paid to the school during school-hours more often than once a month. Due notice of visit should ordinarily be given to the Head Master, but surprise visits may be made when necessary. The number of members visiting a school on any occasion should not be more than two.

7. The Visiting Committee should either record their opinion in the Visitors' Book of the school for the information of the Inspector or the Deputy Inspector of Schools, or the Principal of the College, as the case may be, or may communicate their suggestions in writing direct. A copy of the remarks should also be forwarded in the case of schools managed by District Boards, Municipal Committees or Joint-Committees to the Chairman concerned within three days of the inspection.

8. The members of every Visiting Committee should elect from amongst themselves a Chairman and a Secretary, and submit their names to the District Officer, the Director of Public Instruction or the Chairman of the District Board, Municipal Committee or Joint-Committee, as the case may be, for approval.

9. A meeting of a Visiting Committee should be called by the Secretary when considered necessary, or at the requisition of any two members of the Committee, for the general discussion of matters relating to the school. Not less than seven days' notice should be given of any meeting.

10. The notice should set forth the business to be transacted at the meeting, and no business other than that so stated should be transacted, except with the consent of all the members present. When any business of which notice has not been given is considered at a meeting, the decision recorded or resolution adopted at such meeting should be communicated forthwith to all the members, and the subject should be capable of being re-opened at a subsequent meeting convened on a requisition made by three members of the Committee within seven days of the communication of the original resolution: but, save as hereinbefore mentioned, no subject once finally disposed of should be reconsidered within six months, unless two-thirds of the members consent by signing a requisition.

11. The maximum number of members of a Visiting Committee should be ten and the minimum six, and one-third of the members in office should form a quorum. The Chairman should have a casting vote, in addition to his ordinary vote, in cases where the votes of the members present are equally divided. In the absence of the Chairman, one of the members present should be elected to preside. Committees should formulate any further rules of business that may be necessary.

12. Under the directions of the Committee, the Secretary should carry on correspondence with the proper authorities on behalf of the Committee, and be in charge of all papers belonging to the Committee.

13. The Secretary shall keep a record of the proceedings of each meeting and submit it to the next meeting for confirmation. Such proceedings and all work done by a Committee shall be duly recorded in a book kept for the purpose, which should be open for inspection by all inspecting officers of the Education Department.

INSTRUCTIONS FOR THE APPOINTMENT AND PROCEEDINGS OF COMMITTEES OF MANAGEMENT OF AIDED SECONDARY SCHOOLS.

[These rules are supplementary to the rules already in force in schools aided by Government or by District Boards and Municipalities.]

1. The general management of an aided secondary school, high or middle, is subject to the rules prescribed from time to time by Government or the Department for the management of aided schools. The local management should remain in the hands of a Committee of Management, the members of which should be so selected as to represent all classes of the community—legal, commercial, trading, industrial and agricultural; but in cases in which the Director of Public Instruction is satisfied that the promoters of a school can give guarantees for efficient management otherwise, it will be sufficient if it is placed under a Visiting Committee as in the case of a school maintained from public funds.

2. Appointments to a Committee of Management should be made with the approval of—

(a) The District Officer, in consultation with the Inspector of Schools, in the case of a school aided by Government;

(b) The Chairman of the District Board or Municipal Committee, in the case of a school aided by a District Board or Municipal Committee.

3. The members of a Committee of Management of a school should elect from amongst themselves a Chairman, a Secretary and an Auditor, and submit their names to the District Officer or the Chairman, as the case may be, for previous approval.

4. A meeting of the Committee should be called by the Secretary, usually once every month (except in the long vacation months), or oftener if need be. Not less than seven days' notice should be given of any meeting.

5. The notice should set forth the business to be transacted at the meeting, and no business other than that so stated should be transacted, except with the consent of all the members present. When any business of which notice has not been given is considered at a meeting, the decision recorded or resolution adopted at such meeting should be communicated forthwith to all the members, and the subject should be capable of being re-opened at a subsequent meeting convened on a requisition made by three members of the Committee within seven days of the communication of the original resolution; but, save as hereinbefore mentioned, no subject once finally disposed of should be reconsidered within six months, unless two-thirds of the members consent by signing a requisition.

6. The monthly audited accounts should be presented at the next month's meeting of the Committee for the purpose of being passed.

7. The maximum number of members of a Committee should be ten and the minimum six, and one-third of the members in office should form a quorum. The Chairman should have a casting vote, in addition to his ordinary vote, when the votes of the members present are equally divided. In the absence of the Chairman, one of the members present should be elected to preside. Committees should formulate any further rules of business that may be necessary

8. Under the direction of the Committee, the Secretary should carry on correspondence with the proper authorities on behalf of the Committee. He should also keep a record of the proceedings of each meeting and submit it to the next meeting for confirmation. Such proceedings and all work done by the Committee should be duly recorded in a book kept for the purpose.

9. The trust-deeds and other important papers relating to the school should be in charge of the Secretary or of some resident member of the Committee, except those which it is necessary to keep in the special charge of the Head Master; but all papers relating to the school in the shape of accounts and records should be available at any time for inspection by all inspecting officers of the Education Department.

10. No teacher should be appointed, promoted, suspended or removed, except by a resolution passed at a meeting of the Committee. In all cases of appointment, promotion and removal of the staff, the Head Master's opinion should be on record, and the Committee should always record reasons for removal, punishment, stoppage of promotion and supersession of the staff.

In exceptionally urgent cases relating to teachers other than the Head Master, however, the Secretary should, after consultation with the Head Master, make a provisional appointment in anticipation of the Committee's sanction; but the matter should be reported to the Committee at their next meeting for approval.

Similarly a provisional arrangement should be made by the Secretary in consultation with the Chairman, and subject to the approval of the Committee, in respect of a vacancy in the Head Mastership when the case is exceptionally urgent; but this should not be taken to dispense with the necessity of final confirmation by the existing educational authorities, as required under the grant-in-aid rules.

11. Subject to the provisions of the grant-in-aid rules, the list of holidays will be settled by the Secretary, in consultation with the Head Master In the case of a difference of opinion between the Secretary and the Head Master, the matter should be referred to the Committee for decision.

12. The arrangement of classes, the settlement of the school routine, and all other details relating to school discipline and teaching should be in charge of the Head Master, acting under the advice of the departmental educational officers, but the Committee, however, should have the right to offer their opinion and advice in these matters in writing to the Inspector or the Deputy Inspector of Schools.

13. All questions relating to the promotion of boys and the selection of candidates for the Entrance and Scholarship examinations should remain in the hands of the Head Master and be subject to the supervision of the inspecting officers of the Education Department only.

STATE TECHNICAL SCHOLARSHIPS FOR NATIVES OF BENGAL.

1. With a view to provide for natives of India the higher technical education which may qualify them to assist in promoting the improvement of existing native industries, and the development of new industries wherever this may be possible, the Government of India are ready, as an experimental measure, to give a small number of Technical scholarships, if promising candidates, well qualified in some particular branch of industry, present themselves. The outlines of the scheme are sketched out below.

2. *Value of the scholarships.*—The value of the scholarships has been fixed at £150 a year, in addition to fees payable to the institutions where the scholars will study and travelling expenses; but Government will consider proposals for increasing it in special cases.

3. *Places and periods of tenure.*—Each scholarship is tenable for an average period of two years, which may be increased or reduced in special cases.

4. The scholarships may be held in Great Britain, on the Continent of Europe, or in America, and are payable from the date of the scholar's arrival in the country which he may select for study.

5. *Subjects of study.*—Law, Medicine, Forestry, Veterinary Science, Agriculture and Engineering have been excluded from the scope of the present proposal. The scholarships are in the first instance proposed to be used for the encouragement of the mining industry in Bengal, but any other branch of industry can similarly be helped and fostered. Industries in which native capital and enterprise are engaged, or likely to be engaged, and in which the trained scholar might, on return to his country, find scope for his skill and ability, will be particularly appropriate for selection.

6. *Conditions of award.*—The scholarships are tenable by persons who are natives of India within the meaning of section 6 of the Statute, 33 Vic., Cap. 3. A competent knowledge of English, or the language of any other country in which the candidate proposes to work and study is essential to enable him to take full advantage of the course of study.

7. In the matter of selection of scholars, Government will be guided by considerations of the candidate's capacity, intelligence, particular interest in and connection with the industry selected, and the assurance that he will continue to devote himself to the subject on his return to India. These being matters which cannot be decided by the holding of degrees obtained, by examination, or by competition, no special examination is considered necessary and none will be held. But a scholar before nomination should have received the best technical education available in the Province, in the particular industry which he has to study, and no candidate will be considered qualified unless he has displayed an aptitude for technical study.

8. No age-limit has been fixed. But it may be fixed by Government in certain cases.

9. The candidates for scholarships should submit certificates attesting (*a*) their moral character, (*b*) knowledge of the language of the country in which they elect to study, and (*c*) physical capacity, from recognized persons who may be considered fit to certify to these facts. These certificates will not be returned.

10. The scholars in England or elsewhere, as the case may be, will be under the control and supervision of the Secretary of State. The conditions under which they will hold the scholarships will be similar to those laid down for Government of India scholarships, and power will be retained to cancel a scholarship and to send the scholar back to India if his progress and conduct be not satisfactory.

11. *Returned scholars.*—No scholar will be bound on his return to India by any engagement to serve Government or a private firm, and the choice of his career will be in the first instance determined, on his return from Europe by his own inclination. Should any occasion arise, Government will be glad to turn his ability and increased knowledge to account as teacher in an Industrial school or in other capacities connected with the improvement of local industies.

12. Applications from natives of Bengal for such scholarships for the development of the mining industry, in the first instance, should be made direct to the Director of Public Instruction, Bengal, on or before the 1st May 1905. Full particulars should be furnished as to the past educational experience, training and future requirements of each applicant for a scholarship. Applicants should also indicate, if possible, what they wish to work at in their future careers on return to India. The scholarships will be awarded by the Government of India on the recommendation of the Local Government.

NOTIFICATION.

No. 1899.—The 5th April 1905.—The following draft of rules which it is proposed to make in exercise of the powers conferred by section 14 of the Glanders and Farcy Act, XIII of 1899, is published for general information, and notice is hereby given that the draft will be taken into consideration by the Lieutenant-Governor on the 12th May 1905. Any objection or suggestion which may be offered with respect to the draft rules should be submitted to the Chief Secretary to the Government of Bengal on or before that date.

These rules, when finally approved, will have force within the limits of "Calcutta," as defined in Schedule I of Act III (B.C.) of 1899 and within the limits of the following Municipalities:—

North Barrackpore;	Baranagore;
South Barrackpore;	Cossipore-Chitpur;
Titaghur;	Manicktolla;
Panihati;	Tollygunge;
Kamarhati:	South Suburban;
North Dum-Dum;	Garden Reach;
South Dum-Dum;	Howrah;

and within the limits of the area bounded on the north by the Municipality of North Dum-Dum; on the south by the Municipality of South Dum-Dum; on the east by the Belgachia-Barasat Road, and on the west by the Municipalities of Kamarhati and Baranagore.

The rules have been specially framed for metropolitan areas and are proposed in lieu of those published under Notification No. 3124Agri., dated the 20th August 1900.

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

DRAFT RULES.

Rule I.—The operations under the Glanders and Farcy Act, 1899, in Calcutta and within the Municipalities and area referred to above, shall be under the direction of the Superintendent or other officer in charge of the Bengal Civil Veterinary Department; and all Inspectors and Veterinary Practitioners duly appointed under the Act, and members of the Veterinary Preventive force appointed to assist the Inspectors and Veterinary Practitioners in carrying out the purposes and objects of this Act, shall be under the control of the said Superintendent or other officer in charge of the said Department.

Rule II.—The owner or person in charge of a horse which he believes, or has reason to believe, to be diseased within the meaning of section 2 (1) of the Act, shall report the case within twenty-four hours to an Inspector appointed under the Act or to a Police Officer who shall at once give information of the case to an Inspector appointed under the Act. Such owner or person shall also, if practicable, remove the animal to some isolated building within 50 yards of the stable, building, shed, enclosed place, open lines or other place where the animal has been standing, or to a remote part of such stable, building, shed, enclosed place, open lines or other place. He shall also keep it as far away from other horses as possible. The Inspector appointed under the Act shall also detain in such place any horse which has been in contact with or near the diseased animal or in the same stable, building, shed, enclosed place, open lines or other place until a license for its removal is granted in the form given in Schedule No. II attached to these rules.

Rule III.—An Inspector appointed under the Act may enter and search any enclosure, field, building or other place for the purpose of ascertaining whether there is therein any horse which is diseased; and, as far as practicable, he shall conduct his search in the presence of the owner of the horse or of the person in charge of the horse or of the building, field, enclosure or other place in which the horse is kept. The Inspector shall, if required to do so, before entering and searching any such building, field, enclosure, or other place, show the certificate of his appointment, which shall be in the form given in Schedule No. V attached to these rules.

Rule IV.—If an Inspector appointed under the Act believes, or has reason to believe, that the owner or person in charge of a horse is absenting himself in order to evade the provisions of the Act, or the rules framed thereunder, or if the Inspector meets with resistance or obstruction, he may nevertheless enter for the purpose of search any building, field, enclosure or other place, in which he believes, or has reason to believe, that a diseased horse is kept, provided that he be accompanied by not less than two members of the Veterinary Preventive Force.

Rule V.—Subject to the provisions of the two last rules an Inspector appointed under the Act shall seize, and may hand over to a member of the Veterinary Preventive force for

detention, any horse which he believes, or has reason to believe, to be diseased. As soon as possible and with due care to prevent contagion to other horses and human beings, such horse shall be removed to the Contagious Diseases Hospital at Belgachia, there to be dealt with in accordance with the provisions of the Act. Any horse thus seized may be detained in the said hospital for as long as may be necessary, and may be subjected to any recognised test or tests.

Rule VI.—The Contagious Diseases (Animals) Hospital attached to the Government Veterinary College at Belgachia will be ordinarily used as a place for isolating, examining, treating or otherwise dealing with animals seized, under section 7, clauses (1) and (2) of the Act.

Rule VII.—When an Inspector appointed under the Act seizes a horse under section 6 of the Act, he shall present to the owner or person in charge of it a printed copy of these rules. If such Inspector is a Veterinary Practitioner appointed under the Act, and the horse is found on examination to be diseased, he shall also present to such owner or person a certificate in the form given in Schedule No. I attached to these rules. If the Inspector is not a Veterinary Practitioner appointed under the Act, and if the horse is found on examination by such a practitioner to be diseased, he shall, as soon as practicable, procure from such practitioner a certificate of the nature referred to and serve a copy of it on the said owner or person in charge of the horse. Should the owner or person in charge be absent at the time of seizure, the documents referred to shall be nailed on to a prominent place within or without the premises where the seizure took place.

Rule VIII.—If the Veterinary Practitioner certifies under section 8 (1) of the Act that a horse is diseased, it shall be destroyed humanely in the presence of an Inspector appointed under the Act, and the carcass shall be disposed of in the presence of a member of the Veterinary Preventive Force.

Rule IX.—If, after completing the examination, the Veterinary Practitioner does not certify that a horse is diseased, he shall restore it to the owner or his agent at once, if he is present; and the expenses incurred shall be debited to Government. If, however, the owner or his agent is absent, due notice in the form given in Schedule No. IV, attached to these rules, shall be at once served upon the owner or his agent to remove the animal within seven days. This notice may be served either personally or by leaving it at the owner's or agent's last known residence or place of business; and in the latter case, a copy of it shall be posted at the police-station in the jurisdiction of which the animal was seized. If the animal is not removed within the prescribed period of seven days, it may be dealt with in one of the following ways, namely:—

(*a*) The animal may be sold to defray expenses. In that case any balance that may remain may be kept at the owner's disposal for two months, after which time it shall be the property of Government.
(*b*) The animal may be sent to the Pinjrapole.
(*c*) The animal may be destroyed.

Rule X.—When a horse or carcass, which is diseased or believed to be diseased, is about to be removed to another place for examination, slaughter, burial, cremation or any other lawful purpose, the owner or person in charge of such horse or carcass shall attach a suitable covering over its muzzle and to any part of its body from which contagious or infectious matter may escape, so as to minimise danger from contact during removal.

Rule XI.—If a diseased horse dies, the owner or the person in charge of it shall, as soon as possible and with all due care to prevent contagion to other horses and human beings, cause the carcass to be taken to a suitable place to be there burnt or buried or otherwise destroyed in the safest and most efficacious manner practicable. The means to be adopted shall be decided in each case by an Inspector appointed under the Act and shall be recorded in writing; and the work shall be carried out under the supervision of a member of the Veterinary Preventive Force.

Rule XII.—The owner or person in charge of infected articles or places shall be responsible for carrying out the following orders as soon as possible after the issue of a notice by an Inspector under section 9 of the Act:—

(*i*) Every piece of stable gear shall be destroyed by fire, except iron-work, which shall be made red hot.
(*ii*) The roofs [illegible] buildings shall be well cleaned and freed from all dust and cobwebs.
(*iii*) The walls sh[illegible]ll be scraped, the wooden mangers and feeding boxes shall be burnt, and all wo[illegible]dwork which has been within reach of horses shall be carefully washed w[illegible] soft soap and hot water, mixed with crude carbolic acid or phenyle in the pro[illegible]ion of one part of acid or phenyle to twenty parts of water.

(*iv*) The floor, if of mud or brick, shall be dug up for a depth of at least eight inches, and if urine has percolated to a greater depth, to that depth; and fresh material shall be laid down. If the floor is of cement, and is in good repair, it shall be treated in the same way as the walls; but, if it is not in good repair, it shall be treated as provided in this rule.

(*v*) All refuse derived from cleansing, and any dung, litter, straw, grass or hay shall be taken to a suitable place and shall be burnt. Any material left after burning shall be buried according to orders issued by an Inspector appointed under the Act.

(*vi*) All buildings shall be thoroughly whitewashed with good lime and water, to which five *per cent.* of crude carbolic acid or phenyle has been added.

(*vii*) Temporary stables of straw, grass or similar materials shall be pulled down, removed to a suitable place and burnt, the floor being treated in the manner prescribed in sub-clause (*iv*) above.

(*viii*) The woodwork of carts shall be thoroughly scraped, washed with soap and hot water containing five *per cent.* of crude carbolic acid or phenyle, and exposed to the sun for two days, after which the treatment shall be repeated.

(*ix*) The poles or shafts, dash-boards and other parts of carriages with which a diseased animal has come into contact shall be washed with soap and hot water containing five *per cent.* of crude carbolic acid or phenyle, the paint being scraped off and fresh paint being applied. The rest of the vehicle shall be thoroughly washed with soap and hot water containing one part of crude carbolic acid or phenyle to twenty parts of water.

Provided that, for reasons given in writing, an Inspector appointed under the Act may prescribe any other method of disinfection which the special circumstances of a particular case may require.

Rule XIII.—The owner or person in charge of a vessel, railway truck or any other conveyance which has been used for the transport of a diseased horse shall, within 24 hours of receipt of a notice issued under section 9 of the Act, have the said vessel, railway truck or conveyance and all the fittings thereof disinfected. In the case of vessels, the rules laid down in sub-clauses (*i*), (*ii*), (*iii*), (*v*) and (*vi*) of Rule XII shall be observed as far as applicable. The floor shall be treated in the manner prescribed in sub-clause (*iii*) of that rule in regard to walls; and all battens shall be removed and burnt.

Rule XIV.—All stables, buildings, carts, carriages, or vessels which have been disinfected under Rule XII shall be examined after disinfection by an Inspector appointed under the Act; and the owner or the person in charge of such stables, buildings, carts, carriages or vessels shall give him all reasonable facilities for so doing. If the Inspector is not satisfied that the work of disinfection has been thoroughly done, he may pass such orders as he may consider necessary for the proper disinfection of the stables, etc., and the owner or person in charge of such stables, etc., shall be bound to carry out such orders without delay.

Rule XV.—The entire cost of carrying out the provisions of the rules under the Act shall be borne by the owner or the person in charge of the horse in respect of which a Veterinary Practitioner appointed under the Act has given a certificate that it was diseased; and the cost shall be recoverable as a fine. The account rendered to the owner or person in charge of the horse shall be in the form given in schedule No. III attached to these rules. A part or the whole of the costs may, however, be remitted and debited to Government by the Superintendent of the Civil Veterinary Department, if it is proved to his satisfaction that the debtor has executed promptly and thoroughly all the duties laid upon him by the Act.

Rule XVI.—In the event of obstruction, the Police shall be bound, on the written application of an Inspector, Veterinary Practitioner, or a member of the Veterinary Preventive force, to render such officers such assistance as may be necessary to enable them to perform duly their duties under the Act.

Rule XVII.—An Inspector appointed under the Act or a member of the Veterinary Preventive force, unless he is a gazetted or a commissioned officer, shall wear a distinctive departmental uniform when on duty, except in special cases in which he holds a written authority from the Superintendent, Civil Veterinary Department, that he is exempted from the obligation so to do.

Rule XVIII.—Except as provided in these rules, no person shall intentionally or negligently cause or permit any diseased horse to stray or to be worked, led or driven, in a public thoroughfare, road, street or place.

Rule XIX.—Whoever refuses or neglects to comply with, or commits a breach of, any rule framed under this Act shall be punishable with imprisonment for a term which may extend to one month, or with a fine which may extend to fifty rupees, or with both.

NOTE.—Under section 2 (2) of the Act, these rules apply also to asses and mules.

NOTIFICATIONS.

24-Parganas.

No. 1965.—The 11th April 1905.—The Lieutenant-Governor has been pleased, under section 17 of the Reformatory Schools Act, 1897 (VIII of 1897), to appoint the Principal of the Civil Engineering College, Sibpur, to be an *ex-officio* member of the Board of Management of the Alipore Reformatory School, *vice* Mr. K. B. W. Thomas, Personal Assistant to the Inspector-General of Police, Lower Provinces, resigned.

No. 1964.—The 11th April 1905.—The Lieutenant-Governor has been pleased generally to accept the recommendations made by the Committee appointed to consider the question of commercial education at the Presidency College, Calcutta, and to direct that the following

prospectus, showing the courses of study, the examinations, the rates of fees, and other cognate matters, as now provisionally decided upon, be published for general information:—

Courses of study and delivery of lectures.

(1) Arrangements have been made for instruction and examination in two different courses of study—one to be a complete course every part of which shall be obligatory, and the other to consist of a series of lectures or classes all or any of which may be attended at option. The lectures in the former course shall be delivered during the day, while those in the latter shall be delivered in the evening only.

Day course.

(2) The following shall be the subjects prescribed for the day course:—

(*i*) English (modern), and especially English correspondence, including commercial correspondence, letter-drafting and *précis*-writing;

(*ii*) arithmetic, including commercial and mental arithmetic;

(*iii*) one of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin;

(*iv*) one of the following subjects, namely, book-keeping, shorthand-writing or type-writing; and

(*v*) commercial history and geography.

The course shall extend over a period of two years, at the end of which an examination shall be held in the prescribed subjects, in all of which the candidates will be required to pass. No candidate will be allowed to pass unless his answers on every subject are written in a good, legible handwriting.

Evening course.

(3) The following shall be the subjects prescribed for the evening course:—

(*i*) outlines of political economy;

(*ii*) banking and currency;

(*iii*) commercial and industrial law;

(*iv*) annuities and insurance;

(*v*) book-keeping;

(*vi*) shorthand-writing;

(*vii*) type-writing; and

(*viii*) English (modern).

In these subjects special examinations shall be held, candidates being allowed to take up each separately and to obtain certificates of having passed in it.

Award of certificates and publication of results.

(4) Certificates shall be awarded by the Education Department to students passing the examinations, and shall require endorsement by the Secretary to the Bengal Chamber of Commerce, and lists of successful candidates, without classification, shall be published by that Chamber and by the Bengal National Chamber of Commerce.

Admission.

(5) There will be no age-limit for candidates for either course. Candidates who have passed the "C class" Examination of High Schools or the Entrance Examination will be eligible for admission to the day course; but others will be admitted only if they satisfy the Education Department, by passing a preliminary test-examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the lectures. Candidates who have not attended the lectures in the day course, will be allowed to compete at the examination only if they have passed the Entrance or the "C class" Examination or satisfied the Education Department, by passing a preliminary test-examination, that they have a reasonable prospect of success. The form of certificate to be issued to students who have passed this examination, as laid down in paragraph (2) above, shall show whether the student has passed the "C class" or Entrance Examination or not and also whether he has duly attended the lectures prescribed for the day course. Those only who have passed the "C class" or Entrance Examination, and after attending the full day course of lectures have passed the prescribed examination, will be considered to be eligible for the full commercial certificate.

Candidates who have attended the lectures in the day course, will be eligible for admission to the evening course and allowed to compete at the examinations; but others will be admitted and allowed to compete only if they satisfy the Education Department by passing a preliminary test-examination that they have sufficient general education to enable them to derive advantage from the lectures, or that they have a reasonable prospect of success, as the case may be. The certificates issued on the result of the examination in this course, as laid down in paragraph (3) above, shall show whether the students have attended the lectures prescribed for the day course and have passed such examination and also whether they have attended the evening course of lectures.

Fees.

(6) The fees shall not exceed Rs. 3 *per mensem* payable for the whole school year for the entire day course, and the like sum for each series of fifteen lectures in the evening course on—

(*i*) banking and currency;

(*ii*) commercial and industrial law;

(*iii*) annuities and insurance;

(*iv*) English (modern).

The fee for each course of thirty-two lectures on the outlines of political economy shall be Rs. 5.

As the evening lectures on book-keeping, shorthand-writing, and type-writing will be on advanced portions of those subjects and will continue over a considerable period, the fee for each course shall be Rs. 10.

(7) The setting of the papers for the examinations will be left to an Examination Board, which shall be constituted for the purpose by the Director of Public Instruction, and upon which the Education Department, the Bengal Chamber of Commerce and the Bengal National Chamber of Commerce shall be represented.

Prizes.

(8) Three gold medals, offered by the Remington Type-writer Company, shall be awarded on the results of the examination on the evening course of lectures on type-writing to the three students awarded the highest marks for efficiency.

Should any other prizes be offered hereafter, the fact will be announced and the terms on which they are offered for competition published in due course.

Opening of classes. (9) The evening course of lectures on political economy began on the 7th March last. The new classes in the day course will be opened next June.

2. The Government of Bengal will be prepared to consider applications for grants-in-aid, which will probably take the form of contributions towards the salaries of the necessary lecturers, to enable other colleges and high schools to introduce schemes of education on the lines laid down in the case of the Presidency College by the prospectus above; but these will be dealt with separately and considered on their merits as they are received.

3. Four scholarships, of Rs. 16, Rs. 12, Rs. 8, and Rs. 8 *per mensem*, tenable for two years, respectively, are, under existing arrangements, available for candidates admitted to the day course who have passed the "C class" Examination; and candidates who have obtained similar scholarships at the Entrance Examination will be permitted to hold them during the day course.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT.

The 8th April 1905.

No. 88.—Mr C. A. White, Officiating Sanitary Engineer, is appointed to officiate as Superintending Engineer of the Central Circle, in addition to his own duties, *vice* Mr. W. B. Gwyther, Superintending Engineer, on deputation.

M. J. SCOBIE,
Offg. Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 7th April 1905.

No. 46 Marine.—Under the powers conferred upon him by section 36 of the Indian Steam-ships Act, 1884, and in supersession of the rules sanctioned under notification No 122 Marine, dated the 4th September 1902, the Lieutenant-Governor is pleased, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the granting of certificates of competency to Engineers of sea-going steam-ships.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

General Rules.

Certificates of competency granted to persons who pass requisite examinations

1. Certificates of competency will be granted to those persons who pass the requisite examinations and otherwise comply with the requisite conditions. For this purpose Examiners have been appointed and arrangements have been made for holding the examinations periodically at the Port of Calcutta. The examinations will be held whenever necessary or at such other times as the Government may appoint.

Application how to be made

2 The application for examination is to be made on Form Exn. 3, which must be filled up at the Port Office The Form, Exn. 3, properly filled in, together with the candidate's Indentures of Apprenticeship, testimonials, and discharges, must be lodged with the Port Officer not later than the day before the day of examination. As such testimonials may have to be verified before the candidate can be examined, it is desirable that they should be handed in together with the Form Exn. 3, as early as possible.

The Port Officer should be particularly careful to ascertain that there are no gaps in the candidate's service which are not properly accounted for before he is allowed up for examination.

How to apply in special cases

3. In cases where the services of a candidate require verification, or where he is in doubt whether his service complies with the regulations, and wishes to submit his case for special consideration, all certificates, discharges and testimonials, together with the form of application* properly filled in, should be submitted to the Port Officer, who will either deal with the case or transmit it to the Government for decision

Inquiries

4. All other enquiry regarding examinations should be made and dealt with in the same way. The point on which information is sought should be clearly stated and certificates, discharges, testimonials, etc., should be forwarded when they are material to the enquiry.

Testimonials shore service

5. All candidates will be required to produce, in addition to the official discharge certificates, testimonials as to their workshop service and as to their service at sea. The testimonials as to workshop service must be signed by the employer and must testify to the candidate's conduct and ability, and state what kind of work he was engaged on (*e.g.*, fitting, erecting etc.), and for how long.

Testimonials sea service

6 Testimonials as to service at sea must testify to the applicant's sobriety, experience, ability, and general good conduct for at least the last twelve months' service at sea preceding the date of application to be examined. They

* Form Exn. 6 which can be obtained at the Port Office

must be signed by the Master and Chief Engineer (or, in the case of testimonials to Chief Engineers, by the Master and Superintending Engineer), and must clearly state whether the applicant was on regular watch, and in regular charge of a watch on the main engines or boilers. It is desirable that testimonials of candidates should be endorsed by the Superintending Engineer. No time spent in clerical work will be allowed to count.

Further as to testimonials.

7. In cases where a testimonial from the Chief Engineer, or from the Master, is for any sufficient reason not obtainable, one may be submitted from the Superintending Engineer in place of that of the Chief Engineer, and one from the Managing Owner or Secretary or Chairman of a large Company in place of that of the Master, but in every such instance the testimonial must declare that the facts stated are in accordance with the reports made by the Chief Engineer or the Master, as the case may be, or else that the facts are within the writer's personal knowledge.

Physical defects.

8. When a candidate is observed to be hard of hearing, or is labouring under any other obvious physical defect, the signatories of his testimonials are required to mention that defect specifically, and to state whether it in any way interfered with the efficiency of the candidate as an engineer on watch. When these modified testimonials are such as to completely satisfy the examiner that the defect is not such as to interfere with the efficient discharge of the applicant's duties as engineer, the examination is proceeded with; otherwise the case is referred to the Government. Candidates afflicted with nervous impediment in speech may write their answers to *viva-voce* questions.

Testimonials of Foreigners.

9. The testimonials of service of Foreign Engineers and of British Engineers serving in foreign vessels, which cannot be verified by the Port Officer, must be confirmed either by the Consul of the country to which the ship in which the candidate served belonged, or by some other recognized official authority of that country; or by the testimony of some credible person on the spot having personal knowledge of the facts required to be established. The production, however, of such proofs will not of necessity be deemed sufficient. Each case must be decided on its own merits; and if the sufficiency of the proofs given appears to be at all doubtful, the point must be referred to the Government.

Certificate as

10. Should any doubt exist as to the age of a candidate he will be required to produce a Certificate of Birth or Baptism.

Foreigners to know English.

11. Foreigners must prove to the satisfaction of the Examiners that they can speak and write the English language sufficiently well to perform the duties required of them on board a British vessel.

Verification of service, &c., by articles.

12. Service which cannot be verified by proper entries in the Articles of the Ships in which the candidates have served cannot be counted.

I[illegible] of

13. If the candidate passes he will receive a form (Form Exn. 16) authorizing the Port Officer to whom it is addressed to issue the Certificate. The candidate's testimonials and other papers will be returned to him when the examination is finished. It is therefore important that the port at which the Certificate is to be issued should be the same on both the Form Exn. 16 and the form of application Exn. 3. If circumstances should make any alteration necessary, the Examiner should see that it is made in both forms; otherwise delay in the issue of the Certificate may be caused.

Service found to be insufficient.

14. If after a candidate has passed the examination it is discovered on further investigation that his services are insufficient to entitle him to receive a Certificate of the grade for which he has passed, the Certificate will not be granted to him; but if the Port Officer is satisfied that the error in the calculation of the candidate's services did not occur through any fault or wilful misrepresentation on his part, he may either have the fee returned to him or have it placed to his credit. Should his services entitle him to a Certificate of a lower grade, it may be granted to him,

and the difference, if any, between the fee paid by him for the superior Certificate and the fee payable for the inferior Certificate will be returned to him or placed to his credit.

The Superior Certificate will not be granted until the candidate has performed the amount of service in which he was deficient, and has been re-examined in all the subjects unless the Government see fit to dispense with the re-examination.

15. If the candidate fails in practical knowledge he may not present himself for re-examination until he can produce proofs of three months' further service at sea, as Engineer on watch on the main engines or boilers, from the date of failure. If he fails in arithmetic, elementary questions, or drawing only, he may come up again at any time.

Re-examination.

16. Candidates for examination, in making their application on the Form Exn. 3, will be required to pay the Examination fee before any step is taken towards inquiring into their services or testing their qualifications, &c. If the candidate is found not to be qualified, the fee will either be returned to him or placed to his credit until he is qualified.

Fee must be paid first.

17. The fee for examination must be paid to the Port Officer. In any case in which a candidate offers a gratuity to any other officer and in any place but in the Port Office, the candidate so offering a gratuity will be regarded as having committed an act of misconduct, and will be rejected, and not allowed to be examined for twelve months either at the Port where the offence was committed or at any other port.

Payment of fees.

18. If a candidate fails in his examination, *no part of the fee he has paid will be returned to him.*

Fees not returned on failure.

19. The fees are as follows :—

Table of fees.

	Rs.
Second Class Engineer's Certificate ...	15
First Class Engineer's Certificate ...	30
First Class Engineer's Certificate if candidate is already in possession of a Second Class Certificate of Competency granted by the Board of Trade, or by the Government of a British Possession under section 8 of the Merchant Shipping (Colonial) Act, 1869	15

Qualifications required for the various grades.

20 SECOND CLASS ENGINEER.—A candidate for a Second Class Engineer's Certificate must be not less than 21 years of age;

Second Class.

(a) He must have served as an apprentice Engineer for four years in England or five years in India at least, and prove that during the period of his apprenticeship he has been employed on the making or repairing of steam engines, boilers, &c. Three years in England or four years in India of the apprentice time must have been passed in the fitting or erecting shops, or in both. In calculating the four years in England or five years in India of artisan service, which are to constitute the required apprenticeship, which should not begin at an earlier age than 15, time spent at a technical school (recognized by the Port Officer as suitable) where there is an engineering laboratory, may be taken into account and accepted as equivalent to artisan service, at the ratio of three years in the technical school to two in artisan service, provided that the applicant was over 15 years of age, and can produce the Principal's Certificate for regular attendance and satisfactory progress, and provided also that in such case the other portion of the time was spent in the fitting or erecting shops of an engineer, as indicated above.

Journeyman's time will be considered as equivalent to apprenticeship.

Every applicant must produce testimonials of ability as an engineer workman to the satisfaction of the Government.

If the candidate has not served for four years in England or five years in India as an apprentice Engineer, or as Journeyman, he will be required to have served, *in lieu thereof*, four years at sea as Engineer on regular watch on the main engines or boilers of a foreign-going steamer of not less than 66 nominal horse-power, or six years in a home-trade steamer of not less than 66 nominal horse-power.

(*b*) In addition to the apprenticeship as above described, or the alternative sea service, the applicant must have served one year at sea as Engineer on regular watch on the main engines or boilers of a foreign-going steamer of not less than 66 nominal horse-power, or eighteen months in a home-trade steamer of not less than 66 nominal horse-power.

(*c*) He must be able to give a satisfactory description of boilers, and the methods of staying them, together with the use and management of the different valves, cocks, pipes, and connexions.

(*d*) He must understand how to correct defects from accident, decay, &c., and the means of repairing such defects.

(*e*) He must understand the use of the water gauge, pressure gauge, barometer, thermometer, and salinometer, and the principles on which they are constructed.

(*f*) He must state the causes, effects, and usual remedies for incrustation and corrosion.

(*g*) He must be able to explain the method of testing and altering the setting of the slide valves, and method of testing the fairness of shafts and adjusting them.

(*h*) He must be able to calculate the suitable working pressure for a steam boiler of given dimensions, and the stress, per square inch, on crank and tunnel shafts when the necessary data are furnished.

(*i*) He must understand the construction of steering engines, evaporators, feed filters, and feed heaters.

(*i*) He must understand the construction of centrifugal bucket, and plunger pumps, and the principle on which they act.

(*k*) He must be able to state how a temporary or permanent repair could be effected in case of derangement of a part of the machinery or total breakdown.

(*l*) He must write a legible hand, and have a good knowledge of arithmetic up to and including vulgar and decimal fractions and square and

---

In the case of England, "foreign-going steamer" includes every steamer employed in trading or going between some place or places situate beyond the following limits, that is to say, the coasts of the United Kingdom, the Channel Islands and Isle of Man, and the Continent of Europe between the River Elbe and Brest, inclusive. "Home-trade steamer" includes every steamer employed in trading or going within the following limits, that is to say, the United Kingdom, the Channel Islands and Isle of Man, and the Continent of Europe between the River Elbe and Brest inclusive.

In the case of India, foreign-going steamer includes every steamer employed in trading between any port of the territories which are or may become vested in His Majesty by the Statutes 21 and 22 Vict., Cap. 106, entitled "An Act for the better government of India," and any port or place not in the said territories, nor on the Continent of India, nor in the Straits Settlements, nor in the Island of Ceylon. "Home-trade steamer" includes every steamer employed in trading between any ports of the said territories or between any port of the said territories and any port or place on the Continent of India or in the Straits Settlements or in the Island of Ceylon.

cube root. He must also understand the application of these rules to questions about safety valves, coal consumption, consumption of stores, capacities of tanks, bunkers, &c.

(*m*) He must be able to pass a creditable examination as to the various constructions of paddle and screw engines in general use, as to the details of the different working parts, external and internal, and the use of each part.

(*n*) He must possess a creditable knowledge of the prominent facts relating to combustion, heat and steam.

21. FIRST CLASS ENGINEER.—A candidate for a First Class Engineer's Certificate must be not less than 22 years of age.

First Class.

In addition to the qualification required for a Second Class Engineer,

(*a*) He must—

(1) have served at sea for 12 months, with a Second Class Certificate of Competency or service as Senior Engineer in charge of a watch on the main engines or boilers of a foreign-going steam-ship of not less than 99 nominal horse power ; or

(2) have served at sea for 18 months, with a Second Class Certificate of Competency, or service as First Engineer of a home-trade steamer of not less than 99 nominal horse-power ; or 2 years as Second Engineer of a home-trade steamer of not less than 99 nominal horse-power, with a Second Class Certificate of Competency, or service ; or

(3) have served 2½ years with a Second Class Certificate of Competency or service as third Engineer of a home-trade steamer of not less than 99 nominal horse-power, if during the whole of that period he has been the senior Engineer in charge of a watch on the main engines and boilers ; or

(4) possess or be entitled to a First Class Certificate of service.

(*b*) He will be required to make an intelligible hand sketch, or a working drawing of some one or more of the principal parts of a steam engine, and to mark in without a copy all the necessary dimensions in figures, so that the sketch or drawing could be worked from.*

(*c*) He must also be able to take off and calculate indicator diagrams.

(*d*) He must be able to calculate safety-valve pressures, and the strength of the boilers shell, stays, and riveting.

(*e*) He must be able to state the general proportions borne by the principal parts of the machinery to each other, and to calculate the direct stress, the torsional stress, and the bending stress in round bars, and the direct stress and the bending stress in rectangular bars with given loads.

(*f*) He must be able to explain the method of testing and altering the setting of the slide valves, and to sketch about what difference any alteration in the slide valve will make in the indicator diagram, and also the method of testing the fairness of shafts and of adjusting them

(*g*) He must be conversant with surface condensation, superheating, and the working of steam expansively.

(*h*) His knowledge of arithmetic must include the mensuration of superficies and solids and the extraction of the square and cube roots, and the

* *See* Appendix C.

application of these rules to questions relating to the power, duty and economy of engines and boilers, and to the stresses in rods, shafts and levers of the engine.

(i) He must understand the construction of, and be able to maintain in working condition, the auxiliary machinery which is placed under his charge, viz, refrigerating machinery, electric light engines and dynamos, electric motors fitted to ships' boats, hydraulic machinery, and the various descriptions of steering engines, etc.

Workshop service where engines are not made.

22. When the workshop service has been performed in a place where steam-engines are not made or repaired, and the class of work done is similar to that required in engine making, the service may be accepted with an additional year in the engine-room ; that is, four years in England or five years in India of workshop service and two years in the engine-room (of which one year must have been at sea) or one year at sea in the engine room and one year at engine fitting in a suitable marine engine workshop. The approval of the Port Officer must be obtained in every such case before the candidate is examined.

Workshop service other than fitting or erecting.

23. When the workshop service has been performed in a place where engines are made, and the department in which the applicant has been principally engaged is not "fitting" or "erecting," the case must be referred to the Government with a report upon the service performed. If the service be such as is useful training for an Engineer, the Port Officer may accept the service, but in every such case the applicant must prove additional engine-room or marine engine workshop service as required above.

Qualifying service defined.

24. In the case of candidates for First Class Certificates, qualifying service means service on regular watch as senior Engineer in charge of the main engines or boilers. During the whole of the period claimed, candidates must have been in possession of Second Class Certificates.

In the case of candidates for Second Class Certificates, qualifying service means service as Engineer on regular watch on the main engines or boilers. In no case will time spent in clerical work be allowed to count.

Names on articles.

25 In all cases the candidates' names must have been duly entered on the ship's Articles as Engineers in their proper ratings.

Regular watch.

26. Being on regular watch means being on watch for at least eight hours a day.

Further as to qualifying service

27. Only such service as gives the experience required to make a man thoroughly competent as a sea-going Engineer is accepted as qualifying service. Even for a Second Class Certificate the candidate must prove to the satisfaction of the Examiner that he is qualified by experience and knowledge to act as Chief Engineer in an under-powered steamer of 99 nominal horse-power on a voyage, say, India to Egypt, taking full responsibility for engines and boilers

Sea service.

28. The sea service required by these Regulations is, unless otherwise stated, service performed in foreign-going ships.

Home-trade service.

29. Service in the Home or Coasting Trade is regarded as being equivalent to two-thirds of the same period of time served in the Foreign Trade, except in the case of Indian Coasting Voyages extending beyond a distance of 500 miles from the port of departure in steam-ships commanded by Masters holding Foreign-going Certificates, when such service will count as foreign-voyages, and will be reckoned as full time; but the time spent in the port of departure or Home Port will not be allowed to count. In all cases the length of service is deemed to commence on the date of sailing from the port of departure or Home Port and to end on the date of arrival at the Home Port. Such service must be vouched for in the form laid down in Appendix G.

30. Service as watch-keeper on a lake or river steamer of not less than 66 nominal horse-power may be accepted under the following conditions:—

Lake or river service.

(1) the service will only count half as much as sea service, *i.e.*, every two months of lake or river service is only equivalent to one month's sea service;

(2) candidates for second class certificates must prove, in addition to the lake or river service, at least three months' qualifying service at sea in a steam-ship of not less than 66 nominal horse-power;

(3) candidates for first class certificates must prove, in addition to lake or river service in vessels of 99 nominal horse-power, at least six months' qualifying service at sea, with a Second Class Engineer's Certificate, in vessels of not less than 99 nominal horse-power.

31. Service performed on board auxiliary screw whalers and other vessels with auxiliary steam-power of not less than 66 nominal horse-power in the capacity of Engineer may be allowed to count towards qualifying candidates for examination for Second Class Engineers' Certificates of Competency to the extent of one-half the time the vessel is actually at sea. If the candidate is able to prove a larger amount of time under steam, he will be allowed to count the whole of such extended time.

Service in auxiliary screw steam-ships.

32. Service performed in pilot vessels will not qualify a candidate for examination.

Service in pilot boats.

33. Service in sea-going steam dredgers, trawlers, or tug-boats may be accepted under the following conditions:— Two months of such service is only equivalent to one month's qualifying service. Candidates for Second Class Certificates may perform all their sea service in sea-going steam dredgers, trawlers, or tug-boats, but they must have been on regular watch on the main engines or boilers, and the vessels must not be less than 66 nominal horse-power. Candidates for First Class Certificates must have served in vessels of at least 99 nominal horse-power, and have been in charge of a watch on the main engines or boilers. They must, in addition, have served in a qualifying capacity for at least six months in a foreign-going cargo or passenger steam-ship, or nine months in a home-trade cargo or passenger steam-ship.

Service in dredgers, trawlers or tug boats.

34. Service performed in steam yachts, either within or beyond home-trade limits, may be accepted as equivalent to two-thirds of the time performed in foreign-going trading vessels, provided that the candidate's name is entered on the vessel's Articles and that he can prove, to the satisfaction of the Port Officer, that the time claimed was actually served at sea.

Service in yachts.

Candidates for Second Class Certificates may perform all their service in yachts, but the candidate must have been on regular watch on the main engines or boilers, and the vessel must be of not less than 66 nominal horse-power.

Candidates for First Class Certificates must have served on vessels of not less than 99 nominal horse-power, and must have been in regular charge of the main engines or boilers. In addition they must have served for at least three months in a qualifying capacity on board a foreign-going trading or passenger steam-ship. This additional service will, however, not be required in the case of a candidate who has served for 18 months as first engineer, or for 2 years as second engineer, of a steam yacht of the requisite power.

35. The Government may see fit to allow an applicant who, in consequence of service abroad, has been unable to obtain a Second Class Certificate, to be examined for a First Class Certificate, although he has not obtained a Certificate of the lower grade, provided he is able to satisfy them as to the satisfactory character of his services. If any candidate who has not got a Second Class Certificate of

First class Certificate without a Second class certificate.

Competency fails to pass the examination for the first Class Certificate, but passes that for the lower grade, he may be given a Second Class Certificate of Competency, but no part of the fee will be returned. A candidate who has been permitted to be examined for a First Class Certificate without first obtaining a Second Class Certificate of Competency or service and who fails in his examination in practical knowledge, may not be re-examined for a Certificate of the higher grade until he has served 3 months as watch-keeper with a Second Class Engineer's Certificate of Competency or service as required by the regulations. If the candidate fails altogether, i.e., both in the examination for the lower as well as for the higher grade of Certificate, he may be re-examined for a Second Class Certificate only, subject to the usual regulations relating to failure.

Certificates of service.

36. An officer who has attained the rank of Engineer or Assistant Engineer in His Majesty's Navy or Indian Marine service is entitled without examination, if an Engineer, to a certificate of service as First Class Engineer, and if an Assistant Engineer, to a certificate of service as Second Class Engineer. These officers may be examined for a certificate of competency on the same conditions as Engineers of the Mercantile Marine.

An officer who has attained the rank of Artificer Engineer in His Majesty's Navy or Indian Marine service is also entitled without examination to a certificate of service as Second Class Engineer.

Application of Naval Officers.

37. The Lords Commissioners of the Admiralty have directed that applications from officers of the Navy for Certificates of service or for permission to be examined for Certificates of Competency must, in the case of officers on the active list, be made through the Commanding Officer to the Secretary to the Admiralty, and in the case of officers on half pay direct to the Secretary to the Admiralty, who in either case will forward the applications to the Board of Trade.

Masters and Mates' Examination in steam.

38. Particulars of the examination of Masters and Mates in steam will be found in Appendix E.

Certificates.

39. The term Certificate in these Regulations means a Certificate issued by the Board of Trade or by a British Possession under the provisions of the Merchant Shipping Act.

Conduct of the Examinations.

Commencement and duration of Examinations.

40. The examinations will commence early in the forenoon, and will be continued from day to day until all the candidates whose names appear upon the Examiner's list on the day of examination are examined

Examination of engine room Artificers.

41. Chief Engine Room Artificers, and Engine Room Artificers in the Royal Navy, may be examined for Certificates of Competency on the same conditions as Engineers of the Mercantile Marine.

Candidates to be punctual.

42 Candidates are required to appear at the Examination room punctually at the time appointed.

Tables cleared.

43. Before commencing the examination, the tables and desks must be cleared of all scraps of paper or books that are not used in the examination, and care should be taken that the candidates do not bring into the examination room any book or paper.

Strangers not admitted.

44. No persons will be allowed in the rooms during the examinations other than those whose duties require them to be present.

No instructors will be allowed on the premises.

Blotting paper.

45. A sheet of blotting paper will be issued to each candidate with the first examination paper, and it must be returned to the Examiner when the last paper is completed each day. The Examiner will be careful to see that the blotting paper has not been used by the candidate in solving his problems, or for conveying information to other candidates.

All work to be shown.

46. No candidate will be allowed to work out his problems on a slate or on waste paper or to write on the blotting paper supplied for his use in the examination.

Violation of this rule will subject the candidate to all the penalties of a failure.

Additional sheets of paper will be supplied by the Examiner if required, but they must be attached to, and form part of, the examination papers.

47. All books necessary for the use of candidates under examination will be provided by the Government, and candidates are prohibited from bringing into the examination room books or papers of any kind whatever. The slightest infringement of this regulation will subject the offender to all the penalties of a failure, and he will not be allowed to present himself for re-examination for a period of three months.

Books and papers strictly forbidden.

48. Candidates for First Class Certificates have to pass an examination in rough working drawing, which may, in the candidate's option, be either hand sketches clearly dimensioned and complete in the necessary views and sections, or drawings to a scale. Drawing boards and T squares will be provided by the Government, but the applicants will have to bring with them any drawing instruments they may require.

Instruments are provided.

49. Candidates should be so placed as to prevent one copying from another, and no communication whatever between the candidates should be allowed.

Candidates' places.

50. In the event of any candidate being discovered referring to any book or paper, or copying from another, or affording any assistance or giving any information to another, or communicating in any way with another, during the time of examination, or copying any part of the problems for the purpose of taking them out of the examination rooms, he will subject himself to all the penalties of a failure, and will not be allowed to be examined for a period of six months.

Penalty for copying, &c.

51. No candidate may leave the examination room without permission and without giving up the paper on which he is engaged. Under no circumstances will the same paper be returned to him, but the Examiner may substitute other data, or another question.

Leaving room or building.

52. If a candidate defaces, blots, writes in or otherwise injures any book or form belonging to the Government, his papers will be retained until he has replaced the damaged book or document. He will not be allowed to remove the damaged book or document, and will be subjected to all the penalties of a failure.

Injury books.

53. Perfect silence is to be preserved in the examination room.

Silence.

54. Any candidate violating any of the regulations or being guilty of insolence to the Examiner, or of disorderly or improper conduct in or about the room, will render himself liable to the postponement of his examination, or, in the event of his having passed, to the detention of his Certificate for such period as the Government may direct.

Penalty for breach of rules.

55. The examination of candidates for Second Class Certificates consists of three parts: arithmetic, elementary questions, and *viva voce*; and that of candidates for First Class Certificates of four parts: arithmetic, drawing, elementary questions, and *viva voce* (*see* paragraphs 21 and 22).

Order of examinations.

56. When the number of marks obtained in arithmetic amounts to 28, that is, two-thirds of the maximum, the candidate passes in arithmetic.

Arithmetic.

If the marks obtained amount to 21, but not to 28, and if the applicant has had long sea experience, his testimonials should be taken into account, and his examination continued, if deemed advisable by the Examiner, and he may be passed or failed, having due regard to his practical knowledge, and to whether he is being examined for second class or first class.

57. All engineer applicants presenting themselves for examination will be required to give written answers to ten questions selected from Elementary Questions shown in Appendix B (not published). These questions are intended to furnish a record to some extent of the candidate's knowledge at the time of his examination, and also to induce the

Elementary questions.

candidates to pay more attention to their handwriting and spelling.

"Examiners will require all candidates to fill up a form, Exn. 15b,* and they will forward it to the Port Officer, together with the report of the examination."

The questions for both classes of engineers will be taken from the same series of Elementary Questions; and candidates for first class certificates are expected to show their superiority by giving answers more complete than those of the other candidates.

Viva voce.

58. Having regard to the fact that when the verbal examination is held, the candidate has already passed in arithmetic, and, if a first class candidate, in drawing, and has also written answers to the elementary questions, the Examiners will deal with practical, rather than theoretical questions in this division of the examination; and no candidate should be failed without having been well cross-questioned on the points for which failure takes place.

Moreover in cases where the Examiner approves of the elementary paper but fails the candidate for lack of practical knowledge or for elementary, a written account of the points failed in must be forwarded to the Port Officer with the elementary papers and the report Exn. 15.

The elementary questions to be answered on Form Exn. 15b* are good starting points in *viva voce* examinations. With the candidates' written answers before the Examiner, the same question can be put in a way requiring an answer in another form. Each question may be developed into several according to the circumstances of the case, *e.g.*—

1. What is made of? Of what parts does it consist?
2. What is its use?
3. What attention does it require at sea?
4. What attention does it require in port?
5. When it becomes defective, what is it that principally goes wrong with it?
6. How is it repaired?
7. What alteration may prevent a recurrence of the defect?

It is considered of great importance that engineers presenting themselves for examination should have an extensive knowledge of the particulars of actual casualties which have occurred at sea and be able to state how these might have been prevented, and how remedied. Sometimes an engineer presents himself who has had no personal experience of any defects, and who can tell nothing about casualties to machinery which have occurred in the experience of others: such candidates should be closely questioned as to their knowledge of boiler and engine construction and the repair of same.

The management of engines and boilers at sea, the duties of the engineer on watch, the work to be done to the engines, boilers, and auxiliary machinery in port, and the periodical examinations of the working parts, form part of the *viva voce* examination.

Reports of examination.

59. Reports of examinations on the form Exn. 15, together with the Examination Papers, should be forwarded to the Port Officer immediately the examinations are completed.

General.

60. Certificates of Competency shall be made and issued by the Government in the forms hereunto annexed.

61. Every Certificate of Competency shall be made in duplicate, and one copy shall be delivered to the person entitled to the Certificate, and the other shall be kept and recorded by the Port Officer of Calcutta.

62. No application from the holder of a certificate granted by the Government of any other British Possession or by the Board of Trade to be examined for a certificate of the same legal value shall be entertained.

* *See* Appendix A.

APPENDIX A.

FORM EXN. 15*b*.

Form to be filled up by all candidates at the commencement of the examination.

Port	Class for which examined
Date	Candidate's name

A. Where and how long did you serve in works at the making or repairing of engines and boilers?

B. How long and in what capacity did you serve in works on shore other than at the making or repairing of engines and boilers?

C. How long have you served in the engine-room at sea, and in what capacities.

D. With what descriptions of engines have you served at sea? What sizes were the engines?

E. With what descriptions of boilers have you served at sea?

F. What engine defects or defects to auxiliary machinery have come under your notice; what caused these defects, and how were they remedied? Give the names of the steamers for verification.

G. What boiler defects have come under your notice; what caused these defects, and how were they remedied? Give the names of the steamers for verification.

APPENDIX B.

ELEMENTRAY QUESTIONS.

1.

What parts of an engine are generally made of wrought iron?

2.

What parts of an engine are generally made of cast iron?

3.

For what parts of an engine is steel sometimes used?

4.

What parts of an engine are generally made of brass or gun-metal?

5.

Where is "white metal" sometimes used? On account of what property possessed by it, is it adopted? What objections is there to its more general use?

6.

For what parts is Muntz metal sometimes used? Is it malleable? For what properties is it valued?

7.

What difference is there in the composition of cast iron, of wrought iron, and of steel?

8.

How can cast iron, wrought iron, and steel be distinguished from each other?

9.

What are the different properties of cast iron, of wrought iron, and of steel?

10.

What is meant by the terms "breaking stress," "proof stress," "safe working stress?"

11.

What is the cohesive strength, or breaking stress, of good-ordinary wrought iron?

12.

Tempering steel: how is it done, and in what order do the colours come?

13.

What is case-hardening?

14.

Which of the common metals or alloys can be forged, and which of them are brittle or "short?"

15.

What is meant by "welding?" Which of the common metals can be welded?

16.

The expansion of metals by heat; give examples of this in the engine and in the boiler.

17.

In the construction of steel cylindrical marine boilers for what parts have the plates to be worked hot? What precautionary treatment of these plates is afterwards necessary?

18.

In what parts of cylindrical marine boilers is the strongest riveting employed? In which of the shell seams is it most necessary?

19.

What is "caulking," and how are seams prepared for caulking?

20.

Describe the different ways of fastening the ends of the main stays of a boiler. What are the merits of, or objections to, the different plans?

21.

What stress per square inch is allowed on boiler stays?

22

Describe a riveted stay, and state where such stays are commonly used.

23.

Where are thin plates to be looked for in a boiler as it wears, and how is the thinness to be detected?

24.

How are boiler tubes fixed? What are "stay tubes," and how are they secured?

25.

Where is it generally that boiler tubes leak? How is this defect repaired? What are the causes of this leaking?

26.

What are the causes of cracked tube plates? Where are the cracks situated? How are they repaired?

27.

What is the difference between a "dry uptake" and a "wet uptake"? Which requires most repair? Why? Where have you seen a wet uptake?

28.

What is a superheater? What is its construction? What valves are on it? There is sometimes a gauge glass on it; what is that for? Are superheaters now in general use?

29.

What parts of a marine multitubular boiler are first injured by shortness of water?

30.

Where are angle irons sometimes used in the construction of a boiler, and where are flanged plates used?

31.

Priming; to what causes is it attributed? What means are applied to prevent it? What evils may be produced by it?

32.

Funnel draught; what makes it? What checks it?

33.

Flame sometimes seen at the top of the funnel; what causes this appearance? Is it beneficial or is it detrimental? Why so?

34

A blast pipe: what is its construction? Where is it placed? For what is it used?

35.

How many bottom blow-off cocks are generally fitted to each boiler, and why are they so fitted?

36.

Blow-off cocks are sometimes fitted with a spanner guard? For what purpose is this? Describe how the guard is formed.

37.

Water-gauge test cocks; where are they placed? At what heights? Must the cocks themselves be at those heights? What provision is made for cleaning these cocks, should they ever become choked? When there are no test cocks, how is the height of the water ascertained?

38.

What is a dead-weight safety valve? Of what are the rubbing surfaces formed? How is a lock-up valve arranged to admit of lifting it or of turning it round, and to prevent adding to the weight?

39.

About what area of safety valve is now required by the Board of Trade? What is the effect of suddenly opening a safety valve when steam is up? To about what extent do safety valves rise when blowing off without being eased by hand?

40.

Spring-loaded safety valves: what advantages have they that are not possessed by dead-weight valves? What are the disadvantages, if any, as compared with dead-weight valves?

41.

Of what pieces does a glass water gauge mounting consist? How does it act? Where is it placed? At what height? Is it liable to derangement? How is its working tested?

42

Glass water gauges have sometimes pipe connections top and bottom: what is the object of this arrangement? Should there be cocks at the extremities of these pipes? Why? or why not?

43.

Describe a Bourdon steam gauge. Some gauges have an inverted syphon pipe below them; what is its use?

44.

Why is a small cock sometimes put on the pipe leading to a steam gauge? Where should it be placed, and what error might be made by omitting to use it?

45.

Do steam gauges indicate the total pressure of the steam, or only a portion of that pressure? What is the pressure measured from?

46.

What is meant by the salting of the boiler? How is this prevented? What is the density of ordinary sea water? How is the density ascertained? What is the difference between the formation of scale and the salting of the boiler? What is the maximum density at which boilers should be worked at sea? In the event of condenser tubes leaking, what is the minimum density at which boilers should be worked? Give your reasons.

47.

Scum cocks and pipes; how are they arranged? Where are they placed? At what height in the boiler? When are they used? When must they be shut? Neglect of these cocks lead to what dangers.

48.

Scale; of what does it consist? Where is it most objectionable? How is it removed? How is its formation prevented? What evil effects are produced by it?

49.

What is a Salinometer? Of what does it consist? How does it act? How is it graduated? Can it be used at any temperature indiscriminately?

50.

What harm may be done through the check valve of one of a set of boilers being defective while under way? How would you work to avoid this harm?

51.

How is the leak from a split tube stopped in a boiler at sea? *Describe the operation.*

52.

What is the use of dampers? Where are they fitted? When should they be used?

53.

When there are no dampers fitted, what is used instead? What evil to the boiler is sometimes attributed to this? When the heating surfaces are clean, does this occur?

54.

Describe the piston of a steam cylinder, with its different rings and their uses. There are generally round pieces let in flush on one side of a pistion; what are they? How are these pieces fixed?

55.

Cylinder drain cocks; what is their use? There is sometimes a valve upon each cock; what purpose does it serve?

56.

Cylinder escape valves; of what do they consist? How protected? How regulated? When are they most needed? To what danger do they expose the engineer? What precaution is sometimes used to obviate this danger?

57.

What is a compound engine? What different kinds are there for screw steamers, in respect to the number and arrangement of their cranks and cylinders? What is a triple expansion engine?

58.

What is link motion? What are some of its advantages? In modern engines for the screw propeller, when there is no link motion, what takes its place?

59.

What is a separate expansion valve? Why is it not fitted to all engines? What effect has an expansion valve upon the starting and upon the reversing of the engine?

60.

What arrangement is applied to reduce the friction of a slide-valve? To what is the friction due?

61.

Describe a loose eccentric; how does it act? In what engines are the loose eccentrics still employed?

62.

What is the travel of the eccentric rod? How is it measured on the eccentric? What is the travel of the slide valve when the link motion is in mid gear, and the engine still moving?

63.

What are "double beat valves"? What objections are there to their use?

64.

What is a circulating pump? Is it always worked by the main engine? Give an example from your last steamer of the three water temperatures generally noted by careful engineers.

65.

An air valve is sometimes fitted to a circulating reciprocating pump; what purpose does it serve?

66.

What is the difference between a bucket air-pump, a piston air-pump, and a plunger air-pump?

67.

Whether are double-acting air-pumps made with plungers, with pistons, or with bucket? Circulating-pumps: describe their construction and action.

68.

What is an air-pump trunk? When is it necessary? How is it attached to the bucket? Centrifugal pumps describe their construction and mode of working.

69.

What class of air-pump requires both foot and delivery valves, and in what other class can either of these valves be in some cases dispensed with?

70.

What are marine governors? What is their general construction? How do they act?

71.

With a surface condenser and a single acting air-pump, what is the effect of a leaky foot valve, and what is the effect of a leaky bucket when there is also a foot valve?

72.

Air-pump pet cock or valve; where is it placed? How does it act? What is its object? Does it in every case reduce the effective capacity of the pump? Is it equally applicable to double-acting pumps?

73.

At what temperature is the hot well worked? What is the effect of higher temperatures? What is the effect of lower temperatures? What limits the lowness of temperature? Has a very low temperature any disadvantages?

74.

Bilge injection with common condensers; what are the fittings required? When is it used? What precautions are necessary in using it?

75.

When surface condensers are used, what takes the place of the bilge injection? To what is the connection made? How is its valve formed? Why is this necessary?

76.

What are the practical guides to the proper amount of opening of the inlet valve for the circulating pump?

77.

Feed-pump pet-cock or valve: where is it placed? What is its use? How does it act? Is it always a necessary fitting?

78.

What are some of the ways of fastening the ends of surface condenser tubes? About what size and about what thickness are condenser tubes? What parts of a surface condenser are made of brass?

79.

What is a blow-through valve or cock? To what is it attached? There is sometimes a valve that when opened admits steam from the slide valve casing to the exhaust port. what is its use? To which cylinder is it fitted?

80.

What ar[e] snifting valves? Why are they generally omitted now?

81.

What connexions are generally fitted to the donkey pump and to what services can it be applied?

82.

When the engines are stopped with steam up, what are to be shut and what are to be opened?

83.

How is an engine heated up before starting? What precautionary examinations are made before starting?

84.

What is an interceptor or catch-water? Where is it fixed, what is its construction, how does it act, and what attention does it require?

85.

Describe an air-pump bucket, with its valve or valves and its packing Of what are the valves generally made?

86.

Of what materials are air-pump rods made? Why so?

87.

What is the racing of the engine? When does it occur? What danger attaches to it? What is done to prevent it?

88.

When under way, when the air-pump bucket is at the top of its stroke, at what height is the water in the condenser?

89.

What is meant by the "pitch" of a screw propeller? How is it measured?

90.

Explain the difference between a "right hand" and a "left hand" propeller, and state how each of them revolves.

91.

What is the slip of a screw propeller? How is its amount expressed in figures?

92.

Which of the valves about engines and boilers have to be worked by hand, which of them work self-actingly, and which are worked by the motion of the engine?

93.

Why is soda sometimes put into a boiler, and how is it put in when under way? What is the kind of soda used?

94.

Tallow cups for cylinders were sometimes made with two small cocks, or with only one small cock, or with one large hollow plug cock, or with one small cock and a valve: which of these is suitable for a high-pressure cylinder, and which for the cylinder of a condensing engine? Describe how the cup with only one small cock is used. What is now generally used instead of these? How has this change come about?

95.

Does a cylinder escape valve, self-acting, allow all the water to escape? If not, how much is left in the cylinder?

96.

What is a "Steam Lubricator" (sometimes called an Impermeator)? Explain its action? To what part of the engine is it connected? Whether will throwing cold water over it make it work faster or slower? Describe the one used in your last steamer?

97.

A common paddle wheel: of what is the centre made? Of what are the arms formed? What is the form of the bolts which attach the floats to the arms? How are the arms attached to the centres?

98.

Why have some paddle wheels one or more cast-iron floats in each wheel? With what engines are these most required? At what part of the circumference are they placed?

99.

Why are paddle wheel floats sometimes made of different breadths in the same wheel? With what description of engine is this most needed? Where are the broad floats placed and where are the narrow floats placed in the circumference of the wheel?

100.

What difference is there between a radial paddle wheel and one with feathering floats? What is the object of feathering floats? Are all the eccentric rods attached in the same way, and are they all of the same form?

101.

Whereabout is the centre of the eccentric of a paddle wheel with feathering floats placed? In that case are the feathering leavers on the striking face or on the back of the float? When the paddle shaft has an outer bearing, how is the eccentric made?

102.

Of what materials are the working surfaces of a paddle wheel with feathering floats? How are they lubricated?

103.

What is a "Disconnecting Paddle Engine?" At what place is the disconnecting effected? How is it accomplished? In which of the cranks of a disconnecting engine are the crank pins fixed?

104.

Whether is link motion valve gear or the loose eccentric generally used for disconnecting paddle engines? For what steamers are disconnecting paddle engines frequently employed?

105.

What are expansion joints? Where are they necessary? What attention do they require? Of what should the working surfaces be made?

106.

What omission in the construction of expansion joints may lead to a serious accident when steam is first applied? How is this prevented in the construction of a steam trunnion pipe for an oscillating engine?

107.

Describe an oil cup with a syphon worsted? How is the worsted arranged? How is it cleaned? How far down the tube does it extend?

108.

Describe a thrust bearing; which of the surfaces wears? Why are there sometimes a number of oil tubes for one thrust bearing?

109.

What parts of a screw shaft are generally covered with brass? Why is this necessary? About what thickness is the brass?

110.

What is the stern tube or screw shaft pipe? Why is a pipe of such a length required? Of what is it made? How is it fixed at each end?

111.

What is a *lignum vitæ* bearing? How is the wood fitted? Where is such a bearing generally used?

112.

How is a screw propeller fixed on the shaft? What means are used to prevent its getting loose at sea?

113.

Where are sluice valves placed? What large sluice valve is there in almost all screw steamers? From what position should this valve be worked? Why so? What attention should it receive?

114.

With a condensing engine; what valves or cocks are on the skin of the ship in the engine-room and in the stokehole?

115.

What are the necessary fittings of a marine boiler?

116.

With a face condensing engine, what cocks or valves are opened me time before the engine is started so as to be ready for s g whenever the order is given?

117.

What is steam jacket? What cocks are on it? In what eng are jackets most generally used? Do they require to felted?

118.

What parts of an engine or its fittings should be felted or otherwise protected from radiation?

119.

What are the small cylinders sometimes fitted on the slide valve casing cover of vertical engines? Explain their action. To what are they connected by a pipe? Why so?

120.

Name the principal pipes in connection with the engines and boilers of a steamer, and state to what the ends of these pipes are connected?

121.

Through what cocks or valves, pipes and chambers does the water pass on its way from the sea inlet rose plate to the water space of the boiler, with a jet condenser?

122.

Through what cocks or valves, pipe and chambers does the circulating water of a surface condenser pass?

123.

Through what cocks or valves, pipes and chambers does the steam pass from the boiler until it is in the from of water in the hot well?

124.

Name the pieces of the engine through which the pressure of the steam is transmitted from the piston to the screw propeller? Name them in the order in which they act?

125.

What is an air vessel? How does it act? At what parts of an engine or of its fittings are air vessels generally applied?

126.

What is the construction of a mudbox? Where should mudboxes be placed? Why are they necessary? How should the space be divided by the rose plate, and why?

127.

What is a trunk engine? Why has it fallen into disuse?

128.

What is an oscillating engine? For what steamers are oscillating engines generally adopted? Why? How is the steam conveyed to and from the slide valve casing?

129.

Of what parts does the valve motion gear of an oscillating engine consist.

130.

For what have geared engines sometimes been used? Of what were the cogs of the large wheel made?

131.

At what part of a screw steamer is the pressure that propels it applied to the hull?

132.

At what part of a paddle steamer is the pressure that propels it applied to the hull?

133.

About how much fuel per indicated horse-power per hour is required by modern steam engines, common, compound, and triple expansion?

134.

What is the explanation of the economy of the surface condenser?

135.

What is the construction of a surface condenser? Of what are its tubes made? How are they fixed? How are they kept tight? What is done with a split tube?

136.

Where do surface condensers foul? How are they cleaned?

137.

What non-conducting substances are employed to prevent radiation, and how are they applied?

138.

In the construction of smoke-box doors and of dry uptakes, what provision is made to lessen the amount of radiation?

139.

How can the formation of black smoke be prevented? Describe smoke-preventing apparatus?

140.

What is meant by "circulation" in a boiler, and what are the results of defective circulation?

141.

What means are sometimes adopted to improve the circulation in a boiler?

142.

By what arrangement is the circulation promoted in a "hay-stack" boiler?

143.

Describe a ship's side air-pump discharge valve; in what respects does it sometimes differ from a common stop valve, and what attention does it require?

144.

What is the construction of a feed escape valve, to what is its discharge connected, and how is its loading regulated? Where should the escaping water flow?

145.

When there is no feed escape valve, what is the arrangement of the feed valves or cocks?

146.

What is the measure of a horse-power? How is indicated horse-power ascertained?

147.

Has "nominal horse-power" a fixed meaning? What is the use of this expression? What is generally taken as the measure of one horse-power nominal?

148.

What is "back pressure" in a cylinder? About how much is it in each of the cylinders in your last steamer? Is excessive cushioning ever a trouble under certain conditions in modern engines? Say when and why and in which cylinder this occurs?

149.

What is meant by "speed of piston?" About how much is the speed of piston in modern marine engines?

150.

What is "atmospheric pressure?" What is its average amount? What instrument tells this amount?

151.

What is "gross pressure" or "absolute pressure?" What pressure is it that is shown by the steam gauge?

152.

What is meant by "cutting off" steam? How is it done? What part of the valve regulates the cut off?

153.

What is a piston slide valve? Describe its construction? Why are such frequently employed in place of the common slide valve? What is a great drawback to the use of these valves?

154.

What fixes the time of closing the exhaust? After the exhaust is closed and before the port opens for steam, what becomes of the steam that is in the cylinder?

155

What is the "lead" of the valve? What is its object? About what amount is it?

156

What is the "cover" or "lap" of the valve? What is its object? About what proportion of the stroke of the valve is it made?

157.

What is the "exhaust cover" of a side valve? What is its effect upon cushioning and upon exhaust?

158.

What is "minus cover" or "minus lap" on the exhaust? What is its effect upon the exhaust and upon cushioning?

159.

What is "cushioning" or "compression" in a steam cylinder? How is it affected by the amount of cover or of minus cover there may be upon the exhaust? How is it affected by the exhaust pressure?

160.

What is "mean effective pressure?" How is its amount ascertained?

161.

What is a dial vacuum gauge? What is its construction? For what is it used? About what amount should it show when the engine is working all right? What effect has the variations it indicates on the performance of the engine?

162.

Does the vacuum gauge enable you to tell what pressure there is in the condenser, or must you have recourse also to the barometer to arrive at that? How would you

ascertain the actual amount of back pressure there is in the condenser?

163.

What is a barometer? What is its construction? Is a barometer sometimes used instead of a vacuum gauge? In what respect does the weather barometer differ from the vacuum gauge barometer?

164.

The common vacuum gauge and the common steam gauge: in which of them are the graduations marked from atmospheric pressure? Does either of them tell what is the true actual pressure in the boiler or in the condenser?

165.

Do steam and vacuum gauges vary with the variations of the weather barometer? When the weather barometer varies from 29 to 31, how much will the vacuum gauge vary and how will that affect the working of the engine? Why?

166.

Vacuum is generally stated as so many inches. What is meant by, say, 20 inches vacuum? What does that tell us about the absolute pressure of the vapour then in the condenser?

167.

From what depth will a pump draw water? Is there any limit? Why?

168.

What is vacuum? Can vacuum move a piston? When the temperature of the water in the condenser is 212°, what is the greatest degree of vacuum there can then be in the condenser?

169.

What is a thermometer? its construction? What is the property of matter that is the principle of its construction? What temperatures are regularly noted by careful engineers?

170.

What is the temperature of (1) melting ice, (2) of boiling water, (3) of steam about 60 lbs pressure by the steam gauge, (4) of steam about 100 lbs., and (5) of steam about 150 lbs., also (6) smoke in the funnel, and (7) of water in the hot well?

171.

What is meant by the "conduction" of heat? Give examples of it in the boiler and in the engine.

172.

What is meant by the "convection" of heat? Give examples of it in the boiler and in the engine.

173.

What is meant by "radiation" of heat? Give examples of it in the boiler and in the engine.

174.

Which is convection, which is radiation, and which is conduction in the following cases?:—(1) Heat from the glowing fuel to the furnace crown. (2) Heat passing from one side of the furnace crown plate to the other. (3) Heat passing from the steam pipes in the engine room. (4) The heat of evaporation.

175.

What are the effective heating surfaces of a marine boiler?

176.

What parts of a marine engine are exposed to danger when the temperature is below freezing point?

177.

What precautions are necessary in cold climates when the temperature is below freezing point?

178.

State as many ways as you can by which a boiler might not get its full feed. A boiler, or one of a set of boilers, gets short of water although the feed valve is open its proper amount: to what causes might this be due?

179.

Of what are furnace bars generally made? About what thickness are they at the top? About what space is between them? Whether are the bars put further apart for Newcastle coal or for Welsh coal?

180.

Which burns faster—Newcastle coal or Welsh coal? Which is the flaming coal? Which makes most smoke?

181.

About how many tons of steam coal will be burnt per day in four furnaces, each of 6" wide, and of about the usual length? On what grounds do you say so?

182.

About how many tons of steam coal will be burnt per day with good triple expansion engines to drive an ordinary steamer of 40 feet beam 16 knots an hour by steam alone? On what grounds do you say so? What percentage more coal would be required to propel the same steamer one knot faster?

183.

About how may tons of steam coal will be burnt per day, with a good triple expansion engine, surface condensers the low pressure cylinder 60 inches diameter, doing average work? On what grounds do you say so?

184.

A pair of inverted cylinder direct acting engines, there is a liner half an inch thick between the ahead eccentric rod and the eccentric strap; in overhauling the engine this piece is lost and forgotten; what difference will its omission make in the working of the engine, on the admission, on the cut off, and on the exhaust of the steam? Which will take place earlier and which later, distinguishing between the up stroke and the down stroke?

185.

A pair of inverted cylinder direct acting engines driving a right-hand screw: on which of the crosshead guide bars is the pressure greatest in the up stroke, and on which in the down stroke?

186.

A screw propeller is getting loose, it has a little play on the shaft, sideways on the key or feather: how will this show in the engine-room.

187.

How would you prove whether the centre line of the trunnions of an oscillating cylinder be fair with the centre line of the main shaft?

188.

How can the fairness of a line of screw shafting be tested without lifting the shafts?

189.

Where are steel forgings generally used in marine engines?

190.

What is the composition of nickel-steel? Where is it sometimes used in engines and boilers?

191.

How is forced draught generated on board ship and supplied to boiler-furnaces? Is the air heated before delivery? If so, how?

192.

What is "induced" draught? Compare the merits of "forced" and of "induced" draughts?

193.

How is the intensity of the draught measured? What is the usual pressure employed in the mercantile marine?

194.

An explosive gas is liberated from bunker coal. Usually in well ventilated bunkers this gas escapes into the atmosphere without doing harm. In ill-ventilated bunkers the gas after mixing with a certain proportion of common air has been known to explode when a naked light has been brought in contact with it. What is the composition of the gas? Where is it found, in bunkers, 'tween decks, pockets,

and coal shoots? How may it be got rid of as soon as it evolves from the coal? How many cubic feet of air to one of the gas forms a violent explosive mixture?

195.

A lighted lamp or candle has sometimes been lowered into an apparently empty paraffin tank and produced an explosion resulting in injury to the person holding the light. What did the tank probably contain, and what produced the explosion?

196.

In vessels carrying coal-cargoes it has been observed that, generally speaking, the gas which escapes from the body of the coal is found more abundantly at the forward end of the hold than at the after end. Why should this be so?

197.

In recently opened ballast tanks, double-bottoms, and boilers, a light lowered into either has sometimes been extinguished. What would, in all probability, cause this?

198.

In double-bottom steamers where does the bilge water lie, and where are the roses of the bilge pipes fitted?

199.

What is the advantage of a large rose over a small one?

200.

Why, especially in vessels carrying cargoes liable to shift, should engine bilge suctions be fitted to both wings of the bilge?

201.

In a heavily listed vessel, why is it difficult to keep steam?

202.

If the engine bilge pumps get choked and water accumulates in the stokehold bilges, what effect does the water have upon the bilge boards and stokehold plates, when the ship is rolling violently?

203.

In a triple-expansion engine, what spare gear do you consider necessary in the case of a foreign-going ship? Also, what stores would you provide for a voyage to New Zealand?

204.

What means are sometimes provided for temporarily coupling together the broken parts of, say, a tunnel-shaft? Describe the fitting?

205.

Does the pressure on the thrust-collars vary with the horse-power, or with the speed of the ship, or how?

206.

If the holding-down bolts of a thrust-bearing should become slack, what effect would it have upon the working of the engines?

207.

In an engine with three cranks, which of the three is subject to the greatest torsional stress (1) in going ahead, (2) in going astern?

208.

Is it usual to make the crank shaft of a triple or quadruple expansion engine in one piece? And is the diameter of the shaft uniform from end to end? Give your reasons for the practice which obtains?

209.

In a "built" crank shaft how are the webs rigidly secured to the pins and to the body of shaft?

210.

There are various descriptions of donkey engines in use on board ship for pumping purposes. Some pumps are fitted with escape-valves, some are not. Why should this be?

211.

Explain the function of an air-vessel fitted to a feed pump. Make rough hand sketches of (1) a satisfactory vessel, (2) an unsatisfactory vessel, where, say, the air-spring has been destroyed by carelessness, or has never been properly provided?

212.

Should cocks or escape-valves be fitted to air-vessels? Why, or why not?

213.

Where, by preference, should the escape valve of a feed pump be placed? Why?

214.

Scum cocks are sometimes fitted to boiler-shells at a height convenient for Engineers to manipulate when standing in the stokehold; the scum pipes in such cases are led upward, inside the boiler, to a little above the combustion chamber tops. What danger may arise from this arrangement?

215.

Cocks for testing the water level of boilers are sometimes fitted within reach of the engineer who is standing in the stokehold. These may have internal pipes leading upward and terminating at various levels. Under what circumstances may these become misleading?

216.

Why should the pipe which leads from the bottom of the water-gauge column to the bottom of the boiler-front, or back, be covered with non-conducting material? Why also should it never have lengthy horizontal bends?

217.

In your own experience, how frequently is this pipe removed and cleared?

218.

Why, even with the best of water-gauges, is it advisable to occasionally use the drain-cock?

219.

Steam loops have sometimes been inadvertently made in the length of piping leading from the top of the water-gauge column to the top of the boiler. Roughly sketch such a loop and explain the danger arising from its existence?

220.

Describe your method of thoroughly testing the water-gauge system to satisfy yourself that all the cocks and pipes are clear. Your answer can be written on a supplementary sheet of foolscap, which the examiner will hand you Hand sketches, mere lines indicating pipes and circles indicating cocks, should be made Identify the cocks and pipes by letters or numerals.

221.

Describe the construction of a water-tube boiler, mentioning the type selected?

222.

In a water-tube boiler, how is an economiser fitted, and what is its duty?

223.

How is the water-gauge fitted? Are glass-gauges used?

224

The pressure of the steam in water tube boilers is sometimes greater than at the engines. Why is this, and what percentage above the engine pressure does it amount to? How is this difference of pressure maintained?

225.

Describe any automatic method of feeding water-tube boilers. Of what material are the tubes made?

226.

Describe the construction of any steam turbine you are acquainted with, which is used on board ship. How is the expansion of steam effected? How many propeller shafts are employed, and how many propellers?

227.

Is the same power available to go astern as to go ahead?

228.

Of what material are the propellers made?

229.

How many pounds of coal per indicated horse-power per hour are burnt with this type of engine? Name the type of boiler in use?

230.

Describe one of the several classes of refrigerating machinery in use on board of ship. Several types exist, one being more economical than the rest. Which is it?

231.

Describe the defects to which the selected type is subject. How are the defects overcome?

232.

How frequently are the parts opened out for examination? Name the parts?

233.

How frequently are the condensers of refrigerating plants opened for examination? How frequently are the coils tested by hydraulic pressure? On which side of the coil is corrosion most commonly found? Why should this be so?

234.

Where ammonia is used in refrigerating machinery, should the machinery by preference be isolated? Why? In reply, give what information you possess bearing on the matter naming the ships for purposes of identification.

235.

Explain how the ammonia is removed from the tubes in which it is supplied, and how passed into the refrigerating machine?

236.

What objection is there to the presence of water in the ammonia?

237.

Describe the ammonia process of refrigeration.

238.

Of what material are the parts made which are in contact within the ammonia?

239.

Are escape-valves fitted to the compressors of ammonia machines?

240.

What is the maximum pressure found in the compressors of ammonia machines?

241.

What kind of pressure and other gauges are used in ammonia machines?

242.

Explain how carbolic acid is removed from the tubes in which it is supplied, and how passed into the refrigerating machine?

243.

What objection is there to the presence of water in the carbonic acid?

244.

Describe the carbonic acid process of refrigeration?

245.

Of what material are the parts made which are in contact with the carbonic acid?

246.

Are escape-valves fitted to the compressors of carbonic acid machines?

247.

What is the maximum pressure found in the compressors of carbonic acid machines?

248.

What kind of pressure and other gauges are used in carbonic acid machines?

249.

In which type of machine is brine used? What is its density? Where does it circulate?

250.

Are fans for circulating air used in any of these processes? If yes, why are they necessary?

251.

What means are in some cases employed for ascertaining the temperatures of refrigerating chambers without entering them?

252.

What effect may the swabbing of the compressor-piston rods have upon the working of refrigerating machinery?

253.

What is a rectifier? Explain its use?

254.

Describe the cold-air process of refrigeration?

255.

Of what material are the air suction and delivery valves made? How are the valves kept on their seats?

256.

How many compressors are there to a cold-air machine?

257.

What is the duty of the expansion cylinder of a cold-air machine?

258

What objection is there to the presence of moisture in the air passed through the cold-air machine?

259.

How is water to some extent removed from the air? What is the minimum temperature of the air?

260.

What is the maximum pressure found in the compressors of cold-air machines?

261.

What kind of pressure and other gauges are used in cold-air machines?

262.

In refrigerating engines generally, to where is the exhaust steam led?

263.

Cold-air chambers on board ship are insulated. How insulated, and why?

264.

Is it prudent to allow the wires of an electric circuit to pass through the insulation? Explain fully.

265.

Describe the construction of a feed water-heater and give the name of its manufacturer.

266.

Describe any well-known ash-ejector.

267.

Describe any well-known independent feed pumps.

268.

Are independent feed pumps automatic in their action? Explain the action.

269.

What advantage, if any, have independent feed pumps over feed pumps worked by the main engines?

270.

To about what temperature is the feed water raised by passing through a feed-heater?

271.

What fittings are usually placed on a feed-heater? Why are they necessary?

272.

Describe the construction of a feed filter, enumerating its valves and cocks.

273.

How can the filter be cleaned? and what ingredients are generally removed when cleaning takes place?

274.

What is the intercepting material made of? How is it fitted?

275.

Describe an evaporator, and mention the type?

276.

What fittings are necessary with evaporators?

277.

How is the brine got rid of?

278

How may the coils be cleaned?

279.

What is a dynamo? Describe its various parts? For what is it used?

280.

In what respect does an electric motor differ from a dynamo? Where are electric motors sometimes used on board ship?

281.

Describe a system of electric lighting employed on board ship?

282.

How is the position of a fault in the circuit discovered?

283.

What is "sparking," and may it under some circumstances (naming them) be a danger?

284.

What is "short-circuiting," and to what evil may it give rise?

285.

What means are employed to prevent any part of the circuit becoming overheated?

286.

Describe the features of an arc lamp

287.

Describe the construction of a glow-lamp.

288.

What is the usual candle-power of the small glow-lamps in general use on board ship?

289.

Define the following terms:—Ampère, volt, ohm, watt. What is the measure of an electrical horse-power?

290.

Explain the uses of switches, brushes, commutators, cutouts field-magnets, armatures and resistance-coils.

291.

Why is it desirable to fit a dynamo in a cool place on board ship?

292.

What undesirable effect will ultimately occur to an electric wire, whose sectional area is constantly diminishing, say, through corrosion?

293.

What danger might arise from leading electric wire through coal bunkers?

294.

Is it better to lead electric wires, above or below side-scuttles? Why?

295.

What instruments are used on board ship to ascertain the strength of an electric current?

296.

Many ocean going steamers are fitted with hydraulic cranes &c. From where do they obtain their power? How is the hydraulic pressure kept at a relatively constant amount?

297.

Is any difficulty experienced in working hydraulic cranes in frosty weather? If so, why?

298.

Describe any steam steering gear you are acquainted with?

299.

When the helm is put hard over and the ship is going full speed ahead, what prevents the rudder returning to the amidship position?

300.

In the case of a steamship under way, does the officer, or man manipulating the steam steering wheel, overcome any resistance exerted by the rudder?

301.

Explain clearly what is being done by a helmsman manipulating the wheel of a steam steering engine?

302.

Is there any difference between the amount of horse-power required to put a helm hard over, in a given time, when the vessel is going full speed ahead, and when she is going full speed astern? This question refers to a case of a steamer fitted with one rudder only, and demands a more complete answer than merely "yes" or "no."

303.

What precautions should be taken before removing a manhole-door from a steam-boiler and why are these precautions necessary? In the absence of such precautions what casualties might occur?

304.

Describe the chief features of the engine-governor fitted to a steamer you have served in. Describe its action. Give the maker's name and name of ship.

NOTE.—The following six questions refer to oil-motors, fitted to launches which carry passengers:—

305.

Name the principal parts of an oil motor, and briefly state their functions. Give the name of the makers of the motor.

306.

What kind of oil is usually employed in oil motors? What is its flashpoint? What its specific gravity? What its calorific power? What precautions are taken in its storage to guard the public against casualty by fire or explosion?

307.

How many cylinders are generally used in oil motors? What kind of pistons are fitted? How frequently (measured in revolutions) is explosion per cylinder effected? How is explosion in the cylinder carried out?

308.

Describe how an oil motor is started. If starting prove difficult, where would you chiefly look for defects? How is piston speed modified? How is the speed of vessel varied? How is rever-ing effected?

309.

Before examining an oil motor with a naked light, what steps should be taken for safety's sake?

310.

How frequently should an oil motor, working 12 hours a day, be opened up for examination, cleaned and its parts readjusted? What difficulty arises when the internal parts become foul with carbonized oil?

NOTE.—Questions isolated from their context should be read in the light of the context. Thus the "sparking" referred to in question 283 relates to the sparking in an electric lighting circuit on board ship. See question 281.

APPENDIX C.

EXAMINATION in ROUGH WORKING DRAWING for a FIRST CLASS ENGINEER'S CERTIFICATE of COMPETENCY. (FORM EXN. 17).

1. The regulations in regard to the qualifications of a candidate for a first class engineer's certificate of competency specify that—

"He must be able to make rough working drawings of the different parts of the engines and boilers.

"He must be able to state the general proportions borne by the principal parts of the machinery to each other."

2. In accordance with these clauses, a candidate for a first class certificate is required to make a rough working drawing of the parts specified as on page 34. An engineer who has been some years in charge of marine engines and boilers ought to have familiarly in his mind the general construction of at least one set of engines and boilers, say that set he was last with. Fine drawing is not expected, and in the proportions of the parts a wide margin will be allowed; absurd dimensions will be failure in practical knowledge.

3. The drawing must, however, be practically a working drawing, giving a sufficient number of views to show the parts fully—sections, plans, or elevations, just as the candidate would require to be supplied to him if he had to make the parts to the design of another person

4. A clear hand sketch showing the construction completely and fully dimensioned will be accepted if the candidate prefers this alternative.

5. A portion only of the parts specified may be accepted in place of the whole, if that portion is sufficient to show that the candidate has a good practical idea of the construction of the parts, and a fair notion of their general proportions or dimensions.

6. Candidates are hereby cautioned not to put on paper what they have not fully considered, and deliberately intend to be understood, as their statement of what they know about the construction of any part required.

7. The statements given in by a candidate may be in themselves, apparently, of little importance, but as sample material from which the state of the candidate's knowledge of engines and boilers is to be inferred, every detail which is glaringly inconsistent with a sound knowledge of the use of the part, or in which an essential consideration has evidently been overlooked, is an important element in the description which the candidate is giving of his own qualifications.

8. The candidate is advised not to begin more than he can clearly finish in the time allowed. An important object in this part of the examination is to ascertain whether the candidate can be trusted to mark all necessary dimensions upon a sketch or a drawing. The test of this is, practically, the making of the part from the sketch without having to supply additional dimensions, and without measuring the drawing. To prove this ability the candidate must fully dimension the parts shown in his sketch or drawing, notwithstanding that the parts may be correctly drawn to scale. A drawing is fully dimensioned when no part of it is left to the option of the party who is to work to the drawing.

9. To prevent misunderstanding, however, when the candidate has been led into showing more of the details than he has time fully to finish, he should name, in the statement on the other side, the particular parts which he has fully dimensioned.

10. All dimensions should have lines and darts, to indicate distinctly the points between which the dimensions are given.

11. Beware of writing cross dimensions upon centre lines, or upon longitudinal dimension lines. This is not an order but a recommendation.

12. The candidate is not expected to design anything; he has merely to sketch or draw a something with which he is expected to be already familiar. At the same time he should call attention to any defect in the design of the article or apparatus. Omission to do so will imply want of practical knowledge.

13. Pencil in nothing after half-past 3; all the dimensions, the figures, and the darts must be inked in; employ the remaining time in examining the drawing and in inking in any figures which may have been before overlooked, and in checking the dimensions.

14. Make sure that you will have sufficient room on the drawing sheet to show all the necessary views. You can

have another sheet of drawing paper if necessary. All the paper used must be forwarded with the drawing.

SUBJECT FOR EXAMINATION IN ROUGH WORKING DRAWING (FORM EXN. 17A).

(Specimen).

Read the foregoing general instructions.

A common slide valve with its spindle. Show also an outline section of the ports at the cylinder face. Show the provision for connecting the slide valve to the spindle.

The candidate is requested to fill up the following, and to attach this paper to his drawing :—

STATEMENT BY THE CANDIDATE.

The accompanying drawing, made by me this day, without referring to any document, and without the assistance of any person, is intended by me to be sufficient for the new construction of the parts above described to fit the place of similar parts which are to be removed. APPENDIX D.

READING THE WATER-GAUGES.

NOTWITHSTANDING that the reading of the water-gauge is made a special feature in the examination of engineers, many boiler casualties result from the engineer of the watch either not understanding the construction of the water-gauge fittings or not satisfying himself by actual trial that the cocks, pipes, &c., are clear.

In one case, two furnace crowns came down in a steamer that was just starting on a voyage. The engineers were satisfied that there was plenty of water in the boiler because the water-gauge showed full glass, and they called the attention of a Board of Trade Surveyor to this fact as being conclusive evidence that the casualty could not have resulted from shortness of water. On examination of the fittings, however, it was found that the cock between the boiler and the steam pipe leading to the gauge was shut, having been carelessly left in that position on the previous day when the mountings were overhauled for survey. Directly the cock was opened the water disappeared from the gauge-glass, and the second engineer admitted that he had blown down the boiler in order to lower the water level, as the glass was full.

*. Run the pen through the words that do not apply.

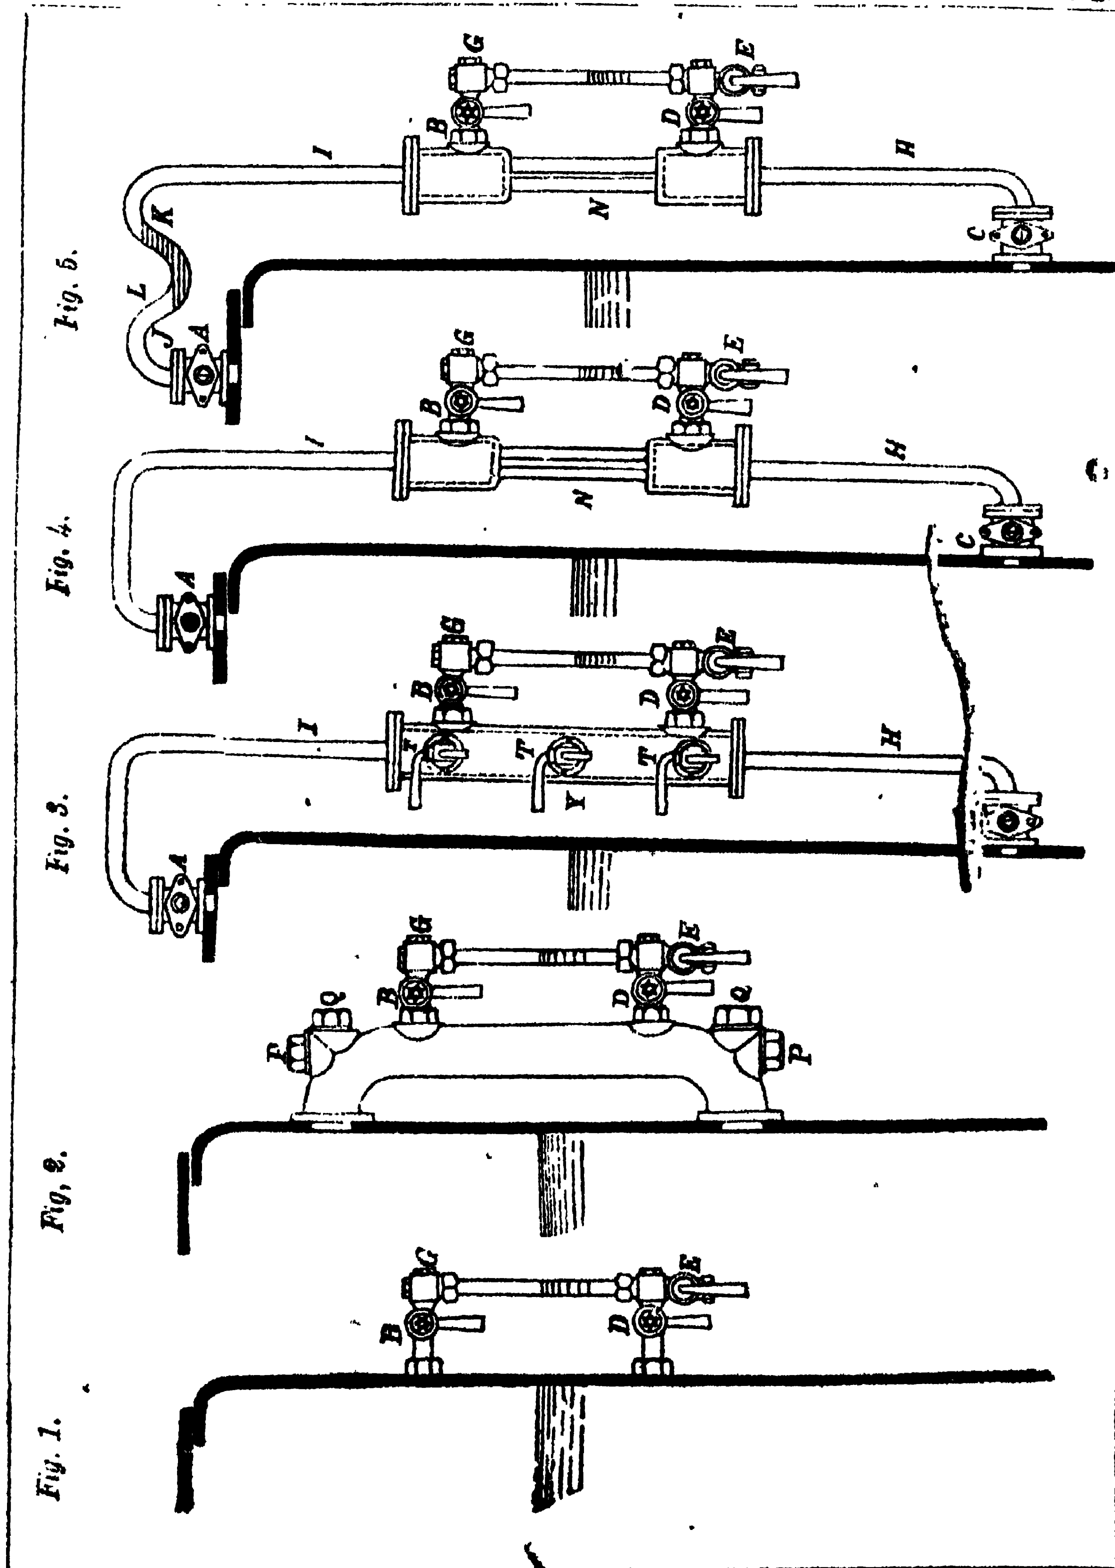

Many steamers have had their furnaces brought down at sea in a similar manner to the above through what the engineers of the watch have called "false water in the glass,' and which on examination has been found to result from the top communication being chocked.

These casualties resulted from what, to say the least, was bad management, not false water.

Unless a candinate under examination is able to prove that he understands how to verify the indications of the water-gauge, he should not be passed in practical knowledge, and, as failure in practical knowledge involves the candidate going to sea for another three months before being eligible for re-examination, the examiner should explain to such candidate his error, after failing him, in order to prevent further casualities resulting from his want of knowledge on this subject.

The sketches, Figures 1, 2, 3, 4, and 5, Plate I, represent the usual methods of attaching water-gauge mountings to marine boilers. The important features in each gauge and the method of verifying its indications are dealt with separately in the following remarks:—

Plate I.

REFERRING TO FIGURE 1 ONLY.

In this case the water gauge cocks are attached direct to the boiler, and the accuracy of the gauge when the boiler is under steam can be tested as follows:—

First.—Let B remain open, then close cock D and open cock E, and if steam issues it proves that cock B and the passage through the top fitting and gauge glass are clear. If no steam or water issues, either cock B or the passage through the top fitting and gauge glass is choked and the gauge cannot act properly until the obstruction is removed.

Second.—Close cock B and open D and E, and if water issues, cock D is clear. If no water or steam issues, either cock D or the passage from the boiler through the lower fitting is choked and must be cleared before the gauge can act properly.

REFERRING TO FIGURE 2 ONLY.

In this case the gauge cocks are attached to a bent pipe of comparatively large diameter (at least 3 inches in the bore), the upper end of which communicates with the steam space, and the lower end with the water space of the boiler. Owing to the bore of the pipe being large it is not liable to become choked or stopped under the ordinary conditions of working. The water-gauge is, therefore, in practically the same condition as if it were attached direct to the boiler, as in Figure 1. This gauge, when at work, is tested in precisely the same manner as the one shown in figure 1.

Screw plugs are inserted at PP and QQ, by the removal of which the apertures in the pipe can be cleared, if necessary, by the insertion of a wire or rod when steam is down.

REFERRING TO FIGURE 3 ONLY.

In this gauge there is an open communication from A to C through the column Y, and in order to "blow through the *glass*" it is only necessary to shut cocks D and B alternately, keeping E open. But to "blow through the *water-gauge*," including the pipes H and I, it is necessary, after blowing through the glass as described above, to shut A and C alternately, at the same time keeping B, D and E open for such time as will ensure the complete discharge of the contents of the gauge and its connections. When B, D and C are clear and A choked, the steam lodging in the glass and in the pipe I leading from column Y to A becomes condensed, and the water flowing through C to take its place rises in column Y and in the glass to a level above that of the water in the boiler. In other words, the gauge shows a false level. If now E be opened and water is blown out, then on E being again closed the water in the gauge will rise higher than before and be still further misleading. On the other hand, when B, D and A are clear and C choked, the water, if any, in the glass is trapped and no longer rises and falls with the water in the boiler or with the motion of the vessel; it, however, slowly rises in the glass owing to the condensation of the steam in the upper part of the gauge until such time as E is opened when the whole of the water in the glass is blown out, and on E being closed the glass does not show any water, notwithstanding that the water in the boiler may be at the proper level. When the test cocks T T T are attached to column Y, as shown in Figure 3, they cease to be reliable when either cock A or C or the pipe in connection therewith is choked, or nearly choked.

REFERRING TO FIGURE 4 ONLY.

Sometimes the water-gauge fittings, are arranged as shown in Figures 4 and 5, with no passage up the column, the central portion (N) of the column being simply a pillar or connecting piece of any convenient section between the upper and lower portions to which the cocks B and D are attached.

By this arrangement double communications are obviated and there is no need for what is known as "double shut off" in testing the accuracy of the gauge. When, however, the gauges are constructed in this manner the cocks B and D are unreliable as test cocks in the event of there being no glass in the gauge. This feature should be carefully noted. Moreover, when in working condition the reduction of pressure in the glass which arises when E is opened causes the water in pipe H to rise above its normal level. This objectionable feature should also be noted.

REFERRING TO FIGURE 5 ONLY.

Sometimes there is a bend, L, in the steam pipe I leading from cock A to cock B. This has occasionally escaped observation when new boilers have been fitted on board ship. In most cases this bend arises from the pipe being led in an abnormal direction to escape other pipes, beams or fittings near the smoke box. With such a bend the condensed steam collects in the pipe and falls to the bottom of the bend, and in time it completely fills the pipe from J to K. The steam from K down to the level of the water in the glass is thereby trapped and, as condensation proceeds, leads to a reduction of pressure in the pipe below that of the boiler and an equivalent rise of the water in the bend and also in the gauge glass. When the vessel is quiescent the water in the gauge-glass increases in height until cock E is opened or until the pressure in the boiler is so much in excess of that in the lower part of pipe I as to cause the water in the bend to be blown into the gauge glass. In either case instantaneous change of water level ensues.

In the ordinary course of working the phenomenon described above is more or less modified by the presence of air in the upper part of the gauge and by the rise and fall of the water in the boiler and gauge glass arising from the rolling or pitching motions of the vessel.

OTHER SPECIAL POINTS TO BE NOTED.

When the cocks A and C are omitted, as in Figure 2, it is owing to the bore of the stand pipe being sufficiently large to enable it to be regarded as part of the boiler. Such pipes require, however, to be examined and cleared at intervals by passing a rod through the holes provided for the purpose at PP and QQ.

Cocks at A and C are not necessary for the testing of gauges arranged as shown in Figures 4 and 5. Examiners ought, however, to make sure that candidates are aware of the impossibility of testing the reliability of the indications of water-gauges arranged as in Figure 3 when the cocks A and C are absent and of the effect which the choking of cock A or C, or pipe H or I has on the indications of the test cocks T T T attached to column Y.

Probably more than half the steamers afloat are fitted with water-gauges as shown in Figures 3 and 4, and it is therefore specially important that engineer candidates should thoroughly understand their construction, the principle on which they act, and the steps which must be taken to keep them in an efficient condition.

When fitting a gauge-glass into its place it is specially important that it should not be placed so high as to prevent a clearing rod being inserted at G, figures 1, 2, 3, 4 and 5. This defect, especially if it occurs in a water-gauge attached to a boiler subject to priming, permits a rapid accumulation of scum around the top of the glass and results in the choking of the orifice leading from cock B to the gauge-glass in each of the figures.

When a gauge-glass is too short or is placed either too high or too low in the fittings, it is also liable to become choked by the packing material being forced over its ends by the glands whilst being screwed up.

The use of unsuitable or insecure internal pipes in connection with either the ordinary gauge-glass cocks of the description shown in Figure 1, or with test cocks which are joined to the boiler itself, should also be carefully guarded against.

Boiler casualties have resulted from the cocks B and D having the parts wrongly placed as shown in Figure 6, Plate II. In one case of that kind which forms the subject of Report No. 208 under the Boiler Explosions Acts, the engineer in testing the water-gauge omitted to see that the passages in the cocks B and D were clear *when the handles were in their proper working position.* This defect could easily have been discovered if proper attention had been paid to the condition of the cocks. A defect of this nature may be due to faulty construction originally, or to the handle of the cock having been overstrained, and the neck twisted. Whether the passages in the plugs are fair and clear can, however, be verified in a few minutes. As an illustration, the water cock D, Figure 6, Plate II, can be verified by blowing through E with B shut and then moving the handle of D to one side until it is just closed, and then to the other side until it is again just closed; the proper working position of the handle is about equally distant from each of the above positions. The other cocks can be verified in the same manner.

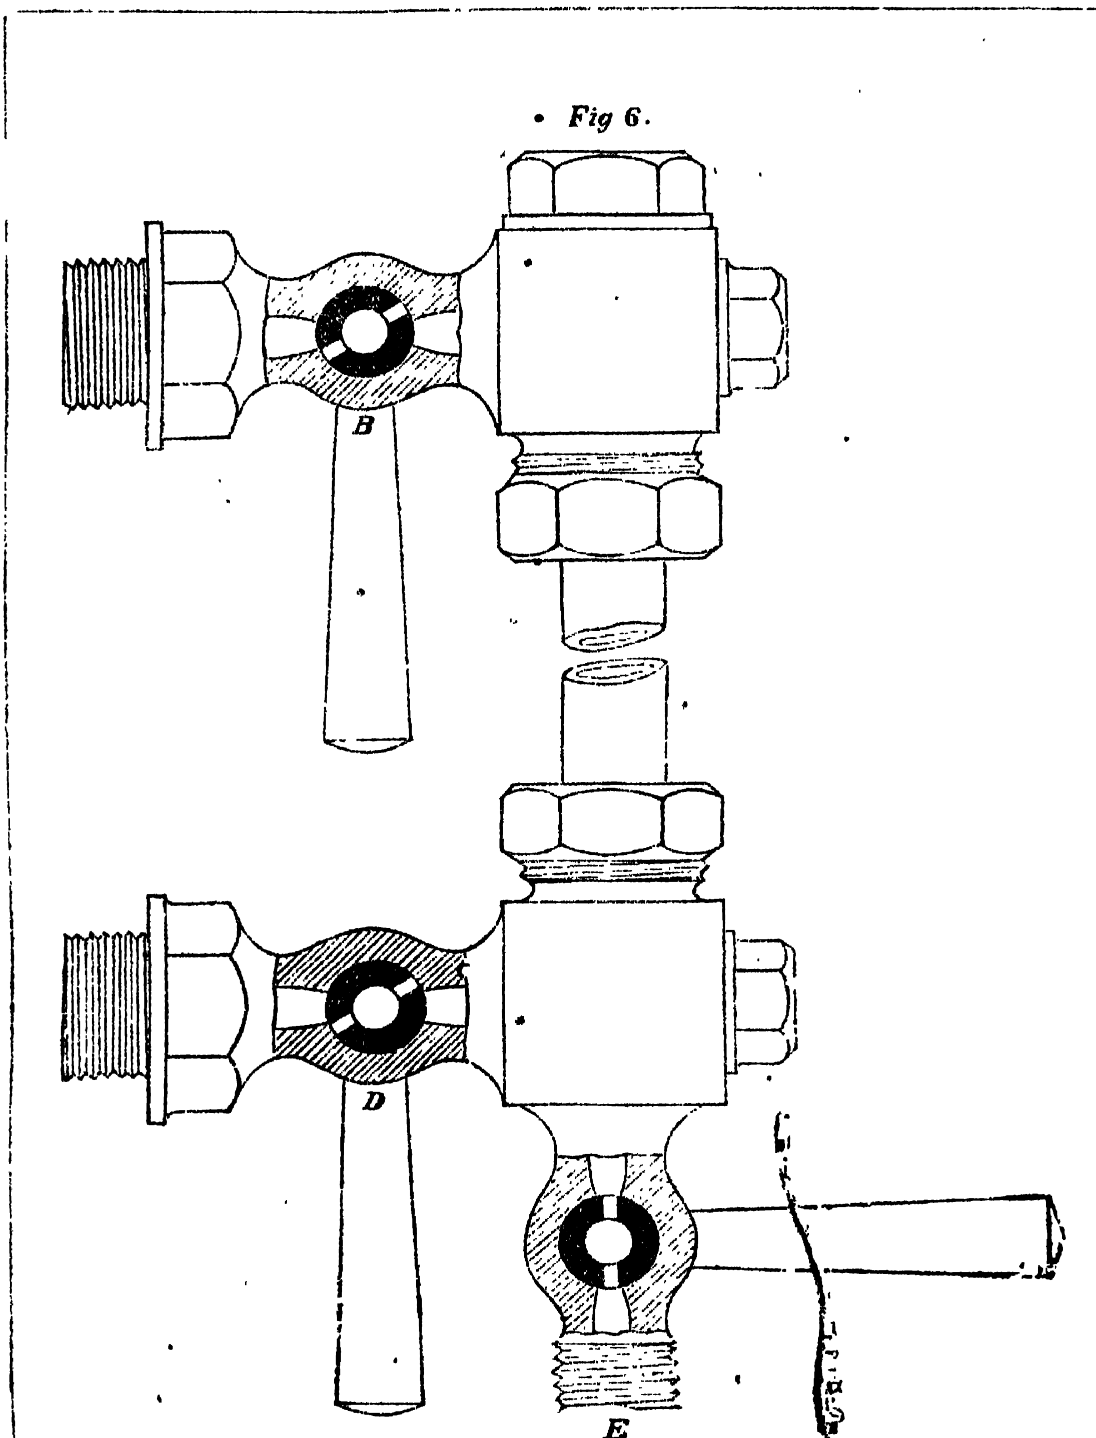

Another serious casualty occurred through the handle of the cock A, Figure 3 having been twisted from its original position relatively to the orifice of the cock, resulting in the cock being shut when apparently open.

When a water-gauge, that is clear in all its parts, has been thoroughly blown through, the water in the glass rises above the level at which it formerly stood, immediately the drain cock E is closed, but if left undisturbed for a time it gradually falls to its former position. The amount of rise which occurs on these occasions depends chiefly on the temperature of the contents of the boiler and on the length of the pipes by which column Y is connected top and bottom to the boiler, but in cases where the gauge is of the description illustrated in Figures 3, 4 and 5, it amounts in high pressure boilers to about 4 inches, while the time occupied by the water in returning to its former level ranges from 30 to 40 minutes. The cause of this rise is twofold, namely (*a*) the displacement of the comparatively cold water in pipe II by hotter and proportionately lighter water from the boiler, and (*b*) a slight condensation of the steam and a correspondig fractional reduction of pressure in pipe I. The cause of the gradual subsidence of the water in the glass to its former level is also of a dual character, namely (*a*) the cooling of the water in pipe II, and (*b*) the diminution in the condensation of steam in pipe I owing to the collection therein of air released from the steam condensed.

These results will, however, be somewhat modified if the water in the boiler is of higher density than in pipe II, and this will nearly always be the case owing to the condensation of the steam in the glass and upper fittings of the water-gauge, causing the water in the lower part to be fresher than that in the boiler.

The examiner should impress upon candidates the necessity for periodically blowing through the water-gauge on each boiler (no matter what the form may be) in a systematic and thorough manner, and, in cases where a boiler is fitted with two water-gauges, of keeping both in constant use; finally, he should further impress upon them the necessity for keeping the water-gauges well lighted, clean, and in all respects efficient.

APPENDIX E.

EXAMINATION OF MASTERS AND MATES IN STEAM.

These examinations are provided for the purpose of giving Masters and Mates who are possessed of Certificates of Competency an opportunity of undergoing a voluntary examination as to their practical knowledge of the use and working of the steam engine. The examiners are appointed by Government.

The examination is open to any person who holds a Certificate of any grade in the Foreign or Home trade or as Master of his own pleasure yacht. Candidates should fill up the form of application, Form Exn. 2, at the Port Office, pay the fee of Rs. 15, and deposit their Certificates with the Port Officer, who will inform the applicant when and where to attend to be examined. If the candidate fails to pass his Certificate will be at once returned to him.

If he passes, the Report (Exn. 15) will be sent to the Port Officer, and the Certificate, together with the Form Exn. 2, will be sent to the Government; the words "Certified to have passed in steam," with the date and place of examination will then be entered on the Certificate and its counter-

of the Mercantile Marine Office of the port named in the Form Exn. 2, and be delivered to the candidate in the usual manner.

If a candidate fails he may not present himself for re-examination until the expiration of three months from the date of failure.

The examination is for the most part *vivâ voce*, and extends to a general knowledge of the practical use and working of the steam engine, and of the various valves, fittings, and pieces of machinery connected with it; and of the way in which electric lighting is carried out on board ship. Theoretical questions on calculations of horse-power or areas of cylinders and valves or any of the more difficult questions relating to steam engines and boilers will not be asked.

Examiners are to satisfy themselves that the candidates know the names and understand the uses of the various parts of engines and boilers, and their connecting pipes, valves, cocks, &c. Practical knowledge, as distinguished from theories and abstruse calculations, is to be the test of the candidate's fitness to have his Certificate endorsed.

The examiner should arrange to conduct part of the examination in the engine room of a steamship, unless from circumstances he finds it impossible to do so; but in the event of the candidate passing, the examiner should state in writing what circumstances prevented a visit to an engine room. If an opportunity offer, the candidate should be permitted, under the guidance of the examiner, to start and stop the engine of some vessel which may have her steam up.

The examiner, in sending in his report of the examination, should state where the examination has been held.

Candidates will be required to give written answers to sixteen out of twenty questions taken from the Elementary Questions printed in Appendix B. These questions will be altered from time to time without notice. The twenty questions are not to be difficult, theoritical, or book question, but are to be such as any man of ordinary capacity, who has any practical knowledge of the use and working of the steam engine, ought to answer.

If a candidate refers to any book or paper or memorandum, or obtains information from another candidate during the examination, he will be treated as having failed, will forfeit his fee and will not be allowed to be re-examined for a period of three months.

The examiners will report in the case of failure, the nature of the question or questions that decided the failure, or the point in the managment of the engine in which the candidate was deficient.

There is nothing in the regulations requiring that applicants for the voluntary examination shall have served on board steamships; all that is required is that they shall have a practical knowledge of the use and working of the steam-engine. Examiners will not fail to appreciate the fact that practical knowledge is best gained in the engine room; and the examination of an officer who does not produce official evidence of service in steamships, and of experience of engines, must necessarily be more searching than in the case of one who produces evidence of such service and experience.

Examiners will require all candidates to fill up a Form Exn. 15 (*b*), and they will forward it to the Port Officer with the report of the examination.

Masters and Mates may cancel questions A, B, and C, but they should fill up the form for questions D, E, F, and G, as evidence of their practical knowledge.

A candidate for this examination is required to have a thorough grasp of the construction of the steam-engine and boiler, to enable him, in the first place, to understand the nature and importance of any defect which may be reported to him by the Chief Engineer, and so that he may work in harmony with him in affording time and facilities for disconnexions, inspections, adjustments, and repairs.

To have a looking-on knowledge of what the principal repairs are about engines and boilers and pipes, and how these repairs are accomplished.

To be able to form an independent opinion as to a breakdown, and the consequent propriety or impropriety of proceeding under steam with temporarily repaired or defective machinery.

To understand how to estimate approximately the reduction of fuel required for reduced speed, and consequently to sanction such reduction of speed as may seem to him to be warranted by the report of the Chief Engineer, and to satisfy himself before leaving port that there is sufficient coal for the voyage.

To have an intelligent grasp of the general run of pipes and connexions in the engine-room, the marking of cocks, the opening and closing of cocks and valves, how mistakes of importance may be made in the confusion of an accident and how best to guard against such mistakes.

To be capable of being left in charge of the feeding of a set of boilers, to understand the working of the water-gauge, and to be able to guard against being misled by false indications of the gauge glass.

To understand about blowing down and surfacing, the reasons for doing so, and the danger which may result from the neglect of these under certain circumstances.

A master or mate presenting himself for examination in steam must be understood to have made up for his want of practical experience by reading up about the steam-engine. He ought, therefore, to show that he has given his mind to intelligently understanding the *rationale* of the action of the steam-engine. Under this head he should, therefore, be able to state appoximately the quantity of heat required in the formation of steam, the remarkable relation of "latent" heat to "sensible" heat, how much steam can be raised by the combustion of one pound of coal, what horse-power measure is, what indicated horse-power is, what is the action of the slide-valve, the course of the steam through the engine, and the advantage of working expansively, and how the expansive action is shown by the indicator diagram. To know the uses of the various parts of the engines and dynamos used for electric lighting, and how they and the cables are fitted in the hull; how wires are jointed, insulated, and cased; why it is desirable that they should be led along places which are dry and accessible; what is "sparking," and what are the causes which produce it; what is its danger in coal bunkers and petroleum-carrying steamers; what are the uses of switches and cut-outs, and why is it so important to prevent short-circuiting taking place.

The candidate has to answer in writing [illegible] out of 20 questions selected from the Elementary Questions (*see* Appendix B).

Selections for this examination are given on the alphabetic sheet for "Steam." Generally, these answers are given by candidates as learned by rote from a book; the candidate should therefore be asked such *vivâ voce* questions as will necessitate his giving his answers in different words, so as to discover whether he has the root of the matter in him.

The principal part of the *vivâ voce* is the examination on board a steamer, preferably one with which he is unacquainted. He is told to look about and try to find out the run of the machinery without the assistance of anyone: the examiner to be in the engine-room to see that this independent examination is properly carried out. When the candidate reports that he thinks he knows the whole arrangement of the machinery, the Examiner will then question him on the uses of the parts, get him to point out the different cylinders, pumps, valves, condenser, &c.; also the dynamo, its field-magnets, armature, commutators, brushes, cables, &c. He must show that he understands the run of the pipes in the bilges, not necessarily that he has gone over every one of them, but he ought to be directed to trace, at least, one important range of pipes and to thoroughly satisfy the examiner that he could be safely trusted to manipulate the

valves or cocks in connexion therewith. It will not often be practicable for the candidate to be asked to actually work engines under steam, but he must satisfy the examiner that he knows how to do so, and that he is aware what precautions have to be taken in regard to water in the cylinder, &c. It is most important that a candidate should show that, in the event of an accident depriving him of the assistance of engineers, he knows what to do to safely take his vessel to an anchorage, or to stop the engines and proceed under sail alone

The examination of a mate in steam is the same as that of a master. The knowledge required has no reference to the mate's position. A mate may be examined, but such examination implies that the mate will one day be a master, when the possession of the knowledge will be an advantage to him in the discharge of his duties as master.

Subordinate Educational Service.

The 31st March 1905.—Babu Basanta Kumar Mitra, B.A., an Assistant Master in the Patna Collegiate School (class VI), is appointed to be an Assistant Master in the Patna Training School, *vice* Babu Revati Nandan, deceased, but he will act as Assistant Head Master of the latter institution, during the absence, on deputation, of Babu Sarat Chandra Brahmachari.

The 7th April 1905.—Pandit Tarini Kanta Vidyanidhi, an Assistant Master in the Pabna Zilla School (class VII), is appointed to act as Assistant Head Master of the same institution, during the absence, on leave, of Babu Akshoy Kumar Mukerji, or until further orders.

Babu Gonga Das Bhattacharjea, B.A., is appointed to act as an Assistant Master in the Pabna Zilla School and in class VIII of the Subordinate Educational Service on a salary of Rs. 37-8 a month, with effect from the date on which he joined the appointment, *vice* Pandit Tarini Kanta Vidyanidhi, on deputation.

Babu Kasi Bhusan Sen, B.A., Deputy Inspector of Schools, Palamau (substantive *pro tempore* in class IV), is appointed to be an Assistant in the office of the Director of Public Instruction on probation for one year

Babu Ramesh Chandra Gupta, M.A., Sub-Inspector of Schools, Sonthal Parganas, (class VII), is appointed to be Deputy Inspector of Schools, Palamau, on probation for one year, *vice* Babu Kasi Bhusan Sen, transferred.

The 8th April 1905.—Babu Priya Nath Roy, B.A., Deputy Inspector of Schools, Calcutta (class III), is allowed leave of absence for twenty days, under article 260 of the Civil Service Regulations, with effect from the 10th April 1905, or any subsequent date on which he may avail himself of it.

Babu Tripura Charan Banerji, B.A., Deputy Inspector of Schools, 24-Parganas (class II), is allowed leave of absence for three months, under article 260 of the Civil Service Regulations, with effect from the 3rd April 1905, or any subsequent date on which he may avail himself of it.

Babu Satkari Chandra Ghosh, B.A., Additional Deputy Inspector of Schools, 24-Parganas (class III), is appointed to act as Deputy Inspector of Schools, 24-Parganas, during the absence, on leave, of Babu Tripura Charan Banerji, or until further orders.

Babu Srish Chandra Chaudhuri, Sub-Inspector of Schools, 24-Parganas (class V), is appointed, with the consent of the District Board of the 24-Parganas, to act as Additional Deputy Inspector of Schools, 24-Parganas, *vice* Babu Satkari Chandra Ghosh, on deputation.

The following arrangements are sanctioned:—

(1) Babu Siddheswar Ganguli, M.A., Assistant Head Master, Hooghly Collegiate School, and now Officiating Head Master of the same institution (class VI), is appointed to be Assistant Head Master, Malda Zilla School, *vice* Maulvi Elah Nawaz Khan, resigned.

CALCUTTA,
The 28th March 1905.

A. PEDLER,
Director of Public Instruction, Bengal.

INSTRUCTIONS FOR THE APPOINTMENT AND PROCEEDINGS OF VISITING COMMITTEES OF SECONDARY SCHOOLS MAINTAINED FROM PUBLIC FUNDS. (APPROVED IN GOVERNMENT ORDER No. 1812(EDN.), DATED 31ST MARCH 1905.)

[These rules are supplementary to the rules for the management of schools, which are already in force.]

1. For every secondary school managed by Government or by a District Board, Municipal Committee or Joint-Committee there should be Visiting Committees, consisting of local residents adequately representing the classes from which the students are drawn.

2. For Government schools, except collegiate schools, the members of the Visiting Committees should be appointed by the District Officer in consultation with the Inspector of Schools. For collegiate schools they should be appointed by the Director of Public Instruction on the nomination of the Principals of the attached colleges, who should consult suitable local authorities before sending in their selections.

3. For schools managed by District Boards, Municipal Committees or Joint-Committees, the members should be appointed from among the members of the District and Local Boards, Municipal Committees or Joint-Committees, as the case may be, by the Chairmen concerned. Other gentlemen interested in education may also be appointed members.

4. The term of office of members of Visiting Committees should be for a period of three years from the date of their appointment. Any member should be eligible for reappointment at the end of that period at the discretion of the appointing authority. Members who have not fulfilled the duties for which they were appointed should not be reappointed on the expiry of the three years' term of office. A member should be appointed whenever a vacancy occurs.

5. Visiting Committees shall have no power to issue any orders to the Head Masters of schools, their functions being confined to the offering of advice for the consideration of the school authorities and the officers of the Education Department.

6. The Visiting Committee of a school should inspect the institution at least once a quarter. Visits should not, however, be paid to the school during school-hours more often than once a month. Due notice of visit should ordinarily be given to the Head Master, but surprise visits may be made when necessary. The number of members visiting a school on any occasion should not be more than two.

7. The Visiting Committee should either record their opinion in the Visitors' Book of the school for the information of the Inspector or the Deputy Inspector of Schools, or the Principal of the College, as the case may be, or may communicate their suggestions in writing direct. A copy of the remarks should also be forwarded in the case of schools managed by District Boards, Municipal Committees or Joint-Committees to the Chairman concerned within three days of the inspection.

8. The members of every Visiting Committee should elect from amongst themselves a Chairman and a Secretary, and submit their names to the District Officer, the Director of Public Instruction or the Chairman of the District Board, Municipal Committee or Joint-Committee, as the case may be, for approval.

9. A meeting of a Visiting Committee should be called by the Secretary when considered necessary, or at the requisition of any two members of the Committee, for the general discussion of matters relating to the school. Not less than seven days' notice should be given of any meeting.

10. The notice should set forth the business to be transacted at the meeting, and no business other than that so stated should be transacted, except with the consent of all the members present. When any business of which notice has not been given is considered at a meeting, the decision recorded or resolution adopted at such meeting should be communicated forthwith to all the members, and the subject should be capable of being re-opened at a subsequent meeting convened on a requisition made by three members of the Committee within seven days of the communication of the original resolution; but, save as hereinbefore mentioned, no subject once finally disposed of should be reconsidered within six months, unless two-thirds of the members consent by signing a requisition.

11. The maximum number of members of a Visiting Committee should be ten and the minimum six, and one-third of the members in office should form a quorum. The Chairman should have a casting vote, in addition to his ordinary vote, in cases where the votes of the members present are equally divided. In the absence of the Chairman, one of the members present should be elected to preside. Committees should formulate any further rules of business that may be necessary.

12. Under the directions of the Committee, the Secretary should carry on correspondence with the proper authorities on behalf of the Committee, and be in charge of all papers belonging to the Committee.

13. The Secretary shall keep a record of the proceedings of each meeting and submit it to the next meeting for confirmation. Such proceedings and all work done by a Committee shall be duly recorded in a book kept for the purpose, which should be open for inspection by all inspecting officers of the Education Department.

INSTRUCTIONS FOR THE APPOINTMENT AND PROCEEDINGS OF COMMITTEES OF MANAGEMENT OF AIDED SECONDARY SCHOOLS. (APPROVED IN GOVERNMENT ORDER No. 1812(EDN.), DATED 31ST MARCH 1905.)

[These rules are supplementary to the rules already in force in schools aided by Government or by District Boards and Municipalities.]

1. The general management of an aided secondary school, high or middle, is subject to the rules prescribed from time to time by Government or the Department for the management of aided schools. The local management should remain in the hands of a Committee of Management, the members of which should be so selected as to represent all classes of the community—legal, commercial, trading, industrial and agricultural; but in cases in which the Director of Public Instruction is satisfied that the promoters of a school can give guarantees for efficient management otherwise, it will be sufficient if it is placed under a Visiting Committee as in the case of a school maintained from public funds.

2. Appointments to a Committee of Management should be made with the approval of—

(a) The District Officer, in consultation with the Inspector of Schools, in the case of a school aided by Government;

(b) The Chairman of the District Board or Municipal Committee, in the case of a school aided by a District Board or Municipal Committee.

3. The members of a Committee of Management of a school should elect from amongst themselves a Chairman, a Secretary and an Auditor, and submit their names to the District Officer or the Chairman, as the case may be, for previous approval.

4. A meeting of the Committee should be called by the Secretary, usually once every month (except in the long vacation months), or oftener if need be. Not less than seven days' notice should be given of any meeting.

5. The notice should set forth the business to be transacted at the meeting, and no business other than that so stated should be transacted, except with the consent of all the members present. When any business of which notice has not been given is considered at a meeting, the decision recorded or resolution adopted at such meeting should be communicated forthwith to all the members, and the subject should be capable of being re-opened at a subsequent meeting convened on a requisition made by three members of the Committee within seven days of the communication of the original resolution; but, save as hereinbefore mentioned, no subject once finally disposed of should be reconsidered within six months, unless two-thirds of the members consent by signing a requisition.

6. The monthly audited accounts should be presented at the next month's meeting of the Committee for the purpose of being passed.

7. The maximum number of members of a Committee should be ten and the minimum six, and one-third of the members in office should form a quorum. The Chairman should have a casting vote, in addition to his ordinary vote, when the votes of the members present are equally divided. In the absence of the Chairman, one of the members present should be elected to preside. Committees should formulate any further rules of business that may be necessary

8. Under the direction of the Committee, the Secretary should carry on correspondence with the proper authorities on behalf of the Committee. He should also keep a record of the proceedings of each meeting and submit it to the next meeting for confirmation. Such proceedings and all work done by the Committee should be duly recorded in a book kept for the purpose.

9. The trust-deeds and other important papers relating to the school should be in charge of the Secretary or of some resident member of the Committee, except those which it is necessary to keep in the special charge of the Head Master; but all papers relating to the school in the shape of accounts and records should be available at any time for inspection by all inspecting officers of the Education Department.

10. No teacher should be appointed, promoted, suspended or removed, except by a resolution passed at a meeting of the Committee. In all cases of appointment, promotion and removal of the staff, the Head Master's opinion should be on record, and the Committee should always record reasons for removal, punishment, stoppage of promotion and supersession of the staff.

In exceptionally urgent cases relating to teachers other than the Head Master, however, the Secretary should, after consultation with the Head Master, make a provisional appointment in anticipation of the Committee's sanction; but the matter should be reported to the Committee at their next meeting for approval.

Similarly a provisional arrangement should be made by the Secretary in consultation with the Chairman, and subject to the approval of the Committee, in respect of a vacancy in the Head Mastership when the case is exceptionally urgent; but this should not be taken to dispense with the necessity of final confirmation by the existing educational authorities as required under the grant-in-aid rules.

11. Subject to the provisions of the grant-in-aid rules, the list of holidays will be settled by the Secretary, in consultation with the Head Master. In the case of a difference of opinion between the Secretary and the Head Master, the matter should be referred to the Committee for decision.

12. The arrangement of classes, the settlement of the school routine, and all other details relating to school discipline and teaching should be in charge of the Head Master, acting under the advice of the departmental educational officers, but the Committee, however, should have the right to offer their opinion and advice in these matters in writing to the Inspector or the Deputy Inspector of Schools.

13. All questions relating to the promotion of boys and the selection of candidates for the Entrance and Scholarship examinations should remain in the hands of the Head Master and be subject to the supervision of the inspecting officers of the Education Department only.

A. PEDLER,

Director of Public Instruction, Bengal.

STATE TECHNICAL SCHOLARSHIPS FOR NATIVES OF BENGAL.

1. With a view to provide for natives of India the higher technical education which may qualify them to assist in promoting the improvement of existing native industries, and the development of new industries wherever this may be possible, the Government of India are ready, as an experimental measure, to give a small number of Technical scholarships, if promising candidates, well qualified in some particular branch of industry, present themselves. The outlines of the scheme are sketched out below.

2. *Value of the scholarships.*—The value of the scholarships has been fixed at £150 a year, in addition to fees payable to the institutions where the scholars will study and travelling expenses; but Government will consider proposals for increasing it in special cases.

3. *Places and periods of tenure.*—Each scholarship is tenable for an average period of two years, which may be increased or reduced in special cases.

4. The scholarships may be held in Great Britain, on the Continent of Europe, or in America, and are payable from the date of the scholar's arrival in the country which he may select for study.

5. *Subjects of study.*—Law, Medicine, Forestry, Veterinary Science, Agriculture and Engineering have been excluded from the scope of the present proposal. The scholarships are in the first instance proposed to be used for the encouragement of the mining industry in Bengal, but any other branch of industry can similarly be helped and fostered. Industries in which native capital and enterprise are engaged, or likely to be engaged, and in which the trained scholar might, on return to his country, find scope for his skill and ability, will be particularly appropriate for selection.

6. *Conditions of award.*—The scholarships are tenable by persons who are natives of India within the meaning of section 6 of the Statute, 33 Vic., Cap. 3. A competent knowledge of English, or the language of any other country in which the candidate proposes to work and study is essential to enable him to take full advantage of the course of study.

7. In the matter of selection of scholars, Government will be guided by considerations of the candidate's capacity, intelligence, particular interest in and connection with the industry selected, and the assurance that he will continue to devote himself to the subject on his return to India. These being matters which cannot be decided by the holding of degrees obtained, by examination, or by competition, no special examination is considered necessary and none will be held. But a scholar before nomination should have received the best technical education available in the Province, in the particular industry which he has to study, and no candidate will be considered qualified unless he has displayed an aptitude for technical study.

8. No age-limit has been fixed. But it may be fixed by Government in certain cases.

9. The candidates for scholarships should submit certificates attesting (*a*) their moral character, (*b*) knowledge of the language of the country in which they elect to study, and (*c*) physical capacity, from recognized persons who may be considered fit to certify to these facts. These certificates will not be returned.

10. The scholars in England or elsewhere, as the case may be, will be under the control and supervision of the Secretary of State. The conditions under which they will hold the scholarships will be similar to those laid down for Government of India scholarships, and power will be retained to cancel a scholarship and to send the scholar back to India if his progress and conduct be not satisfactory.

11. *Returned scholars.*—No scholar will be bound on his return to India by any engagement to serve Government or a private firm, and the choice of his career will be in the first instance determined, on his return from Europe by his own inclination. Should any occasion arise, Government will be glad to turn his ability and increased knowledge to account as teacher in an Industrial school or in other capacities connected with the improvement of local industries.

12. Applications from natives of Bengal for such scholarships for the development of the [illegible] rst instance, should be made direct to the Director of Public Instruction, Bengal, on or before the 1st May 1905. Full particulars should be furnished as

CALCUTTA,
The 10th April 1905.

V. H. JACKSON.
Assistant Director of Public Instruction Bengal.

NOTICE.

In reference to this Department notification dated the 26th January 1905, regarding the syllabus for English Readers for Standards III to VI for schools for Indian pupils, notice is given that such books (with the usual applications) should be submitted to the Director of Public Instruction for transmission after preliminary examination to the Text-Book Committee, not later than the 1st May 1905.

2. The application should state clearly that the books have been written in accordance with this Department notification dated the 26th January 1905.

3. Arrangements will then be made for the rapid examination of those books, and those which are approved will be included in the July list of approved books.

4. Unless this is done authors of such text-books will stand no chance of having their books selected for the scholarship courses for 1907, which will be published in August 1905.

2. The conditions relating to the making and repayment of this loan are as follows :—

(*a*) That it, with the interest thereon, shall be repayable on the dates and by the amounts specified below :—

Date.	Principal.	Interest.	Total.
"	"	"	"
"	"	"	"

(*b*) That in the case of a loan granted by instalments, if the applicant, after taking one or more instalments, fails to take any other instalment within six weeks from the date on which he is entitled to it, the Collector may declare the loan closed. The total of the instalments taken by the applicant shall then constitute the loan, which shall be treated as having been fully paid on the date on which the last instalment was actually taken ; and a fresh arrangement for repayment shall be made by the Collector, consistent with rules 7 and 8, in modification of this certificate.

(*c*) That interest shall be levied for the period intervening between the date of the completion of the loan (in cases in which loans are granted in one payment), or between the dates of the payment of the instalments (in cases in which loans are granted in instalments), and the date from which the first instalment of interest, consolidated with the first instalment of the principal, becomes payable. The interest leviable in such cases shall be demanded in a lump sum six months before the date on which the first consolidated instalment of principal and interest is made payable.

(*d*) That it shall be applied solely to the purpose specified above, and that if it shall be proved to the satisfaction of the Collector that any part of the loan has been misapplied, the whole amount of the loan, shall, with such interest as may have become due thereon, be deemed to have become due.

These clauses to be used only when needed.

(*e*) That unless *the work has been completed by ,† or any extension of the said date granted by the Collector, the loan shall be held to have been misapplied.

(*f*) That for the repayment of the loan, with any interest due on the same, the immoveable property specified in the margin is hypothecated to Government.

(*g*) That if any instalment is not paid on the due date, the whole amount of the loan shall be deemed to have become due.

(*h*) If it shall be proved to the satisfaction of the Collector that the statements made by the aforesaid in his application for this loan, as to the nature and extent of encumbrances, are in any particular untrue, the Collector may so declare in writing, and thereupon the whole of such loan with such interest as may become due thereon shall forthwith become due and payable.

In exercise of the powers conferred upon him by section 101 (2) (c) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor is pleased to direct that a survey shall be made and a record-of-rights be prepared in respect of all lands included in the said villages.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

(a) the name of each tenant or occupant;

(b) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy-raiyat, non-occupancy raiyat, or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;

(c) the situation, quantity and one or more of the boundaries of the land held by each tenant or occupier;

(d) the name of each tenant's landlord;

(e) the money-rent payable at the time the record-of-rights is being prepared; or if a produce-rent, the fact that produce-rent is paid, and the customary terms according to which such rent is paid;

(f) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;

(g) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;

(h) the special conditions and incidents, if any, of the tenancy;

(i) if the land is claimed to be held rent-free, whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;

(j) the name of each proprietor (including rent-free owner) with the character and extent of his interest, and the situation, quantity, and one or more of the boundaries of each proprietor's private lands, as defined in Chapter XI of the Act;

(k) the customs of the villages regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

V. H. JACKSON,
Assistant Director of Public Instruction, Bengal.

CALCUTTA,
The 11th April 1905.

STATE TECHNICAL SCHOLARSHIPS FOR NATIVES OF BENGAL.

1. With a view to provide for natives of India the higher technical education which may qualify them to assist in promoting the improvement of existing native industries, and the development of new industries wherever this may be possible, the Government of India are ready, as an experimental measure, to give a small number of Technical scholarships, if promising candidates, well qualified in some particular branch of industry, present themselves. The outlines of the scheme are sketched out below.

2. *Value of the scholarships.*—The value of the scholarships has been fixed at £150 a year, in addition to fees payable to the institutions where the scholars will study and travelling expenses; but Government will consider proposals for increasing it in special cases.

3. *Places and periods of tenure.*—Each scholarship is tenable for an average period of two years, which may be increased or reduced in special cases.

4. The scholarships may be held in Great Britain, on the Continent of Europe, or in America, and are payable from the date of the scholar's arrival in the country which he may select for study.

5. *Subjects of study*—Law, Medicine, Forestry, Veterinary Science, Agriculture and Engineering have been excluded from the scope of the present proposal. The scholarships are in the first instance proposed to be used for the encouragement of the mining industry in Bengal, but any other branch of industry can similarly be helped and fostered. Industries in which native capital and enterprise are engaged, or likely to be engaged, and in which the trained scholar might, on return to his country, find scope for his skill and ability, will be particularly appropriate for selection.

6. *Conditions of award.*—The scholarships are tenable by persons who are natives of India within the meaning of section 6 of the Statute, 33 Vic., Cap. 3. A competent knowledge of English, or the language of any other country in which the candidate proposes to work and study is essential to enable him to take full advantage of the course of study.

7. In the matter of selection of scholars, Government will be guided by considerations of the candidate's capacity, intelligence, particular interest in and connection with the industry selected, and the assurance that he will continue to devote himself to the subject on his return to India. These being matters which cannot be decided by the holding of degrees obtained, by examination, or by competition, no special examination is considered necessary and none will be held. But a scholar before nomination should have received the best technical education available in the Province, in the particular industry which he has to study, and no candidate will be considered qualified unless he has displayed an aptitude for technical study.

8. No age-limit has been fixed. But it may be fixed by Government in certain cases.

9. The candidates for scholarships should submit certificates attesting (*a*) their moral character, (*b*) knowledge of the language of the country in which they elect to study, and (*c*) physical capacity, from recognized persons who may be considered fit to certify to those facts. These certificates will not be returned.

10. The scholars in England or elsewhere, as the case may be, will be under the control and supervision of the Secretary of State. The conditions under which they will hold the scholarships will be similar to those laid down for Government of India scholarships, and power will be retained to cancel a scholarship and to send the scholar back to India if his progress and conduct be not satisfactory.

11. *Returned scholars.*—No scholar will be bound on his return to India by any engagement to serve Government or a private firm, and the choice of his career will be in the first instance determined, on his return from Europe by his own inclination. Should any occasion arise, Government will be glad to turn his ability and increased knowledge to account as teacher in an Industrial school or in other capacities connected with the improvement of local industries.

12. Applications from natives of Bengal for such scholarships for the development of the mining industry, in the first instance, should be made direct to the Director of Public Instruction, Bengal, on or before the 1st May 1905. Full particulars should be furnished as to the past educational experience, training and future requirements of each applicant for a scholarship. Applicants should also indicate, if possible, what they wish to work at in their future careers on return to India. The scholarships will be awarded by the Government of India on the recommendation of the Local Government.

The candidate's age in (2), (3), (4) and (5) must be under 21 years.

In selecting candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F.A. Examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students to the Engineer class is Rs. 10 a month for each month of the year, vacation included.

Ten scholarships will be awarded to students entering the Engineer Department not being already holders of junior or senior scholarships. Two of these will be reserved for

Europeans and Eurasians. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Form of application for admission and any further particulars will be supplied upon application.

APPRENTICE DEPARTMENT.

SESSION 1905-1906.

CANDIDATES for admission to the Apprentice Department should apply to the Principal in the prescribed form on or before the 6th May 1905. Each application must be accompanied by a registration fee of Re. 1.

The session begins on Monday, the 5th June 1905. Candidates must furnish proof that they have passed one of the following tests :—

(1) Standard VII or Middle School Examination of the Code of European Schools.
(2) University Entrance Examination.

The candidate's age must be at least fifteen and not more than seventeen years.

There are forty-five vacancies for natives and nine for Europeans and Eurasians. The selection of candidates for admission will be made by the Principal.

There is one vacancy on the free list for Christian Apprentices in June next and there are three on the reduced fee list. For natives there are five vacancies on the reduced fee list, and six more will become vacant during the month of June. Election to these lists will be made by the Board of Visitors. Forms to be filled up for the consideration of the Board can be had on application to the Principal.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Before an applicant is admitted to the College his parent or guardian must sign an agreement in the prescribed form.

All applications from Christian candidates for admission to the free or reduced fee lists must reach the Principal not later than 6th May, so as to enable the elections to be made by the Board of Visitors before the opening of the session.

The vacancies on the native list will be filled up after the opening of the session from those apprentices who have joined the College after admission. Forms of application for admission and further particulars will be supplied on application.

CUSTOMS.

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Dated Calcutta, the 18th April 1905.

IN supersession of the Notification, dated the 3rd January 1893, published in Part I, page 71, of the *Calcutta Gazette* of the 25th idem, it is hereby notified to all whom it may concern, under the provisions of secs. 9 and 72 of the Sea Customs Act, 1878, that the Collector of Customs, Chittagong, is ordinarily prohibited from granting permission to work cargo in sea-going vessels on Sundays. He shall, however, give written permission in the following cases:—

I. When the application to work is supported by a declaration in a prescribed form signed by the owner or agent of the vessel, certifying that the permission is absolutely necessary to enable the vessel to leave the port owing to the state of the river or to the condition of the weather.

II. When the application is made on grounds of special urgency, provided the Collector of Customs is satisfied that such grounds are sufficient.

III. When a vessel is a mail or regular steamer which calls at the port at fixed intervals.

IV. When the vessel is a native brig on which no European is employed.

V. When the application is made to discharge or load live-stock, ship's stores, ballast or coal for the ship's use.

2. These orders do not modify the existing orders under which a fee of Rs. 6 is charged for the services of the Inspector and Preventive Officer, or the orders contained in the Resolution of Government, in the Financial Department, dated the 24th September 1888, under which a fee of Rs. 100 is payable on Christmas Day, Good Friday, the King's Birthday and the 1st of January, in addition to the ordinary fee for the Inspector and the Preventive Officer.

By order of the Board of Revenue, L. P.,

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

RULES RELATING TO REVENUE MONEY-ORDERS.

1. These rules are divided into four parts :—

PART I.—Form of Revenue Money-order.
,, II.—Issue of Revenue Money-orders.
,, III.—Payment of Revenue Money-orders.
Section A—Payment from Head Offices at the head-quarters of districts.
,, *B.*—Procedure to be followed in the Collectorate.
,, IV.—Disposal of Acknowledgments.

2. The forms in use are given in Appendix D.

PART I.

THE FORMS OF REVENUE MONEY-ORDER.

The forms.

1. There are two forms of Revenue Money order, viz., Form $\frac{1}{R.M.O.}$ on white paper, for land revenue and zamindari dâk cess, and Form $\frac{1A}{R.M.O.}$ on pink paper, for Road and Public Works cesses. Each of these forms is divided into three parts, viz. :—

(a) The Money-order
(b) The Acknowledgment.
(c) The Coupon or Chalan.

2. Part (a) requires no description, as it is exactly like the corresponding portion of the ordinary Inland Money-order form. Parts (b) and (c) are considerably larger than the acknowledgment and coupon of an ordinary money-order. Part (b) is on one side a duplicate of the chalan and is returned to the remitter as his receipt; on the reverse of this part are the remitter's name and address Part (c) contains on one side all the particulars required by the Treasury, and on the reverse instructions for remitters of revenue money-orders.

Not to be used for any other purpose.

3. Form $\frac{1}{R.M.O.}$ is to be used for remittances of land revenue and zamindari dâk cess, and Form $\frac{1A}{R.M.O.}$ for remittances of Road and Public Works cesses, and for no other purpose.

To be freely distributed.

4. The forms of Revenue Money order should be freely distributed among the revenue-paying classes, and no restrictions whatever should be placed in the way of zamindars obtaining these forms.

Supply of forms.

5. Every Postmaster, Sub-postmaster, and Branch postmaster will be personally responsible that a sufficient supply of Revenue Money-order forms of each kind is always available in his office. In cases of emergency, supplies may be obtained by telegraph direct from the Stock Depôt of the Circle. Divisional Superintendents and Inspectors, when visiting post-offices, will see that a sufficient supply of Revenue Money-order forms of each kind is available, and mention in their diaries and inspection reports that they have done so.

6. The Revenue Money-order system does not apply to remittances of revenue payable to any Native State. Such remittances should be made by the ordinary Money-order form and be dealt with under the ordinary rules for money-orders.

PART II.

ISSUE OF REVENUE MONEY-ORDERS.

Issue of Revenue money-orders.

7. Revenue money-orders are issued from every Head, Sub, and Branch Post-office under the rules which govern the issue of ordinary Inland money-orders. The following paragraphs contain additional instructions, which relate solely to the issue of revenue money-orders.

Limit of amount.

8. The rules in the *Postal Guide* fixing the limit of value of a single ordinary Inland money-order apply to revenue money-orders. The rule prohibiting the inclusion of pies (fractions of an anna) in the amount of a money-order is not applicable to revenue money-orders, which may be for amounts including any fraction of an anna not less than one pie.

Office of Issue to help remitter in making entries.

9. The Office of Issue will help the remitter in making the requisite entries, and, if necessary, will make entries for him in the form of a revenue money-order, but no fee or any other gratification whatsoever is to be demanded or accepted, either directly or indirectly,

by any official of the Postal Department for this service. Disregard of this order will be punished by dismissal of the official in fault, who will, moreover, be liable to any further penalties provided by law. If, notwithstanding the assistance thus offered, the remitter is unable to fill up the entries himself or to give the information necessary for the purpose, the money-order should be returned to him and should not be issued by the post-office, till the information is complete.

Note.—Remitters should also be advised to allow ample time for their revenue money-orders for land revenue to reach the Treasury before *kist* day, as the acceptance of a revenue money order after *kist* day does not exempt an estate from sale, except as permitted by the rules applicable to personal payment of land revenue after *kist* day.'

Responsibilities of the Office of Issue.

10. The Office of Issue is responsible that no revenue money-order is issued of which the coupon (Chalan) is blank or is not completely filled up. The post-office has no means of ascertaining the correctness of the information supplied by a remitter; all that it is necessary to see is that entries are made against every printed item in the coupon (chalan), that these entries are made against the appropriate printed items, that all the items are understood by the remitter, and that the money-order is not for a larger sum than is allowed by the rules for ordinary Inland money-orders. The spaces in the acknowledgment and chalan for the entry of interest, penalty and expenses (*kharcha*) are intended to meet the requirements of remitters who are in arrears as regards the payment of their cesses, and have incurred liabilities for interest, penalty, process-fees, or other costs of proceedings. Every alteration or correction in the money-order must be attested by the initials of the remitter.

Distinguishing of revenue money-orders.

11. The letter "R" should be written before the number of every revenue money-order, and this mode of distinguishing revenue money-orders should be adopted wherever the number is entered.

Number to be assigned to Revenue Money-orders.

12. The number assigned to a revenue money-order by the Head Office or Sub-office of Issue will also be entered at the top of the coupon (chalan) and acknowledgment by the money-order clerk of the Head Office or the Sub-postmaster of the Sub-office of Issue, as the case may be.

PART III.

PAYMENT OF REVENUE MONEY-ORDERS.

SECTION A.—*Procedure in the Head Office of payment.*

13. When the revenue money-orders are in all respects* ready to be handed over to the postman, they should be examined with reference to the name of the audit office stamped on them and a separate list in triplicate† (Form $\frac{2}{\text{R. M. O.}}$) should be made out by the money-order clerk for each audit office, the name of the audit office being noted in red ink at the head of the list.‡ The money-orders should be entered in each list according to the offices of issue, and the entries in the money column of the list should be carefully totalled. The original copy of each list will take the place of the journal of money-orders paid, the duplicate will be sent to the Treasury under the procedure described below, and the triplicate will be sent to the audit office concerned. When for the preparation of a list more than a single sheet of Form $\frac{2}{\text{R. M. O.}}$ is required, each sheet should be separately totalled and a grand total should be made at the end of the last sheet of the list or on a separate sheet. The date stamp of the office of payment should be impressed on the space provided for it on the reverse of the acknowledgment portion of each money-order.

Note.—When it is necessary to prepare one or more separate lists in addition to the list for the Home audit office, the total of each other list should be entered below the total of the list for the Home audit office and a grand total made both in figures and words. In that case too, after the words "detailed above" in the printed entry to be signed by the Postmaster at the foot of the original and duplicate of the list for the Home audit office should be inserted in manuscript the words "and in the accompanying list" or "and in the accompanying two lists" as the case may require.

14. The postmaster should then check the entries in each list with those on the money-orders, and also check the total of the money column. He will then prepare a Treasury Voucher Form (A/c 12), representing the total value of the money-orders as entered in all the lists. The amount represented by the Treasury voucher will not be charged against the letter of credit, and will be paid quite independently of the balance of any letters of credit held by the Treasury in favour of the post-office. Postmasters before sending revenue money-orders to the Treasury should examine them carefully, and any error which might have been avoided should be brought to the notice of the Superintendent.

15. The duplicate copy of each list with the money-orders entered therein attached to it, and the Treasury voucher duly filled up, should then be made over to the postman for delivery at the Collectorate, the postman's receipt for the documents being taken in the usual manner in the Register of Money-orders received.

* Only the total number and amount of revenue money-orders received for payment need be entered in the Register of money-orders received. In order, however that the record may be complete, it will be necessary to make a note in the last column of the Register whenever all the revenue money-orders received in one day are not included in the list of that date. For example, if in the Register of money-orders received on the 5th July there are shown 500 revenue money-orders for Rs. 10,000 but 300 of these orders for Rs 7,000 were received too late for inclusion in the list sent to the Collectorate on the 5th, there should be an entry in the last column of the Register in this form :—

200 for Rs. 3,000 included in list of 5th.
300 for Rs. 7,000 included in list of 6th.

† The duplicate and triplicate will be prepared by carbonic paper, and a hard pencil must therefore be used in writing the list.

‡ If on any date revenue money-orders stamped with the names of all three Audit offices are received for payment, it will be necessary to prepare three separate lists, each in triplicate.

16. The postman will take the duplicate copy of each list, the money-orders and the Treasury voucher to the Accountant, and will receive back from the Accountant the money-orders without the coupons and acknowledgments. The postman will be careful to see that he receives back all the money-orders and that they are all duly receipted by the Accountant, and in the case of money-orders for amounts exceeding Rs. 500, by the Treasury officer also.

17. The paid money-orders received back from the Treasury will be examined by the money-order clerk in the same way as ordinary money-orders, and checked in detail with the original list. The total amount of the money-orders entered in each list will then be entered in the appropriate journal of money-orders paid by a single entry thus:

Rs. A. P.

"As per Revenue Money-order list ." The money-orders will be disposed of in the usual way.

18. The original and triplicate of each list will be kept with the appropriate journal of money-orders paid until the next list of ordinary money-orders paid is sent to the audit office when the corresponding list of revenue money-orders paid will also be sent, the paid money-orders being arranged in order and attached to the lists. The original lists will then be filed, a separate file of original lists being kept with each journal of money-orders paid, so that the dates of the journal and file of revenue money-order lists correspond.

Entries in accounts.

19. The amount of the Treasury voucher will be entered in the head office summary, and the head office cash-book on the receipt side opposite the item, "Drawn from treasuries," and will be included in the sum entered on the disbursement side under the head, "Money-orders paid." The amount will also appear in the Treasury pass-book and Register of transactions with the Treasury as money drawn from the District Treasury. All these entries must be made on the same date.

Note.—The date referred to above is the date on which the money-orders are sent from the post-office to the Collectorate. If the procedure to be followed in the Collectorate is correctly observed, the money-orders will be credited in the Treasury on the same date. If, owing to press of work or other reasons, the money-orders are not credited in the Treasury on the same date, the entries in the head office summary, the head office cash-book and the Treasury pass-book should still be made as prescribed in rule 19 on the date on which the money-orders are sent to the Treasury for payment.

The money-orders should also be entered as paid on the same date in the appropriate paid list of money-orders; and if any revenue money-orders sent to the Collectorate have not been received back when the paid list is due to be sent to the audit office, the paid list should still be sent, and the money-orders should be forwarded on receipt, a note explaining the reason for their absence being submitted at the same time to the audit office.

20. On receipt of the acknowledgments duly signed, the money-order clerk will examine and compare them with the original list or lists already in his possession, and with the duplicate presented to him along with the acknowledgments; and, if all are found correct, the postmaster will sign each duplicate list and return it to the Collectorate official who brought back the documents to the post office.

Acknowledgments for money-orders.

21. The money-order clerk should be particularly careful to see that he receives from the Collectorate an acknowledgment for every money-order, except when a note has been made on the duplicate list against any order showing that it was not for Land Revenue, Road, or Public Works cess, or Zamindari Dák cess. The money-order clerk will also see that every acknowledgment which he receives is in acknowledgment of the full amount of the money-order to which it appertains, and that the date of credit entered on each acknowledgment agrees with the date of payment of the money-order.

[Comp]arison of the duplicate list with [the orig]inal.

22. Before each duplicate list is returned to the Collectorate, the money-order clerk will carefully compare it with the original, and see that they are exactly alike, any remarks recorded in the one list (either in the Collectorate or by the money-order clerk, or the postmaster) being copied in the other list.

Duties of money-order clerk in respect of reports to postmaster.

23. It will be the duty of the money-order clerk to report to the postmaster if the signed acknowledgments and the duplicate list or lists are not returned to him at latest by 4 P.M. on the day following that on which the Treasury voucher was sent to the Collectorate. On receipt of such a report, the postmaster should at once bring the matter to the notice of the Treasury Officer. Any serious or oft-repeated delay in the return of the acknowledgments should be reported to the Head of the Circle. The money-order clerk should report to the postmaster every case in which revenue money-orders are not received back on the same day that they are sent to the Treasury, and if it is found that this happens frequently, the postmaster should bring the matter to the notice of higher authority.

24. The money-order clerk will report to the postmaster every case in which the coupon (chalan) of a revenue money-order received by him is blank or is imperfectly filled up, and each such case should be reported by the postmaster to the Superintendent of the Division, in which the Office of Issue is situated.

Return of all revenue money-orders received during previous month.

25. On the 5th of every month, the money-order clerk will prepare a return (Form $\frac{3}{R.M.O.}$) of all revenue money-orders received during the last month, and this return will be submitted by the postmaster to the Head of the Circle.

SECTION B.—*Procedure to be followed in the Collectorate.*

26. On receipt in the Treasury of the money-orders with the duplicate copy of the list or lists in which they are entered and the Treasury voucher, the Accountant will check and

compare the documents. If there is any error, he will return all the documents to the Post-office with a note of the error or errors. This error note will be signed by the Accountant and the Tauzi Navis of the Department concerned; when the documents are correct, the Accountant will at once cut off the portion of each money-order containing the coupon and acknowledgment, sign and date the money-orders (as payee), and return the paid money-orders to the Postman. In the case of money-orders for amounts exceeding Rs. 500, the Treasury officer also shall sign and date the money-orders as payee. The Accountant will retain the lower portion of each money-order, including the coupon and acknowledgment, the duplicate list or lists of money-orders (Form $\frac{2}{\text{R.M.O.}}$) and the Treasury voucher. No money-order received from the Post Office may be refused.

The acceptance of the revenue money-order after *kist* day is to be treated in the same manner as the receipt of a personal payment of revenue after *kist* day, and the sum will be kept in revenue deposit till the Collector has passed orders accepting the payment.

Entries in accounts.

27. The Treasury Officer will, on the same day, charge off the amount represented by the Treasury voucher (A/c 12) by transfer, and credit the amounts of the several money-orders as shown in the list or lists and on the acknowledgments to the appropriate departments.

If the estate on account of which a remittance of land revenue has been received is situated in another district, the remittance should be credited in the usual way, and the Collector to whom the money-order should have been addressed should be advised of the credit, according to the procedure in Chapter II, section XII, rule 2, of the Board's Tauzi Manual, 1899. The remitter should also be advised of his error by a note on the money-order acknowledgment. In the case of Road and Public Works cess and Zamindari Dák cess, the amount thus erroneously remitted should be transmitted by remittance transfer receipts to the Collector of the district to which the cess properly belongs, and the remitter of the money-order should be advised of his error, as in the case of land revenue.

If it should be found that a revenue money-order has been erroneously issued for a remittance of some due other than Land Revenue, Road or Public Works cess or Zamindari Dák cess, the Treasury officer should make a note to that effect against the entry of the money-order on the duplicate list, and forward the coupon and acknowledgment with an advice list (Form 4, G.M.O.) to the appropriate department for disposal under the rules in Part III of the rules for Government money-orders other than revenue money-orders.

Money-orders which cannot at once be credited in the Treasury accounts.

28. If it should be found that any money-order represents a remittance apparently not due to or intended for Government or any department or authority having an account in the Treasury, or that the amount of the money-order cannot for this or any other reason be credited at once in the Treasury accounts, the amount should be disposed of according to the standing rules and practice of the Account Department, or be made over in cash to the officer who would have been entrusted with it had the money been paid in cash instead of by money-order, or had it been sent as cash in an ordinary or registered letter.

Responsibility of Treasury officer.

29. The Treasury officer will be responsible that the total of the amounts credited to the different departments and any sum made over in cash under rule 28 is equal to the amount of the Treasury voucher received from the post-office, and debited to the Postal Department

Examination of money-orders.

30. The next business to be done in the Collectorate will be a rough examination of the acknowledgments and coupons to see that the necessary particulars of remittance are given in each case. This examination should be made by the Tauzi Navises of the Land Revenue and Cess Offices, and by the Certificate Department, if a certificate has issued on account of Road and Public Works cess. If the amounts due on account of any cess, interest, penalties, and expenses are wrongly distributed by the remitter in the money-order, the Land Revenue or the Cess Department will correct the distribution. It is not necessary at this stage that the money-orders should be sent to, or examined by, the Zamindari Dâk office, even when they contain remittances of zamindari dâk cess. The fact that the amount remitted is less or more than is due is immaterial. If more than is due is remitted, the excess will be treated as a payment in advance; if less than is due is remitted, it will be treated as a payment on account.

If owing to omissions or errors in the particulars of remittance, there is any uncertainty as to whether a remittance can be correctly credited according to the intentions of the remitter, a note should be made across the acknowledgment in red ink, stating how the remittance has been credited or what further particulars are required, and in the latter case the remitter should be asked to send the required information immediately by letter. If a remittance of land revenue by money-order is received in the Treasury after the sunset of *kist* day, a note should similarly be made across the acknowledgment in red ink to the effect that the payment is "too late for *kist* day." *

Documents to be returned to the post-office and to be retained in the Collectorate.

31. Immediately after the examination prescribed in the preceding rule, the acknowledgments should be signed, dated, and returned with the duplicate list or lists to the post-office. The date on the acknowledgments must be the date of receipt of the Treasury voucher by which the money-orders were paid.

* It is to be understood that the date of receipt of the money-order in the Treasury is the date of the Treasury voucher by which it is paid, and not necessarily the date on which the acknowledgment is examined, signed or returned.

The Treasury Officer will be responsible that the acknowledgments and duplicate list or lists are returned to the Post-office at latest by 4 P.M. on the day following that on which they were received in the Collectorate. The chalans will be retained in the Collectorate.

Treatment of chalans.

32. After the return of the acknowledgments to the Post-office, the chalans of Form $\frac{1}{\text{R.M.O.}}$ should be sent to the Land Revenue Tauzi Office, and those of Form $\frac{1A}{\text{R.M.O.}}$ to the Cess Tauzi Office, so that the remittances may be entered in the departmental registers. The chalans should be initialled by a responsible officer of each department, and then be returned to the Collectorate. On each coupon is to be noted by the muharrir the date when he posted in the tauzi ledger the amount referred to in the coupon. The muharrir is to sign such note.

Duplicate list or lists to be filed

33. When the duplicate list or lists, with the Postmaster's acknowledgment for the documents returned to him, are received back from the Post-office they should be attached to the chalans and filed in the Collectorate.

PART IV.

DISPOSAL OF ACKNOWLEDGMENTS.

Acknowledgments.

34. The Acknowledgments appertaining to Revenue Money-orders received from the Collectorate will be sorted separately for each Office of Issue, and enclosed in envelopes (Form $\frac{4}{\text{R.M.O.}}$) addressed to the Postmasters of those offices. The total number of acknowledgments closed in each envelope will be the registered number assigned to that envelope. The acknowledgments for orders issued at Branch office are not to be returned to the Branch office direct, but through the Account office.

Envelopes containing Acknowledgments.

35. The money orders issued by each office will then be bracketed together in the remarks column of the original copy of the list prepared in Form $\frac{3}{\text{R.M.O.}}$, and the registered number of the envelope enclosing the corresponding acknowledgments will be noted against each bracket. The closed envelopes will then be made over to the registration clerk for despatch, his receipt for the total number of envelopes 'numbered as above' being taken at the foot of the list.

Disposal of envelopes and acknowledgments.

36. On arrival in the Office of Issue, the envelopes will be opened and the acknowledgments contained in each envelope will be checked with the registered number of the money-order. The envelopes will then be destroyed. The acknowledgments will then be stamped with the Money-order stamp, and be sorted for distribution to postmen and village postmen. The numbers of all acknowledgments given to each postman and village postman will be detailed separately by the Money-order Clerk, Sub or Branch Postmaster in the postman's book or the village postman's register, the entries being repeated as often as the acknowledgments are given out for delivery.

Delivery of acknowledgments.

37. The postman or village postman will obtain the remitter's signature or mark when delivering each acknowledgment in the postman's book or the village postman's register.

Non-delivery and disposal of acknowledgments.

38. Acknowledgments which cannot be delivered in consequence of the remitter not being found will be returned by the postman or village postman to the Money-order clerk, Sub-Postmaster, or Branch Postmaster as the case may be, who will sign for them in the Postman's Book or Village Postman's Register.

Undelivered acknowledgments.

39. Undelivered acknowledgments will be kept in the Office of Issue (if a Head Office) for a period of 12 months, and, if still unclaimed, will be destroyed.

40. In Sub-Offices and Branch Offices undelivered acknowledgments will be retained for a period of three months, and, if still unclaimed, will be forwarded to the Head Office under a Postal Service registered cover. Such acknowledgments will be kept in the Head Office for a further period of nine months, and, if then still on hand, will be destroyed.

Responsibility of Post-office for delivery of acknowledgments

41. Postmasters, Sub-Postmasters, and Branch Postmasters of the Offices of Issue will be responsible that acknowledgments are delivered to remitters of Revenue Money Orders without any unnecessary delay and free of charge. Enquiries as to the punctual and free delivery of acknowledgments should be made from time to time from zamindars who may call at the Post Office to have Revenue Money-orders issued.

Remitter to examine acknowledgments.

42. Remitters of Revenue Money-orders should be advised to examine carefully their acknowledgments for the money-orders, in case there should be any red ink note by the Collectorate calling for further particulars, or indicating a doubt as to whether a remittance has been correctly credited according to the intentions of the remitter.

ENGINEER DEPARTMENT.

SESSION 1905-1906.

CANDIDATES for admission to the Engineer Department should apply to the Principal in the prescribed form on or before the 15th May 1905. Each application must be accompanied by a registration fee of Re. 1.

The session begins on Monday, the 5th June 1905.

Candidates must furnish proof that they have passed one of the following tests:—

(1) The B.A. Examination in the B course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.
(2) The F.A. Examination of the Calcutta and Madras Universities.
(3) The Intermediate Examination of Allahabad and Punjab Universities.
(4) The Intermediate Examination for the degree of B.A. of Bombay University.
(5) The High School Examination for Europeans and Eurasians.

The candidate's age in (2), (3), (4) and (5) must be under 21 years.

In selecting candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F.A. Examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students to the Engineer class is Rs. 10 a month for each month of the year, vacation included.

Ten scholarships will be awarded to students entering the Engineer Department not being already holders of junior or senior scholarships. Two of these will be reserved for

Europeans and Eurasians. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Form of application for admission and any further particulars will be supplied upon application.

CANDIDATES for admission to the Apprentice Department should apply to the Principal in the prescribed form on or before the 6th May 1905. Each application must be accompanied by a registration fee of Re. 1.

The session begins on Monday, the 5th June 1905. Candidates must furnish proof that they have passed one of the following tests:—

(1) Standard VII or Middle School Examination of the Code of European Schools.
(2) University Entrance Examination.

The candidate's age must be at least fifteen and not more than seventeen years.

There are forty-five vacancies for natives and nine for Europeans and Eurasians. The selection of candidates for admission will be made by the Principal.

There is one vacancy on the free list for Christian Apprentices in June next and there are three on the reduced fee list. For natives there are five vacancies on the reduced fee list, and six more will become vacant during the month of June. Election to these lists will be made by the Board of Visitors. Forms to be filled up for the consideration of the Board can be had on application to the Principal.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Before an applicant is admitted to the College his parent or guardian must sign an agreement in the prescribed form.

All applications from Christian candidates for admission to the free or reduced fee lists must reach the Principal not later than 6th May, so as to enable the elections to be made by the Board of Visitors before the opening of the session.

The vacancies on the native list will be filled up after the opening of the session from those apprentices who have joined the College after admission. Forms of application for admission and further particulars will be supplied on application.

NOTIFICATION.

CUSTOMS.

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Dated Calcutta, the 18th April 1905.

IN supersession of the Notification, dated the 3rd January 1893, published in Part I, page 71, of the *Calcutta Gazette* of the 25th idem, it is hereby notified to all whom it may concern, under the provisions of secs. 9 and 72 of the Sea Customs Act, 1878, that the Collector of Customs, Chittagong, is ordinarily prohibited from granting permission to work cargo in sea-going vessels on Sundays. He shall, however, give written permission in the following cases:—

I. When the application to work is supported by a declaration in a prescribed form signed by the owner or agent of the vessel, certifying that the permission is absolutely necessary to enable the vessel to leave the port owing to the state of the river or to the condition of the weather.

II. When the application is made on grounds of special urgency, provided the Collector of Customs is satisfied that such grounds are sufficient.

III. When a vessel is a mail or regular steamer which calls at the port at fixed intervals.

IV. When the vessel is a native brig on which no European is employed.

V. When the application is made to discharge or load live-stock, ship's stores, ballast or coal for the ship's use.

2. These orders do not modify the existing orders under which a fee of Rs. 6 is charged for the services of the Inspector and Preventive Officer, or the orders contained in the Resolution of Government, in the Financial Department, dated the 24th September 1888, under which a fee of Rs. 100 is payable on Christmas Day, Good Friday, the King's Birthday and the 1st of January, in addition to the ordinary fee for the Inspector and the Preventive Officer.

By order of the Board of Revenue, L. P.,

H. F. SAMMAN,

Offg. Secretary.

Manbhum.

No. 383T.R.—The 27th April 1905.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Tetturia north siding and the Jumoni Branch of the East Indian Railway, in district Manbhum, and whereas coal-mines are situate under the said land, and whereas the Tetturia Coal Syndicate through their agents Messrs. Milne and Company have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the mines in question, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Tetturia Coal Syndicate have agreed not to work and get minerals underlying the land acquired for their siding or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Tetturia Coal Syndicate, in the manner and subject to the restrictions below specified, viz.:—

The galleries be driven not more than 10 feet wide and any convenient height with centres not less than 60 feet apart forming pillars not less than 50 feet square.

No coal be worked nor galleries driven where the distance from the top of the seam to the surface of the acquired land is less than 50 feet.

A plan marked L. A. M. A. No. 32, signed by the Chief Inspector of Mines in India on which are carefully recorded the present workings of the mine in question, may be seen in his office.

SESSION 1905-1906.

CANDIDATES for admission to the Engineer Department should apply to the Principal in the prescribed form on or before the 15th May 1905. Each application must be accompanied by a registration fee of Re. 1.

The session begins on Monday, the 5th June 1905.

Candidates must furnish proof that they have passed one of the following tests:—

(1) The B.A. Examination in the B course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.
(2) The F.A. Examination of the Calcutta and Madras Universities.
(3) The Intermediate Examination of Allahabad and Punjab Universities.
(4) The Intermediate Examination for the degree of B.A. of Bombay University.
(5) The High School Examination for Europeans and Eurasians.

The candidate's age in (2), (3), (4) and (5) must be under 21 years.

In selecting candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F.A. Examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students to the Engineer class is Rs. 10 a month for each month of the year, vacation included.

Ten scholarships will be awarded to students entering the Engineer Department not being already holders of junior or senior scholarships. Two of these will be reserved for

Europeans and Eurasians. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Form of application for admission and any further particulars will be supplied upon application.

Pabna.

No. 537T.R.—The 3rd May 1905.—Whereas a survey and the preparation of a record-of-rights are calculated to settle serious disputes existing between the landlord and the tenants of mauzas Shambhudia, Pakutia, Ghusuria, Deldarpur, Armasuka, accretion to mauza Agsimulia, including mauza Singuli, appertaining to tauzi Nos. 1739, 1740, 1829, 1830 and mauza Hizalia, appertaining to tauzi No. 1835, in the district of Pabna :—

In exercise of the powers conferred upon him by section 101 (2) (*b*) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to direct that a survey shall be made and a record-of-rights prepared in respect of all lands situated within the boundaries of the said mauzas.

The particulars to be recorded in the survey and record-of-rights shall be the following :—

(*a*) the name of each tenant or occupant;
(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
(*c*) the situation, quantity and one or more of the boundaries of the land held by each tenant or occupier;
(*d*) the name of each tenant's landlord;
(*e*) the money-rent payable at the time the record-of-rights is being prepared; or if a produce-rent, the fact that produce-rent is paid, and the customary terms according to which such rent is paid;
(*f*) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;
(*g*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(*h*) the special conditions and incidents, if any, of the tenancy;
(*i*) if the land is claimed to be held rent-free—whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;
(*j*) the name of each proprietor, including rent-free owner, with the character and extent of his interest, and the situation, quantity, and one or more of the boundaries of the proprietor's private lands as defined in Chapter XI of the Act;
(*k*) the customs of the villages regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

Bhagalpur.

No. 538T.R.—The 3rd May 1905.—Whereas a survey is being made and a record-of-rights is being prepared in respect of lands in the district of Bhagalpur (North):

In exercise of the powers conferred upon him by section 101 (1) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to direct, in continuation of Government Notifications No. 255L.R., dated the 19th January 1903 (as modified by Government Notification No. 1116L.R., dated the 27th February 1903, published at page 285, Part I, of the *Calcutta Gazette* of the 4th March 1903) and No. 1925L.R., dated the 6th April 1903, published at pages 43-44 and 420, Part I, of the *Calcutta Gazette* of the 21st January and 8th April 1903, respectively, that a survey shall be made and a record-of-rights prepared in respect of the lands referred to in the list herein below appended, in the district of Bhagalpur, which were excluded from the survey and settlement operations ordered in the Government Notifications referred to above as being comprised within the Srinagar-Banaili Raj estates previously surveyed and settled and which are now found to belong to other properties.

The particulars to be recorded in the survey and record-of-rights shall be the following :—

(*a*) the name of each tenant or occupant;
(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat, or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;

(c) the situation, quantity and one or more of the boundaries of the land held by each tenant or occupier;
(d) the name of each tenant's landlord;
(e) the money-rent payable at the time the record-of-rights is being prepared; or if a produce-rent, the fact that a produce-rent is paid and the customary terms according to which such rent is paid;
(f) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;
(g) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(h) the special conditions and incidents, if any, of the tenancy;
(i) if the land is claimed to be held rent-free, whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;
(j) the name of each proprietor, with the character and extent of his interest, and the situation, quantity and one or more of the boundaries of the proprietor's private lands, as defined in Chapter XI of the Act;
(k) the custom of the village regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

D. J. MACPHERSON, *Commissioner.*

COMMR.'S OFFICE, BHAGALPUR DIVN., *the 5th May 1905.*

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 3rd and 4th July 1905, at 10-30 A.M., both days :—

SUBJECTS.

		Full marks.	Minimum pass marks
Writing (neatness, clearness, and rapidity)	...	100	50
Dictation (spelling, punctuation, etc.) ...	...	100	50
Arithmetic (the whole)	.	240	160
Mensuration (a) the whole	...	60	30
Book-keeping (b) mercantile	...	100	50
Total	...	600	

Minimum required in all papers collectively, 400.

(a) Todhunter's Mensuration for Beginners.
(b) "Book-keeping," by Ball and Hamilton.
"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned :—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior, under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examination body in reference to admission to the fourth grade of Accountants, Public Works Department.

9. Candidates for the fourth grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

SIBPUR,
The 5th May 1905.

A. MACDONELL,
Offg. Principal, Civil Engineering College.

DACCA SCHOOL OF ENGINEERING.

1. Candidates for admission into the Overseer Branch of the Dacca School of Engineering are to submit their applications to the Principal, Dacca College, through their *bonâ fide* guardians on or before the 27th May next.

2. Candidates for admission must have passed the University Entrance Examination or standard VII of the Code for European Schools.

3. The selected candidates are to join on the second Monday in June.

4. The following particulars must be stated in the application:—

(*a*) Name, address and occupation of father or guardian.
(*b*) Race and Religion.
(*c*) Age of the candidate.

5. Each candidate must produce a medical certificate of good and sound health from an Assistant Surgeon at the time of admission and a certificate of good moral character from the Head of the institution from which he comes.

DACCA COLLEGE,

V. H. JACKSON,

Asst. Director of Public Instruction, Bengal, in charge.

RULES OF THE GOVERNMENT CUTTACK SURVEY SCHOOL.

I.—The school is under the general supervision of the Principal of the Ravenshaw College.

II.—The number of admissions to the first year class of each year is limited to 50, of whom only 20 can be other than Uriyas or Bengalis domiciled in Orissa; but should the number of eligible Uriya (or domiciled Bengali) candidates fall below 30, the vacancies thus occurring can be given to non-Uriya candidates.

III.—The session usually begins in the last week of June. All applications for admission should be made to the Principal of the Ravenshaw College on or before the 15th June previous to the commencement of the session, and should furnish the following particulars:—

(*a*) Name, address and occupation of father and guardian.
(*b*) Race and religion.
(*c*) Age of the candidate (which must not exceed 20 years).

IV.—Candidates for admission must submit satisfactory evidence that they have read up to the first class of a High English School or, in the case of Uriya (or domiciled Bengali) candidates, have at least passed the Middle English Examination or have passed the annual examination of the 5th class of a High School.

V.—Each candidate must produce at the time of admission a certificate showing good moral character, and also a medical certificate of good and sound health from an Assistant Surgeon.

VI.—No student who fails to pass the final examination of a Survey School or does not bring a transfer certificate under the ordinary transfer rules will be permitted to join the second year class after the 31st July.

VII.—The admission fee is rupee one and the monthly fee rupee one, but Government scholars receive free tuition.

VIII.—There are six Government scholarships, which are awarded each year to the best Uriya students and domiciled Bengalis permanently settled in Orissa only on the results of the annual examination of the first year class.

IX.—The course of study in the school extends over two years, and the students are required to attend at least 75 per cent. of the working days.*

X.—The successful students at the annual examination of the first year class are usually promoted to the second year class; but those who wish may, at their option, leave the school with an amin certificate from the Head-master of the school. The successful students of the final survey standard examination receive certificates from the Director of Public Instruction, Bengal.

DARJEELING,
The 29th April 1905.

V. H. JACKSON,
Assistant Director of Public Instruction,
Bengal, in charge.

BIHAR SCHOOL OF ENGINEERING.

Prospectus for Admission.

THIS School is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Royal Highness the Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The School was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (viz., natives of the United Provinces, Central Provinces or Bengalis); but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, then the vacancies thus occurring can be given to those applicants who are natives of the United Provinces, Central Provinces, or Bengalis domiciled in Bihar or non-domiciled Bengalis.

As far as accommodation is available, students who have passed the final *B* class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference, again, being given to Biharis and domiciled Bengalis.

3. The School, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of Elementary Mathematics.
(2) Careful training in Survey work.
(3) Drawing, both Free-hand and Engineering.
(4) Elements of road-making and the construction of simple buildings.
(5) Workshop practice, with hand tools and with machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this School, who must be a Bihari by race.

4. The next session will commence on 3rd July 1905.

5 In the Overseer Department, which corresponds to the Apprentice Department of the Shibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable for one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the School, 75 per cent. of them are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below :—

(1) The Entrance examination of an Indian University in English and Mathematics.
(2) Standard VII of the Code of European Schools.
(3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 5th and 6th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

(a) Name, address, and occupation of father or guardian.
(b) Race and religion, and *evidence to show that he is either a Bihari or a native of the United Provinces or Central Provinces or a domiciled Bengali or a non-domiciled Bengali.*
(c) A certificate of good moral character.
(d) An attested certificate of age (showing that he is under 20 years of age).
(e) A medical certificate showing him to be fit for employment in the public service.
(f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certifiate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught Elementary Surveying with a corresponding amount of Mathematics and of Geometrical Drawing. He will not be admitted to the Workshop. A student in the first-year class of the Overseer Department who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of Elementary Surveying and the other subjects taught in the Amin class may, at his option, leave the School with an Amin certificate.

Candidates for Amin class who have not passed the Middle English or Middle Vernacular examination will be examined at the School on the 7th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 3rd July 1905, unless application for admission is made before 30th June 1905.

10. Every candidate for admission to the School must bring a certificate of good character from the Head of the institution from which he has come.

11. All candidates for admission to the School should present themselves personally at the School on the 3rd July.

BANKIPORE,
The 14th February 1905.

H. R. JAMES,
Offg. Principal, Patna College.

NOTE.—There is a hostel in connection with the School which will be opened in July 1905.

P. K. RAY,
Offg. Principal, Presidency College.

PRESIDENCY COLLEGE, CALCUTTA, *the 8th March 1905.*

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 3rd and 4th July 1905, at 10-30 A.M., both days :—

SUBJECTS.	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole)	240	160
Mensuration (a) the whole	60	30
Book-keeping (b) mercantile	100	50
Total ...	600	

Minimum required in all papers collectively, 400.

(a) Todhunter's Mensuration for Beginners.
(b) "Book-keeping," by Ball and Hamilton.
"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned :—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior, under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examination body in reference to admission to the fourth grade of Accountants, Public Works Department.

9. Candidates for the fourth grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 843T.R.—The 22nd May 1905.—In exercise of the powers conferred by sections 41 and 42 of the Indian Forest Act, VII of 1878, as amended by Act V of 1890, and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor of Bengal is pleased to make the following rules to regulate the transit of timber in the Alipur subdivision of the Jalpaiguri district:—

Jalpaiguri.

I. *Definition.*—For the purposes of these rules "timber" means all pieces of sâl or sissu, sawn or in the rough, which are at the same time over twelve inches in girth and five feet in length.

II. No timber may be transported along the Buxa Alipur, Phalakata Alipur, or Haldibari Alipur Roads or along any other public road or any stream or river leading into Alipur Duar, unless it is covered by a pass issued by one of the officers mentioned in rule III of these rules, and specifying—

(a) the name of the owner of the timber;
(b) the number of pieces of timber, with their dimensions and descriptions;
(c) the mark or marks on the timber; and
(d) the date up to which the certificate will remain in force.

III Passes may be obtained free of charge on application to—

(1) the Forest Revenue Station Officer at Rajabhatkhawa;
(2) the Borojhar Range Officer at Chilapata;
(3) the Haldibari Range Officer at Kumargram; or
(4) the Officer in charge of the Buxa Forest Division.

Any of the said officers on receiving an application for a pass may refuse to issue a pass till he has examined the timber for which it is required and has satisfied himself that the Forest Department has no claim, or no further claim, to any royalty or fees on account of the timber.

IV. Every person taking out such a pass shall, unless specially exempted in writing by the officer in charge of the Buxa Forest Division, convey the timber mentioned in the pass to Alipur Duar within the period for which the pass is issued, and shall, on his arrival in Alipur Duar, present the timber for examination at the Alipur Duar Forest Checking Station, and shall deliver up his pass to the officer in charge of that checking station.

V. *Penalty.*—Any person infringing any provision of these rules shall be punished with simple imprisonment for a term which may extend to one month, or with fine which may extend to Rs. 500, or with both.

No. 743T.R.—The 14th May 1905.—Maulvi Shamsuddin Haidar, Deputy Collector, is appointed to discharge the functions of a Collector, under sections 40, 69 and 70 of the Bengal Tenancy Act, VIII of 1885, in the district of Gaya.

Allanson, I.C.S., Settlement Officer of the Sonthal Parganas, with the powers of a Deputy Commissioner for the purposes of section 25 of the said Regulation.

Sonthal Parganas.

NOTIFICATION.

No. 846T.R., dated 22nd May 1905.—The following rules of the Postal Department relating to rent money-orders are published for general information :—

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

RULES RELATING TO RENT MONEY-ORDERS.

PART I.

The form of rent money-order.

1. The rent money-order form is divided into three parts, viz :—

(*a*) The money-order.
(*b*) The acknowledgement. (This is the tenant's receipt.)
(*c*) The coupon. (This is the counterfoil of landlord's portion of the receipt.).

2. Part (*a*) requires no description, as it is exactly like the corresponding portion of the ordinary inland money-order form Part (*b*) is much larger than the acknowledgement of an ordinary money-order form. On one side of this part are printed headings to provide for the entry of full particulars of the remittance, and on the other side are spaces for the name and address of the remitter. Part (*c*) is the same size as the acknowledgement, and contains the same headings as part (*d*). On the back of part (*c*) are special instructions relating to rent money-orders.

3. This form is to be used for rent money-orders only and for no other purpose.

4. Forms of rent money-order should be freely distributed among the rent-paying classes, and every facility should be given to tenants to obtain these forms.

5. Every postmaster, sub-postmaster and branch postmaster will be personally responsible that a sufficient supply of rent money-order forms is always available in his office. In case of emergency, supplies may be obtained by telegraph direct from the stock depôt. Divisional Superintendents and Inspectors, when visiting offices, will see that a sufficient supply of rent money-order forms is available, and mention the fact in their inspection reports.

PART II.

Issue of rent money-orders.

6. Rent money-orders are issued from all head, sub and branch post-offices under the rules which govern the issue of ordinary inland money-orders, provided they are prepared in the prescribed form and are payable in districts in the lower provinces of Bengal in which the Bengal Tenancy Act is in force *or any other districts to which the Local Government may, from time to time, extend the provisions of the said Act. The following rules contain additional instructions which relate specially to the issue of rent money-orders.

Rangpur.	Champaran.	Shahabad.
Bogra.	Darbhanga.	Tippera.
Pabna.	Gaya.	Chittagong.
24-Parganas.	Malda.	

NOTE.—Rent due on Government land may be remitted by rent money-order.

7. The rule prohibiting the inclusion of pies (fractions of an anna in the amount of an ordinary money-order does not apply to rent money-orders, which may contain any fraction of an anna not less than one pie.

NOTE.—The sub items which go to make up the *total* of the rent money-order may contain fractions of a pie.

8. There must be a separate money-order for each tenure or holding. Rent for two tenures or holdings may not be sent by one money-order.

9. The office of issue, when requested to do so, will help the remitter to make the requisite entries, and, if necessary, will make entries for him in the form of rent money-order; but no fee or any gratification for this service may be demanded or accepted, either directly or indirectly, by any official of the Postal Department.

10. Persons remitting money by rent money-orders should be informed that unless they have received special instructions from the landlord on the subject, they should make the orders payable to the landlord, or to his agent, or to the manager (if one has been appointed), according as the rent has previously been paid to the landlord, or to his agent, or to a manager. The name of the payee must in each case be entered on the money-order. In the absence of special instructions from the landlord, a rent money-order should always be made payable at the place at which the tenant has previously paid rent. If the rent has previously been collected in the tenant's village by an agent whose office is not in the village, the money-order should be made payable at the agent's permanent office, or at such other place as the landlord may appoint.

11. The office of issue is responsible that no rent money-order is issued of which the coupon and acknowledgement are blank, or are not completely filled up. The post-office has no means of ascertaining the correctness of the information supplied by the remitter; all that is necessary is that the postmaster or money-order clerk should see that entries are made against every heading in the coupon and acknowledgement. No rent money-order may be acepted for issue in which there is any erasure or correction in the name or month or year of the kist for which a remittance is made. If the remitter wishes to make any alteration, or tenders a money-order in which there is any alteration or erasure in the entry of the name or month or year of the kist, he must be instructed to fill up a fresh money order. When a rent money-order with deficient entries on the coupon, or no entry at all is presented for issue, the issuing postmaster should point out the omissions and help the remitter to the best of his power to supply them.

12. The office of issue must also see that no entry is made by the remitter beyond the entries provided for in the form of rent money-order. In some cases the tenant enters the annual rent or the area or the nature of his holding. Such entries are not provided for in the form, and were intentionally not provided for and should not be allowed. If a remitter tenders a rent money-order containing any entry for which the form does not provide, the postmaster or money-order clerk should refuse to accept the form and should ask the remitter to fill up another form. Under rule 9 the postmaster or money-order clerk will, if requested to do so, help the remitter to fill up a fresh form correctly.

13. The word "rent" should be written before the number of every rent money-order, and this mode of distinguishing rent money-orders should be adopted whenever the number is entered. The number assigned to a rent money-order by the head office or sub-office of issue will also be entered at the top of the acknowledgement and coupon by the money-order clerk of the head office or the sub-postmaster of the sub-office of issue, as the case may be.

14. One line of the return of rent money-orders issued (Form 2—Rent) should be filled in by every head and sub-office at the close of each day. On the 1st of the following month the return should be totalled and sent to the head-postmaster. The head-postmaster will compile a general return (Form 3—Rent) and submit it to the Postmaster-General not later than the 10th of the month following that to which it relates. Branch offices will not submit any returns, as rent money-orders issued from such offices will be included in the returns of their account offices.

PART III.

Payment of rent money-orders.

15. Before a rent money-order is made over to the postman for payment, the money-order clerk or postmaster of the office of payment will carefully examine the name or month and the year of the kist entered in the coupon and acknowledgement, and satisfy himself they have been clearly entered and bear no marks of erasure or correction.

16. If the examination prescribed in rule 15 shows any discrepancy or alteration in the entries of the kists in the coupon and the acknowledgement, the money-order must not be paid to the payee, but should be returned to the office of issue for repayment to the remitter with the following certificate endorsed in red ink by the postmaster of the office of payment across the acknowledgement :—"Entry of kist defective : returned for payment to remitter—(*signature*) postmaster." The office of payment will at the same time note the error in the error book, and send a copy of the entry to the Superintendent in whose jurisdiction the office of issue is situated, in order that the official in fault may be punished.

17. On receipt of the copy of the entry in the error book, the Superintendent will take such action as appears to him suitable, having regard to the special instructions to offices of issue in rule 11 of these rules.

18. A rent money-order should always be paid at the landlord's office at the place of payment entered in the money-order. If the money-order is drawn out as payable to the landlord himself, payment may be made to him or to any person authorized by him in writing to act as his agent, or to receive payment of money-orders in his favour. If the money-order is drawn out as payable to two or more joint landlords, the receipt and acknowledgement must be signed by both or all of the landlords, or by an agent authorized in writing by both or all of the landlords. If the money-order is drawn out as payable to an agent or manager, payment may only be made to the payee named and not to any one else. In making over money to postmen for payment of rent money-orders, the postmaster of the office of payment must observe the limit fixed for the amount to be entrusted at one time to a single postman or village postman. The date stamp of the office of payment should be impressed on the reverse of the acknowledgements just before the money-orders are given to the postmen for payment.

NOTE.—Rent money-orders in favour of a District Officer, Subdivisional Officer, Certificate Officer or other Gazetted officer of Government (excepting the Khas Tahsildars, Tahsildars and Managers who are Deputy or Sub-Deputy Collectors), should be paid not in cash but by book transfer under the rules contained in Part II of the "Rules relating to money-orders in favour of Government or local bodies entitled to bank at treasuries or sub treasuries."

19. In all other respects rent money-orders will be dealt with in the office of payment exactly like ordinary inland money-orders.

20. One line of the return of rent money-orders paid and refused (Form 4—Rent) should be filled in by every head and sub-office at the close of each day. On the 1st of the following month the return should be totalled and sent to the head-postmaster. The head-postmaster will compile a general return (Form 5—Rent) and submit it to the Postmaster-General not later than the 10th of the month following that to which it relates. Branch offices will not submit any returns. The rent money-orders paid by branch offices will be included in the returns of their account offices. All rent money-orders paid, whether paid to the original payees in cash or by book transfer or repaid to the remitters, are to be shown in these forms under "Rent money-orders paid."

PART IV.

Disposal of Rent Money-orders not accepted by the payee.

21. If a rent money-order is refused by the payee, the postmaster of the office of payment will certify in red ink across both the coupon and acknowledgement that the payee has declined

to receive payment. This certificate must always be recorded on refused rent money-orders whether the payee has or has not noted his refusal in writing, and the certificate will be signed by the postmaster. The postman who presented the order with the amount thereof to the payee will write his name and the date of presentation under the postmaster's signature. This certificate will be recorded in the form given below. The refused money-order will then be treated in the usual way and returned to the office of issue (with the coupon stitched to it) for repayment to the remitter. The coupon will be made over to the remitter (tenant) when the amount of the order is repaid to him. The acknowledgement will, when the office of payment is a head office, be retained in that office. In the case of any other office of payment, the acknowledgement for a refused money-order will be retained by that office until the 1st of the following month, when it will be attached to the return of rent money-orders paid and refused, and be forwarded to the head office. The acknowledgements relating to refused money-orders will be filed in monthly bundles in the head office and should be kept in the post-office safe. The postmaster will be responsible for their safe custody for three years from the last day of the agricultural year in which the money-orders were issued. On the expiry of the three years the acknowledgements should be destroyed.

22. In all other respects refused rent money-orders will be dealt with exactly like ordinary inland refused money-orders.

PART V.

Disposal of Rent Money-order Acknowledgements.

N.B.—The rules in this part apply to all acknowledgements pertaining to rent money-orders whether paid in cash or by book transfer.

23. The acknowledgements appertaining to paid rent money-orders will, if they are to be delivered from the head office of payment, be made over to the postmen or village postmen at the next delivery and be dealt with as prescribed in rule 25. The acknowledgement portion of rent money-orders paid by sub and branch offices should not be cut off by the actual office of payment, but the paid money-orders should be forwarded with the acknowledgements attached to them to the head office of payment. It is not, therefore, necessary for sub and branch offices to keep the form 'Rent 6' (book of rent money-order acknowledgements returned). This form should be maintained only in head offices, and acknowledgements to be delivered from any office other than the head office of payment should be sent to it in rent-acknowledgement envelopes (Rent 8) duly entered in registered lists.

24. Head and sub-offices should keep the Form 'Rent 7' (book of rent money-order acknowledgements delivered). The acknowledgements of all rent money-orders to be delivered from a branch office should be sent by the head office of payment to the account office of the branch office. These acknowledgements should be detailed by the account office in the special book of rent money-order acknowledgements delivered (Form Rent 7), and be forwarded by the account office to the branch office entered on the reverse of the branch office daily account. The branch postmaster will note the numbers of the acknowledgements in the branch office journal, obtain the postman or village postman's signature against each entry, and then hand over the acknowledgements to the postman or village postman for delivery or deliver the acknowledgements himself in the case of offices in which the delivery work is performed by the branch postmaster.

25. The postman or village postman will enter the acknowledgements in detail in his book or register as the case may be, and will obtain the remitter's signature or mark therein when delivering each acknowledgement.

26 Acknowledgements appertaining to rent money-orders, the remitters of which have removed beyond the delivery range of the original office of issue, will be forwarded direct to the remitters at their new addresses (if known) enclosed in postal service registered covers.

27. Acknowledgements which cannot be delivered in consequence of the remitters not being found will be returned by the postman or village postman to the postmaster or money-order clerk (as the case may be), who will sign for them in the postman's book or village postman's register.

28. Undelivered acknowledgements will be kept in the office of issue (if a head office), for a period of six months, and, if still unclaimed, will be forwarded under a postal service registered cover to the Postmaster-General.

29. In sub and branch offices undelivered acknowledgements will be retained for a period of ten days, and, if still unclaimed, will be forwarded to the head office under a postal service registered cover. Such acknowledgements will be kept in the head office for a further period of six months, and, if still undelivered, will be forwarded under a postal service registered cover to the Postmaster-General.

30. A rent money-order acknowledgement received by the Postmaster-General under the provisions of the two preceding paragraphs will be kept by him for a period of three years from the last day of the agricultural year in which the money-order was issued and, if not claimed within that period, will be destroyed.

31. Postmasters, sub-postmasters and branch postmasters of offices of issue will be responsible that acknowledgements are delivered to remitters of rent money-orders without any unnecessary delay and *free of charge*. It will be useful to make enquiries as to the punctual and free delivery of acknowledgements from tenants who may call at post-offices to have rent money-orders issued.

32. Void rent money-orders are to be dealt with in accordance with rules 653, 654 and 655 of the Post-office Manual, volume I, 8th edition, and rules 505, 506 and 507 of the Post-office Manual, volume II, 6th edition.

RULES OF THE GOVERNMENT CUTTACK SURVEY SCHOOL.

I.—The school is under the general supervision of the Principal of the Ravenshaw College.

II.—The number of admissions to the first year class of each year is limited to 50, of whom only 20 can be other than Uriyas or Bengalis domiciled in Orissa; but should the number of eligible Uriya (or domiciled Bengali) candidates fall below 30, the vacancies thus occurring can be given to non-Uriya candidates.

III.—The session usually begins in the last week of June. All applications for admission should be made to the Principal of the Ravenshaw College on or before the 15th June previous to the commencement of the session, and should furnish the following particulars:—

(a) Name, address and occupation of father and guardian.
(b) Race and religion
(c) Age of the candidate (which must not exceed 20 years).

IV.—Candidates for admission must submit satisfactory evidence that they have read up to the first class of a High English School or, in the case of Uriya (or domiciled Bengali) candidates, have at least passed the Middle English Examination or have passed the annual examination of the 5th class of a High School.

V.—Each candidate must produce at the time of admission a certificate showing good moral character, and also a medical certificate of good and sound health from an Assistant Surgeon.

VI.—No student who fails to pass the final examination of a Survey School or does not bring a transfer certificate under the ordinary transfer rules will be permitted to join the second year class after the 31st July.

VII.—The admission fee is rupee one and the monthly fee rupee one, but Government scholars receive free tuition.

VIII.—There are six Government scholarships, which are awarded each year to the best Uriya students and domiciled Bengalis permanently settled in Orissa only on the results of the annual examination of the first year class.

IX.—The course of study in the school extends over two years, and the students are required to attend at least 75 per cent. of the working days.*

X.—The successful students at the annual examination of the first year class are usually promoted to the second year class; but those who wish may, at their option, leave the school with an amin certificate from the Head-master of the school. The successful students of the final survey standard examination receive certificates from the Director of Public Instruction, Bengal.

PRESY. COLLEGE, CALCUTTA, *the 15th May 1905*

BIHAR SCHOOL OF ENGINEERING.

Prospectus for Admission.

THIS School is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Royal Highness the Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The School was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (viz., natives of the United Provinces, Central Provinces or Bengalis); but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, then the vacancies thus occurring can be given to those applicants who are natives of the United Provinces, Central Provinces, or Bengalis domiciled in Bihar or non-domiciled Bengalis.

As far as accommodation is available, students who have passed the final *B* class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference, again, being given to Biharis and domiciled Bengalis.

3. The School, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

(1) A sound study of Elementary Mathematics.
(2) Careful training in Survey work.
(3) Drawing, both Free-hand and Engineering.
(4) Elements of road-making and the construction of simple buildings.
(5) Workshop practice, with hand tools and with machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this School, who must be a Bihari by race.

4. The next session will commence on 3rd July 1905.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Shibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Rs 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable for one year, are awarded each year on the results of the annual examinations, *eight* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the School, 75 per cent. of them are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

(1) The Entrance examination of an Indian University in English and Mathematics.
(2) Standard VII of the Code of European Schools.
(3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 5th and 6th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

(*a*) Name, address, and occupation of father or guardian.
(*b*) Race and religion, and *evidence to show that he is either a Bihari or a native of the United Provinces or Central Provinces or a domiciled Bengali or a non-domiciled Bengali.*
(*c*) A certificate of good moral character.
(*d*) An attested certificate of age (showing that he is under 20 years of age).
(*e*) A medical certificate showing him to be fit for employment in the public service.
(*f*) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught Elementary Surveying with a corresponding amount of Mathematics and of Geometrical Drawing. He will not be admitted to the Workshop. A student in the first-year class of the Overseer Department who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of Elementary Surveying and the other subjects taught in the Amin class may, at his option, leave the School with an Amin certificate.

Candidates for Amin class who have not passed the Middle English or Middle Vernacular examination will be examined at the School on the 7th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 3rd July 1905, unless application for admission is made before 30th June 1905.

10. Every candidate for admission to the School must bring a certificate of good character from the Head of the institution from which he has come.

11. All candidates for admission to the School should present themselves personally at the School on the 3rd July.

BANKIPORE, The 14th February 1905.

H. R. JAMES,
Offg. Principal, Patna College.

NOTE.—There is a hostel in connection with the School which will be opened in July 1905.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 3rd and 4th July 1905, at 10-30 A.M., both days :—

SUBJECTS.	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole)	240	160
Mensuration (a) the whole	60	30
Book-keeping (b) mercantile	100	50
Total	600	

Minimum required in all papers collectively, 400.

(a) Todhunter's Mensuration for Beginners.
(b) "Book-keeping," by Ball and Hamilton.
"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed ; but the officer who will conduct the examination may make his own arrangements, in regard to the *place* and *hour* of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it ; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned :—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior, under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examination body in reference to admission to the fourth grade of Accountants, Public Works Department.

9. Candidates for the fourth grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.
